The War Against Cliché Martin Amis, 2001 **The Animal Fable in Science Fiction and Fantasy** Bruce Shaw, 2010-04-23 Though animal stories and fables stretch back into the antiquity of ancient India Persia Greece and Rome the reasons for writing them and their resonance for readers and listeners remain consistent to the present This work argues that they were essential sources of amusement and instruction and were also often profoundly unsettling Such authors in the realm of the animal fable as Tolkien Freud Voltaire Bakhtin Cordwainer Smith Karel Capek Vladimir Propp and many more are discussed

The Humour of Vladimir Nabokov Paul Benedict Grant, 2024-09-30 The first in depth study of Vladimir Nabokov s humour investigating its physical aspects such as farce slapstick sexual and scatological humour Offers the first in depth study of Nabokov s humour Presents a revisionist reading of Nabokov Examines the metaphysical aspects of Nabokov s humour Examines the sexual and scatological aspects of Nabokov s humour Applies humour theory e g those of Hobbes Bergson Freud to Nabokov s texts Compares Nabokov s humour to that of his Russian predecessors e g Pushkin Gogol Chekhov and to literary humourists such as Rabelais Swift Joyce Many critics classify Vladimir Nabokov as a highbrow humourist a refined wordsmith overly fond of playful puzzles and private in jokes whose art appeals primarily to an intellectually sophisticated readership This study presents a more balanced portrait placing equal emphasis on the broader earthier humour that is such a marked feature of Nabokov s writing which draws on the human body and all things physical for its laughs sex and scatology farce and slapstick Moving between the metaphysical and the physical the cosmic and the comic mind and matter it presents Nabokov as a writer at home in both high and low forms of humour a comedian who is capable of producing as many belly laughs as brainteasers and of appealing to a much wider readership than is commonly supposed

The New Atheist Novel Arthur Bradley, Andrew Tate, 2010-02-11 The New Atheist Novel is the first study of a major new genre of contemporary fiction It examines how Richard Dawkins s so called New Atheism movement has caught the imagination of four eminent modern novelists Ian McEwan Martin Amis Salman Rushdie and Philip Pullman For McEwan and his contemporaries the contemporary novel represents a new front in the ideological war against religion religious fundamentalism and after 9 11 religious terror the novel apparently stands for everything freedom individuality rationality

and even a secular experience of the transcendental that religion seeks to overthrow In this book Bradley and Tate offer a genealogy of the New Atheist Novel where it comes from what needs it serves and most importantly where it may go in the future What is it How does it dramatise the war between belief and non belief To what extent does it represent a genuine ideological alternative to the religious imaginary or does it merely repeat it in secularised form This fascinating study offers an incisive critique of this contemporary testament of literary belief and unbelief **Novel Style** Ben Masters,2017-12-08 We live in a time of linguistic plainness This is the age of the tweet and the internet meme the soundbite the status the slogan Everything reduced to its most basic components Stripped back Pared down Even in the world of literature where we might hope to find some linguistic luxury we are flirting with a recessionary mood Big books abound but rhetorical largesse at the level of the sentence is a shrinking economy There is a prevailing minimalist sensibility in the twenty first century Novel Style is driven by the conviction that elaborate writing opens up unique ways of thinking that are endangered when expression is reduced to its leanest possible forms By re examining the works of essential English stylists of the late twentieth century Anthony Burgess Angela Carter Martin Amis as well as a newer generation of twenty first century stylists Zadie Smith Nicola Barker David Mitchell Ben Masters argues for the ethical power of stylistic flamboyance in fiction and demonstrates how being a stylist and an ethicist are one and the same thing A passionate championing of elaborate writing and close reading Novel Style illuminates what it means to have style and how style can change us Father and Son Gavin Keulks,2004-12-27 An innovative study of two of England s most popular controversial and influential writers Father and Son breaks new ground in examining the relationship between Kingsley Amis and his son Martin Amis Through intertextual readings of their essays and novels Gavin Keulks examines how the Amises work negotiated the boundaries of their personal relationship while claiming territory in the literary debate between mimesis and modernist aesthetics Theirs was a battle over the nature of reality itself a twentieth century realism war conducted by loving family members and rival antithetical writers Keulks argues that the Amises relationship functioned as a source of literary inspiration and that their work illuminates many of the structural and stylistic shifts that have characterized the British novel since 1950 **The Nabokovian** ,2002 *Mental Hygiene* Ray Robertson,2009-10-19 One of today s best young novelists Ray Robertson is also one of its ablest critics Mental Hygiene is a collection of his most entertaining insightful controversial and funniest reviews and essays written over the last five years Believing that writers have a responsibility to help maintain the mental hygiene of their time Robertson following in the footsteps of Mordecai Richler and other novelist critics such as Anthony Burgess Kingsley and Martin Amis and John Updike is at the front line of contemporary literary debate Whether castigating the bland cabal he refers to as McCanlit poking fun at the trendy ephemera of intellectual fashion or arguing for his own unique fictional aesthetic Robertson pulls no punches and suffers no fools *J.G.
