The Long and the Short of It Jonathan Silvertown,2022-12-22 A whimsical book on aging the author mixes art science and humor to brew a highly readable concoction presenting one aging theory after another Publishers Weekly Everything that lives will die That's the fundamental fact of life But not everyone dies at the same age people vary wildly in their patterns of aging and their life spans and that variation is nothing compared to what's found in other animal and plant species With *The Long and the Short of It* biologist and writer Jonathan Silvertown offers readers a witty and fascinating tour through the scientific study of longevity and aging Dividing his daunting subject by theme death life span aging heredity evolution and more Silvertown draws on the latest scientific developments to paint a picture of what we know about how life span senescence and death vary within and across species At every turn he addresses fascinating questions that have far reaching implications What causes aging and what determines the length of an individual life What changes have caused the average human life span to increase so dramatically fifteen minutes per hour in the past two centuries If evolution favors those who leave the most descendants why haven't we evolved to be immortal The answers to these puzzles and more emerge from close examination of the whole natural history of life span and aging from fruit flies nematodes redwoods and much more *The Long and the Short of It* pairs a perpetually fascinating topic with a wholly engaging writer and the result is a supremely accessible book that will reward curious readers of all ages Captivating and enlightening *The New York Times* Well Blog

Our Wonder World ,1914 *The Boy's Own Annual* ,1880 Heaven on Earth Emma J. Wells,2022-09-01 A glorious illustrated history of sixteen of the world's greatest cathedrals interwoven with the extraordinary stories of the people who built them An impeccable guide to the golden age of ecclesiastical architecture *The Times* Vivid colourful and absorbing Dan Jones An epic ode to some of our most beautiful and beloved buildings Helen Carr The emergence of the Gothic in twelfth century France an architectural style characterized by pointed arches rib vaults flying buttresses large windows and elaborate tracery triggered an explosion of cathedral building across western Europe It

is this remarkable flowering of ecclesiastical architecture that forms the central core of Emma Wells's authoritative but accessible study of the golden age of the cathedral Prefacing her account with the construction in the sixth century of the Hagia Sophia the remarkable Christian cathedral of the eastern Roman empire she goes on to chart the construction of a glittering sequence of iconic structures including Saint Denis Notre Dame Canterbury Chartres Salisbury York Minster and Florence's Duomo More than architectural biographies these are human stories of triumph and tragedy that take the reader from the chaotic atmosphere of the mason's yard to the cloisters of power Together they reveal how 1000 years of cathedral building shaped modern Europe and influenced art culture and society around the world **The Literary World**, 1892
