# The Warrior And The Priest Woodrow Wilson And Theodore Roosevelt

**John Milton Cooper, Jr.**

## **The Warrior And The Priest Woodrow Wilson And Theodore Roosevelt:**

**The Warrior and the Priest** John Milton Cooper, 1983 The colossal figures who shaped the politics of industrial America emerge in full scale in this comparative biography In the depth and sophistication of intellect that they brought to politics and in the titanic conflict they waged Roosevelt and Wilson were like Hamilton and Jefferson before them the political architects for an entire century *The Warrior and the Priest. Woodrow Wilson and Theodore Roosevelt* John Milton Cooper (jr), 1983 *"The Warrior and the Priest"* John Milton Cooper, 1981 **Woodrow Wilson** John Milton Cooper, Jr., 2011-04-05 The first major biography of America's twenty eighth president in nearly two decades from one of America's foremost Woodrow Wilson scholars A Democrat who reclaimed the White House after sixteen years of Republican administrations Wilson was a transformative president he helped create the regulatory bodies and legislation that prefigured FDR's New Deal and would prove central to governance through the early twenty first century including the Federal Reserve system and the Clayton Antitrust Act he guided the nation through World War I and although his advocacy in favor of joining the League of Nations proved unsuccessful he nonetheless established a new way of thinking about international relations that would carry America into the United Nations era Yet Wilson also steadfastly resisted progress for civil rights while his attorney general launched an aggressive attack on civil liberties Even as he reminds us of the foundational scope of Wilson's domestic policy achievements John Milton Cooper Jr reshapes our understanding of the man himself his Wilson is warm and gracious not at all the dour puritan of popular imagination As the president of Princeton his encounters with the often rancorous battles of academe prepared him for state and national politics Just two years after he was elected governor of New Jersey Wilson now a leader in the progressive movement won the Democratic presidential nomination and went on to defeat Theodore Roosevelt and William Howard Taft in one of the twentieth century's most memorable presidential elections Ever the professor Wilson relied on the strength of his intellectual convictions and the power of reason to win over the American people John Milton Cooper Jr gives us a vigorous lasting record of Wilson's life and achievements This is a long overdue revelatory portrait of one of our most important presidents particularly resonant now as another president seeks to change the way government relates to the people and regulates the economy **The Presidency of Woodrow Wilson** Kendrick A. Clements, 1992 Describes the goals and accomplishments of the Wilson administration and portrays his strengths as a leader Bibliog **Theodore Roosevelt's Ghost** Michael Patrick Cullinane, 2017-12-11 A century after his death Theodore Roosevelt remains one of the most recognizable figures in U S history with depictions of the president ranging from the brave commander of the Rough Riders to a trailblazing progressive politician and early environmentalist to little more than a caricature of grinning teeth hiding behind a mustache and pince nez Theodore Roosevelt's Ghost follows the continuing shifts and changes in this president's reputation since his unexpected passing in 1919 In the most comprehensive examination of Roosevelt's legacy Michael Patrick Cullinane explores the frequent refashioning of this American icon in

popular memory The immediate aftermath of Roosevelt's death created a groundswell of mourning and goodwill that ensured his place among the great Americans of his generation a stature bolstered by the charitable and political work of his surviving family When Franklin Roosevelt ascended to the presidency he worked to situate himself as the natural heir of Theodore Roosevelt reshaping his distant cousin's legacy to reflect New Deal values of progressivism intervention and patriotism Others retroactively adapted Roosevelt's actions and political record to fit the discourse of social movements from anticommunism to civil rights with varying degrees of success Richard Nixon's frequent invocation led to a decline in Roosevelt's popularity and a corresponding revival effort by scholars endeavoring to give an accurate nuanced picture of the 26th president This wide ranging study reveals how successive generations shaped the public memory of Roosevelt through their depictions of him in memorials political invocations art architecture historical scholarship literature and popular culture Cullinane emphasizes the historical contexts of public memory exploring the means by which different communities worked to construct specific representations of Roosevelt often adapting his legacy to suit the changing needs of the present Theodore Roosevelt's Ghost provides a compelling perspective on the last century of U S history as seen through the myriad interpretations of one of its most famous and indefatigable icons

**Encyclopedia of the American Presidency, Fourth Edition** Michael Genovese, 2021-04-01 Praise for the first edition An altogether excellent introduction to the study of the presidency of the United States Library Journal entries are well written an excellent addition American Reference Books Annual an excellent resource recommended Booklist Highly recommended Choice The most up to date reference of its kind Encyclopedia of the American Presidency Fourth Edition is the definitive guide to the role of the president from the American Revolution through the present day Offering a complete account of the presidency in U S history this A to Z encyclopedia will make a great first stop for students and general readers looking for information on the executive branch of the American government Its comprehensive scope spans the relationship between the executive and the other branches of government court cases elections political opponents scandals and more A valuable resource that provides concise information Encyclopedia of the American Presidency Fourth Edition contains more than 750 entries Entries include Bully pulpit Commander in chief Economic policy Executive privilege Kamala Harris Impeachment Iraq War Thomas Jefferson Middle East Military tribunals New Deal Oval Office Franklin D Roosevelt Situation room Donald Trump Veto power War powers Watergate White House and more

**Theodore Roosevelt and the Art of American Power** William R. Nester, 2019-02-28 Theodore Roosevelt is an American icon his face carved in granite alongside those of Washington Jefferson and Lincoln on Mt Rushmore He is the only American awarded both the Medal of Honor and Nobel Peace Prize As president he pushed through a stubborn Congress to breakup corporate monopolies strangling the economy impose health standards on the food and drug industries and conserve America's natural heritage including the Grand Canyon and Redwood forest He was a brilliant diplomat who ended a war between Japan and Russia and prevented a war between Germany and France He engineered

independence for the province of Panama from Columbia then signed a treaty with the new country that entitled the United States to build run and defend a Panama canal He crusaded for progressive reforms as a New York assemblyman U S civil service commissioner New York City police commissioner and New York governor He led scientific expeditions across East Africa s savanna and Brazil s rainforest During the war with Spain he raised a cavalry regiment and led his Rough Riders to a decisive victory at San Juan Heights As a Dakota rancher during the frontier s twilight he squared off with outlaws and renegade Indians He was a prolific writer authoring 38 books and hundreds of essays Roosevelt was among the most charismatic presidents Yet although most Americans adored him most Wall Street moguls and political bosses hated him for his reforms He was complex simultaneously peacemaker and warmonger progressive and conservative Machiavellian and Kantian avid hunter and nature lover Roosevelt accomplished all that he did because he mastered the art of American power His motto speak softly and carry a big stick exemplified how he asserted power to defend or enhance American interests Time after time he bested such titans as J P Morgan or Kaiser Wilhelm at the game of power Although he is the subject of dozens of books this is the first to comprehensively explore just how Roosevelt understood massed and wielded power to pursue his vision for an America as the world s most prosperous just and influential nation A Time of Paradox Glen Jeansonne, David Luhrssen, 2006-03-02 In this lively and provocative synthesis distinguished historian Glen Jeansonne explores the people and events that shaped America in the twentieth century Comprehensive in scope A Time of Paradox offers a balanced look at the political diplomatic social and cultural developments of the last century while focusing on the diverse and sometimes contradictory human experiences that characterized this dynamic period Designed with the student in mind this cogent text provides the most up to date analysis available offering insight into the divisive election of 2004 the War on Terror and the Gulf Coast hurricanes Substantive biographies on figures ranging from Samuel Insull to Madonna give students a more personalized view of the men and women who influenced American society over the past hundred years

**Grand Strategy in Theory and Practice** William C. Martel, 2015-01-12 This book explores fundamental questions about grand strategy as it has evolved across generations and countries It provides an overview of the ancient era of grand strategy and a detailed discussion of its philosophical military and economic foundations in the modern era The author investigates these aspects through the lenses of four approaches those of historians social scientists practitioners and military strategists The main goal is to provide contemporary policy makers and scholars with a historic and analytic framework in which to evaluate and conduct grand strategy By providing greater analytical clarity about grand strategy and describing its nature and its utility for the state this book presents a comprehensive theory on the practice of grand strategy in order to articulate the United States past present and future purpose and position on the world stage **Land and Liberty** Christopher William England, 2023-02-14 This work is a comprehensive treatment of the single tax movement The author studied a network of well connected political entrepreneurs committed to Henry George s plan to effectively nationalize land through a

confiscatory tax in the early twentieth century in the United States      The Wilsonian Moment Erez Manela,2007-07-23 This book tells the neglected story of non Western peoples at the time of the Paris Peace Conference of 1919 showing how Woodrow Wilson s rhetoric of self determination helped ignite the upheavals that erupted in the spring of 1919 in four disparate non Western societies Egypt India China and Korea      *Princeton Alumni Weekly* ,2009      **T.R.** H. W. Brands,2019-07-23 From the New York Times bestselling author an acclaimed biography of President Teddy Roosevelt Lauded as a rip roaring life Wall Street Journal TR is a magisterial biography of Theodore Roosevelt by bestselling author H W Brands In his time there was no more popular national figure than Roosevelt It was not just the energy he brought to every political office he held or his unshakable moral convictions that made him so popular or even his status as a bonafide war hero Most important Theodore Roosevelt was loved by the people because this scion of a privileged New York family loved America and Americans And yet according to Brands if we look at the private Roosevelt without blinders we see a man whose great public strengths hid enormous personal deficiencies he was uncompromising self involved and a highly imperfect brother husband and father Beautifully written and powerfully moved by its subject TR is the classic biography of one of America s greatest and most complex leaders      **Edmund Burke in America** Drew Maciag,2013-04-19 The statesman and political philosopher Edmund Burke 1729 1797 is a touchstone for modern conservatism in the United States and his name and his writings have been invoked by figures ranging from the arch Federalist George Cabot to the twentieth century political philosopher Leo Strauss But Burke s legacy has neither been consistently associated with conservative thought nor has the richness and subtlety of his political vision been fully appreciated by either his American admirers or detractors In *Edmund Burke in America* Drew Maciag traces Burke s reception and reputation in the United States from the contest of ideas between Burke and Thomas Paine in the Revolutionary period to the Progressive Era when Republicans and Democrats alike invoked Burke s wisdom to his apotheosis within the modern conservative movement Throughout Maciag is sensitive to the relationship between American opinions about Burke and the changing circumstances of American life The dynamic tension between conservative and liberal attitudes in American society surfaced in debates over the French Revolution Jacksonian democracy Gilded Age values Progressive reform Cold War anticommunism and post 1960s liberalism The post World War II rediscovery of Burke by New Conservatives and their adoption of him as the father of conservatism provided an intellectual foundation for the conservative ascendancy of the late twentieth century Highlighting the Burkean influence on such influential writers as George Bancroft E L Godkin and Russell Kirk Maciag also explores the underappreciated impact of Burke s thought on four U S presidents John Adams and John Quincy Adams Theodore Roosevelt and Woodrow Wilson Through close and keen readings of political speeches public lectures and works of history and political theory and commentary Maciag offers a sweeping account of the American political scene over two centuries      A Fierce Discontent Michael McGerr,2010-05-11 The Progressive Era a few brief decades around the turn of the last century still burns in

American memory for its outsized personalities Theodore Roosevelt whose energy glinted through his pince nez Carry Nation who smashed saloons with her axe and helped stop an entire nation from drinking women suffragists who marched in the streets until they finally achieved the vote Andrew Carnegie and the super rich who spent unheard of sums of money and became the wealthiest class of Americans since the Revolution Yet the full story of those decades is far more than the sum of its characters In Michael McGerr s *A Fierce Discontent* America s great political upheaval is brilliantly explored as the root cause of our modern political malaise The Progressive Era witnessed the nation s most convulsive upheaval a time of radicalism far beyond the Revolution or anything since In response to the birth of modern America with its first large scale businesses newly dominant cities and an explosion of wealth one small group of middle class Americans seized control of the nation and attempted to remake society from bottom to top Everything was open to question family life sex roles race relations morals leisure pursuits and politics For a time it seemed as if the middle class utopians would cause a revolution They accomplished an astonishing range of triumphs From the 1890s to the 1910s as American soldiers fought a war to make the world safe for democracy reformers managed to outlaw alcohol close down vice districts win the right to vote for women launch the income tax take over the railroads and raise feverish hopes of making new men and women for a new century Yet the progressive movement collapsed even more spectacularly as the war came to an end amid race riots strikes high inflation and a frenzied Red scare It is an astonishing and moving story McGerr argues convincingly that the expectations raised by the progressives utopian hopes have nagged at us ever since Our current less than epic politics must inevitably disappoint a nation that once thought in epic terms The New Deal World War II the Cold War the Great Society and now the war on terrorism have each entailed ambitious plans for America and each has had dramatic impacts on policy and society But the failure of the progressive movement set boundaries around the aspirations of all of these efforts None of them was as ambitious as openly determined to transform people and create utopia as the progressive movement We have been forced to think modestly ever since that age of bold reform For all of us right center and left the age of fierce discontent is long over

[The Progressive Era in the USA: 1890-1921](#) Kristofer Allfeldt, 2017-05-15 Few periods in American history have been explored as much as the Progressive Era It is seen as the birth place of modern American liberalism as well as the time in which America emerged as an imperial power Historians and other scholars have struggled to explain the contradictions of this period and this volume explores some of the major controversies this exciting period has inspired Investigating subjects as diverse as conservation socialism or the importance of women in the reform movements this volume looks at the lasting impact of this productive yet ultimately frustrated generation s legacy on American and world history **The Executive Branch of Federal Government** Brian R. Dirck, 2007-07-27 This volume gives students professors and the general public a single comprehensive source on the key themes in the historical development of the presidency from America s founding era through the presidency of George W Bush How has the role of the president changed since George Washington How does the

president interact with Congress The courts The states Other nations These are just a few of the overarching questions addressed in this volume in ABC CLIO's About Federal Government set devoted to the president and the executive branch he manages The Executive Branch of the Federal Government provides a brief history of the presidency then looks at the constitutional powers of the office the day to day functions of the federal bureaucracy general elections and presidential relationships with Congress and the courts But perhaps most compelling are the insights into the officeholders themselves the individuals who have served as president each fashioning a term reflective of his own personality

**The Presidents & Their Faith** Darrin Grinder, Steve Shaw, 2016-08-16 The old adage never discuss religion and politics is roundly rejected in this incisive exploration of presidential history and religious faith This newly updated 2016 edition of The Presidents religious instruction was the responsibility of religious societies not the civil state What drove Washington to make that argument and what if he had lost Who wouldn't feel like the exasperated FDR when he said I can do almost everything in the Goldfish Bowl of the President's life but I'll be hanged if I can say my prayers in it It bothers me to feel like something in the zoo being looked at by all the tourists in Washington when I go to church No privacy in that kind of going to church and by the time I have gotten into that pew and settled down with everybody looking at me I don't feel like saying my prayers at all But even more importantly what's real what's a show and why does it matter when it comes to faith and politics These questions and more are unpacked and examined leading to a whole new understanding of how religion and politics interfaced through America's history and how they will play out in our future In this climate of religious and political tensions The Presidents Their Faith casts a civil entertaining and insightful spotlight on the unique mix and frequent mix ups of politics and religion in America

*The Truth Is Our Weapon* Chris Tudda, 2006-05-01 President Dwight D Eisenhower and his secretary of state John Foster Dulles deployed a tactic Chris Tudda calls rhetorical diplomacy sounding a belligerent note of anti Communism in speeches addresses press conferences and private meetings with allies and with Moscow Yet all the while Tudda discloses the two were confidentially committed to a contradictory course the establishment of a strong system of collective security in Western Europe peaceful accommodation of the Soviet Union and the maintenance of a new albeit divided Germany Tudda explores the Eisenhower administration's pursuit of these two mutually exclusive diplomatic strategies and reveals how failure to reconcile them endangered the fragile peace of the 1950s He builds his argument through three case studies of the administration's badgering the French and their allies to ratify the European Defense Community of its threat to liberate Eastern Europe from Moscow's rule and of its forcing the issue of German reunification By emphasizing the threat from the Soviet Union Eisenhower and Dulles were trying to promote an activist rather than an isolationist foreign policy But their rhetorical diplomacy intensified Cold War tensions with European allies as well as with Moscow and effectively overwhelmed the administration's true diplomatic aims Based on American British Eastern European and Soviet primary sources many only recently unearthed *The Truth Is Our Weapon* is a major contribution to the historiography of Eisenhower's diplomacy and an

important statement about the implications of public and private policy making
