The Way It Was Duane C. Spriestersbach, The fall of 1964 was an exciting time at the University of Iowa Its fourteenth president Howard Bowen had just arrived and on a sunny October afternoon he made his first speech to the faculty This occasion was noteworthy enough former president Virgil Hancher had held the job for twenty four years to attract the attention of a professor of speech pathology who had previously confined his considerable energies to teaching and research Bowen's vision of what the university could become was so intriguing so compelling that this professor wrote and offered to help him achieve his objectives in any way possible This quixotic offer changed Duane Spriestersbach's life and becomes the starting point for his story of his years as a University of Iowa administrator Drawing upon his personal files the university archives and interviews

with many faculty members and administrators Spriestersbach has created both an institutional and a personal history of the university Judged by any standard these years were tumultuous ones for higher education Economic pressures from the state legislature issues surrounding grants from such agencies as the National Institutes of Health and the National Science Foundation the civil rights movement student and faculty protests during the Vietnam era massive changes in the physical and administrative shape of the campus and the computerization of all parts of campus life had far reaching consequences Spriestersbach was at the center of these events at the University of Iowa his perspective is unique refreshing and educational Spriestersbach s account of the Vietnam years and of the evolution of computers at Iowa will be particularly interesting to readers He reported to four presidents served as acting president managed hundreds of meetings both dramatic and mundane and reacted to many administrative restructurings In this story of his life at the University of Iowa he reveals the truth behind these words from his 1964 letter to President Bowen I think I am an idealist a person with imagination and a guy in a hurry I believe investigation will show that I am a person with competitive administrative and executive abilities

Visions of Awakening Space and Time Taigen Dan Leighton, 2008-12-31 As a religion concerned with universal liberation Zen grew out of a Buddhist worldview very different from the currently prevalent scientific materialism Indeed says Taigen Dan Leighton Zen cannot be fully understood outside of a worldview that sees reality itself as a vital dynamic agent of awareness and healing In this book Leighton explicates that worldview through the writings of the Zen master Eihei D gen 1200 1253 considered the founder of the Japanese S t Zen tradition which currently enjoys increasing popularity in the West The Lotus Sutra arguably the most important Buddhist scripture in East Asia contains a famous story about bodhisattvas enlightening beings who emerge from under the earth to preserve and expound the Lotus teaching in the distant future The story reveals that the Buddha only appears to pass away but actually has been practicing and will continue to do so over an inconceivably long life span Leighton traces commentaries on the Lotus Sutra from a range of key East Asian Buddhist thinkers including Daosheng Zhiyi Zhanran Saigyo My e Nichiren Hakuin and Ry kan But his main focus is Eihei D gen the 13th century Japanese S t Zen founder who imported Zen from China and whose profuse provocative and poetic writings are important to the modern expansion of Buddhism to the West D gen s use of this sutra expresses the critical role of Mahayana vision and imagination as the context of Zen teaching and his interpretations of this story furthermore reveal his dynamic worldview of the earth space and time themselves as vital agents of spiritual awakening Leighton argues that D gen uses the images and metaphors in this story to express his own religious worldview in which earth space and time are lively agents in the bodhisattva project Broader awareness of D gen s worldview and its implications says Leighton can illuminate the possibilities for contemporary approaches to primary Mahayana concepts and practices

inner harmony and personal fulfilment Sun Tzu's Art of War has been read mostly as a book of war strategies that teaches us how to beat our opponents on the battlefield The Modern Art of War presents a new interpretation it isn't about conquering your enemies devising strategies to overtake armies or getting ahead against your competitors Instead the real art of war is the fight to control your mind and the thoughts that rule it What if Sun Tzu wasn't a general at all but a spiritual advisor and that the Art of War was written not for a king but for the people Each chapter begins with the original text from the Art of War followed by an overview applied practice thought provoking prompts and a chance for your own reflection Includes The complete text of the original Art of War Explanation of the symbolism eg the battlefield stands for the terrain of the mind war for conflict between the lower and higher self and the enemy as our conscious thoughts emotions and perceptions Chapter by chapter guidance to the deeper meaning of the Art of War from how to understand one's own nature to strategies for drawing on our own wholehearted will and perceiving the inherent instability in all things Over 150 reflection questions that prompt the reader to understand the text and guide them in their self development journey from If you can change one idea about yourself to step into a new future what would it be to Based on Sun Tzu's teachings what strategies can you incorporate into your daily activity or practice that would assist you in working through frustration or anger without being harsh with yourself This book will teach readers how to conquer or still the mind in order to reveal their own hidden teacher and recognize that the root of conflict or war begins within By creating harmony within one's self readers can then carry it forward to help bring more peace into the world Waking Up Together Ellen Jikai Birx, Charles Shinkai Birx, 2013-02-08 Waking Up Together is written for those who want to journey to new depths of intimacy both spiritually and in their love relationship The book shows how a committed long term relationship can enhance spiritual development and how relationships can be transformed by spiritual practice Written by two Zen teachers married for thirty seven years it shows that relationships and all that arise from them can be a help not a hindrance as we seek greater freedom and joy It is possible to wake up together Going far beyond merely recommending skills and strategies to improve relationships Waking Up Together serves as a guide in our ongoing process of spiritual discovery and intimacy Throughout the book the authors intermingle stories and poems along with anecdotes from their married life empowering couples to awaken to an ever expanding experience of relationship that is full of spontaneity mystery awe love and unlimited possibility Waking Up Together will be useful for couples of all persuasions It affirms and encourages couples to cultivate the richness of their own relationship and open to the unbounded potential of love **Zen Women** Grace Schireson, 2009-10-27 This landmark presentation at last makes heard the centuries of Zen's female voices Through exploring the teachings and history of Zen's female ancestors from the time of the Buddha to ancient and modern female masters in China Korea and Japan Grace Schireson offers us a view of a more balanced Dharma practice one that is especially applicable to our complex lives embedded as they are in webs of family relations and responsibilities and the challenges of love and work Part I of this book

describes female practitioners as they are portrayed in the classic literature of Patriarchs Zen often as tea ladies bit players in the drama of male students enlightenments as iron maidens tough as nails women always jousting with their male counterparts or women who themselves become macho masters teaching the same Patriarchs Zen as the men do Part II of this book presents a different view a view of how women Zen masters entered Zen practice and how they embodied and taught Zen uniquely as women This section examines many urgent and illuminating questions about our Zen grandmothers How did it affect them to be taught by men What did they feel as they trying to fit into this male practice environment and how did their Zen training help them with their feelings How did their lives and relationships differ from that of their male teachers How did they express the Dharma in their own way for other female students How was their teaching consistently different from that of male ancestors And then part III explores how women s practice provides flexible and pragmatic solutions to issues arising in contemporary Western Zen centers
