The Mobile Photographer, 2014-11-17
It's been said that with smartphones everyone is a photographer. There is a snide implication with that statement that camera phones aren't real cameras and that the people who use them aren't real photographers. In this book Robert Fisher proves that today's Android devices offer cameras that are remarkably powerful and more than capable of producing images that rival those made with more serious equipment. In this book Fisher guides readers through the menus of the Android operating system, helping them to understand how to choose and use out of the box controls for better images. Next he covers add on accessories and applications designed to enhance the device's capabilities. While the photographic capabilities of the base camera are pretty terrific and will meet with rave reviews from

many users the camera really produces images that sing when suited up with DSLR functions filters and postproduction effects all of which Fisher covers with prowess and technical skill **Photoshop CS5 Bible** Lisa DaNae Dayley,Brad Dayley,2010-05-13 The bestselling comprehensive reference on Photoshop fully updated to CS5 Photoshop is the gold standard for image editing programs and is used by professional photographers graphic designers and Web designers as well as hobbyists More than 300 000 copies of this comprehensive reference have been sold in previous editions this edition is fully updated to cover Photoshop CS5 s newest features and includes a 16 page full color insert Photoshop is the industry standard for image editing software used in both print and digital media with more than four million users worldwide This comprehensive guide covers beginning to advanced techniques from learning your way around the windows and tools to working with Camera Raw images Covers retouching color correcting manipulating and combining images working with the File Browser histogram palette Lens Blur and the color replacement tool customizable keyboard shortcuts how to create cutting edge special effects for digital or film based images and much more This revised edition of Photoshop Bible is the reference tool that graphic designers photographers and Web designers will refer to many times over Photoshop Elements 13 All-in-One For Dummies Barbara Obermeier,Ted Padova,2014-11-17 Make ordinary photos extraordinary with Photoshop Elements 13 Whether you prefer to snap shots on your smartphone or never leave home without your DSLR chances are you have way more photos than you ever dreamed possible With the help of Photoshop Elements 13 All in One For Dummies you can edit those photos and turn them into stunning works of art The book will help you get to know the key features of Photoshop Elements including examining the Elements workspace navigating the tools viewing images on your computer setting your preferences and acquiring saving and exporting images You ll then take your skills to next level and become a pro at working with iOS and Android devices specifying resolution and changing image sizing choosing color modes and file formats working with Camera Raw using and managing color painting and drawing with Elements creating layers and so much more Plus you ll discover how to add pizzazz with styles and effects apply quick image makeovers correct lighting color and clarity and composite with Photomerge Photoshop Elements is the 1 selling consumer photo editing software and Adobe continues to add innovative features that allow digital photography enthusiasts to do it all Going well beyond the basics of how to use Photoshop Elements and weighing in at more than 672 pages Photoshop Elements 13 All in One For Dummies is the most comprehensive Elements book on the market Written by Barbara Obermeier and Ted Padova veteran authors long time instructors and expert speakers who have spent decades specializing in digital imaging this hands on friendly guide is jam packed with everything you need to create edit fix share and organize digital images Combines nine content rich books in one value packed reference Includes updated and revised information to reflect the latest release Photoshop Elements 13 Richly illustrated in full color and brimming with easy to follow step by step instructions Explains how to enhance your images by adjusting color brightness resolution contrast and sharpness Whether you re an amateur
