## **The Visible And The Invisible The Visible And The Invisible:**

**The Visible and the Invisible** Maurice Merleau-Ponty, 1968 The Visible and the Invisible contains the unfinished manuscript and working notes of the book Merleau Ponty was writing when he died The text is devoted to a critical examination of Kantian Husserlian Bergsonian and Sartrean method followed by the extraordinary The Intertwining The Chiasm that reveals the central pattern of Merleau Ponty's own thought The working notes for the book provide the reader with a truly exciting insight into the mind of the philosopher at work as he refines and develops new pivotal concepts **The Visible and the Invisible** John Baker Dafin, **The Problematic of Merleau-Ponty's The Visible and the Invisible** Michael L. Gillespie, 1974 **The Visible and the Invisible in the Interplay between Philosophy, Literature and Reality** Anna-Teresa Tymieniecka, 2002-03-31 Merleau Ponty's categories of the visible and the invisible are investigated afresh and with originality in this penetrating collection of literary and philosophical inquiries Going beyond the traditional and current references to the mental and the sensory mind and body perceptual content and the abstract ideas conveyed in language etc these studies range from the hidden spheres of reality to the play of the visible and the invisible left as traces in works of human genius the origins of intellect and language the real and the imaginary in literature and the hidden realities in the philosophy of the everyday world These literary and philosophical probings collectively reveal the role of this disjoined conjoined pairing in the ontopoietic establishment of reality that is in the manifestation of the logos of life In tandem they bring to light the hidden play of the visible and the invisible in the emergence of our vital societal intimate intellectual and creative involvements *'Essence' and 'equivalence': Merleau-Ponty's The Visible and the Invisible* Dennis R. practiced in a monological rather than dialogical manner The neighbor has not been regarded as a conversational partner of the church but only as the object for its mission In *Listening to the Neighbor* Lee shows that some local churches have participated in God s mission by listening to their neighbors He argues that listening is not a technique but a multifaceted learning process in missional terms The church must nurture its hearts eyes and ears in order to listen to the sigh of its neighbors
