Tuckers Birthday M Sommer:

Tucker's Birthday A. M. Sommer, 2007-08-01 Tucker's tales are fiction but Tucker himself is a real live boy He was rescued from a place where he was abused and neglected and my brother and sister in law have been taking care of him ever since Tucker's Dad even commented that these stories truly reflect Tucker's behavior with only a slight exaggeration I wanted everybody to meet him so they can understand that the way we treat animals shows the way we treat people

Tucker's Valentine A. M. Sommer, 2009-10 **Sacred History, Sacred Literature** Shawna Dolansky, 2008-06-30
Richard Friedman is well known in the field of biblical studies not only because of his contributions to the study of the Hebrew Bible which are many but also because he has written cogently and clearly for a much wider audience outside the academy most notably in his *Who Wrote the Bible* 1997 In addition his influence has crossed the boundaries of a variety of disciplines such as source criticism archaeology the ancient Near East as well as religious studies The essays in this volume reflect the breadth and depth of Richard Friedman's life and work Several contributors discuss topics related to the Hebrew Bible for example Jacob Milgrom examines the relationship between Ezekiel and the Levites and Carol Meyers discusses the Tabernacle texts in the context of Priestly influence on them Ronald Hendel Michael Homan and Robert Wilson explore the history of source criticism with detailed source critical analysis of Genesis 1:11 and the book of Kings Jeffrey Geoghegan discusses the origins of the Passover in one of several insightful essays under the topic Israel and the Ancient Near East Among the contributions specific to archaeology Baruch Halpern's provides a provocative Defense of Forgery Lastly four contributors e.g. Alan Cooper discuss religion and religious studies along with ramifications for contemporary application A fine collection of contemporary topics discussed by leading scholars in the field *Inconsistency in the Torah* Joshua A. Berman, 2017-06-12 Rather than viewing inconsistencies in the Torah as signs of revision this book identifies precursors for these phenomena in ancient Near Eastern writings It claims that Enlightenment and German historicist influences corrupted critical study of the Bible and calls for a return to the more modest agenda set out by Spinoza **Arts & Humanities**

Citation Index, 1991 A multidisciplinary index covering the journal literature of the arts and humanities It fully covers 1,144 of the world's leading arts and humanities journals and it indexes individually selected relevant items from over 6,800 major science and social science journals **Rewriting the Torah** Jeffrey Stackert, 2007 Jeffrey Stackert explores literary

correspondences among the pentateuchal legal corpora and especially the relationships between similar laws in Deuteronomy and the Holiness Legislation Lev 17-26 the so-called Holiness Code as well as significant parts of the Priestly source elsewhere in the Pentateuch Resemblances between these law collections range from broad structure to fine detail and include treatments of similar legal topics correlations with regard to sequence of laws and precise grammatical and lexical correspondences Yet the nature and basis of these resemblances persist as debated points among biblical scholars Through an analysis of the pentateuchal laws on asylum seventh year release manumission and tithes the author argues that

the Holiness Legislation depends upon both the Covenant Collection and Deuteronomy He also elucidates the compositional logic of the Holiness legislators showing that these authors do not simply replicate pre existing legal content Rather they employ a method of literary revision in which they reconceptualize source material according to their own ideological biases In the end the Holiness Legislation proves to be a super law that collects and distills the Priestly and non Priestly laws that precede it By accommodating reformulating and incorporating various viewpoints from these sources the Holiness authors create a work that is intended to supersede them all

The Psalms Keith Bodner,2024 Few books were composed over a longer period of time and have exercised more cultural and religious influence than the Psalms the longest and most complex collection in the Hebrew Bible and arguably one of the most illustrious and durable texts in history This book is an introduction to the world of the Psalms that focuses on the content and the poetic forms that are encountered in the collection guiding the reader toward an appreciation of the purposes of the Psalms and the contribution to the Scriptures of Israel There is also some background discussion on the development of the Psalms and an overview of the variety and genres of these poetic texts
