The Wilderness Of Dreams The Wilderness Of Dreams:

The Wilderness of Dreams Kelly Bulkeley, 1994-02-08 This interdisciplinary study of the religious dimensions of dreams shows how modern dream research supports and enriches our understanding of religiously meaningful dreams The Wilderness of Dreams does four things that no other work on dreams has done First it surveys the whole range of modern dream research not just the work of depth psychologists and neuroscientists but also the findings of anthropologists content analysts cognitive psychologists creative artists and lucid dreaming researchers Second it draws upon new advances in hermeneutic philosophy in order to clarify basic questions about how to interpret dreams Third it develops a careful well grounded notion of religious meaning the root metaphor concept to show that seeking religious meanings in dreams is not mere superstition And fourth the book reflects on the question of why modern Westerners are so interested in affirming or debunking the idea that dreams have religious meanings [Into the Wilderness Dream](#) Donald A. Maguire, Peter Wild, 1994 Not just an exploration of our early Western European roots these rich chronicles read as literature first person narratives of the greatest exploration adventures in historic times From the Platonic vision of Atlantis to Arthur's Avalon pre Columbus Europeans imagined fabulous lands to the west and after 1492 initial reports of a new world filled with golden El Dorados warrior queens and Fountains of Youth merely provided confirmation Although these dreams were soon tempered by reality explorers continued to set off with expectation that shaped what they say how they saw and how they reacted This complex of attitudes continues to affect the way we view our world and these accounts provide an excellent source for insight into the metaphorical systems that have permeated European and American writing about the West since the Sixteenth century *Into the Wilderness Dreams* draws from the best of three dozen accounts by the Spanish French English and American explorers who came before Lewis and Clark and explores the roots of present Western Euro American culture **The Wilderness of Dreams** George Edward Bulkeley, 1992 *Dreams and Visions in African Pentecostal*

Spirituality Anna M. Droll, 2023-09-29 Euro Western descriptions of knowledge and its sources fall short of accommodating the spiritual experiential terrain of the imagination What of the embodied affective knowing that characterizes Pentecostal epistemology that is the distinctive Pentecostal Charismatic knowing derived from dreams and visions D Vs In this stunning ethnographic work the author merges African scholarship with an investigation of what visioners say about the significance of their D Vs for Christian life and spirituality Revealing data showcases case studies for their biblical and theological articulations of the value of D V experiences and affirms them as sources of Pentecostal love ministerial agency and the missionary impulse

Our Dream Was Canada Eva Zidek,2003 In 1982 I and my husband parents with two young children made a big decision We fled our country Czechoslovakia to find our way to Canada and to start a new life there As most citizens behind the iron curtain we felt increasing limitations of our personal freedom and our lack of defense against these However the main reason behind our decision was the worsening condition of the natural environment In those days in Czechoslovakia I worked in the environmental field and was also taking postgraduate courses dealing with environment I was not permitted to publish news about the deterioration of the environment but because of my studies I heard the bad news gloomy statistics and hopeless prognosis I was alarmed and finally deeply depressed What to do Where to move When even our mountains our home showed the undeniable signs of pollution from no local causes we made our decision A holiday in Yugoslavia provided for us the only opportunity to get out of the country with both children From there we had hoped to continue to Western countries We managed it despite the obstacles but our stay in a German refugee camp extended over a year Unfortunately for us the Canadian government did not support our application for immigration Our qualifications and experience in forestry and environment were not in demand so our only chance for immigration to Canada was to obtain a sponsor Finally we were sponsored and in the Fall of 1983 and we landed in Canada in Toronto It took an additional two years before we came to the place where we had dreamed of living the Rocky Mountains Environmental Politics and the Creation of a Dream Harold C. Jordahl, Jr.,Annie L.
