

What Kind of Creatures Are We? (Columbia Themes in Philosophy)

What Creates Columbia Themes Philosophy

Klaus Petrus, Markus Wild

What Creatures Columbia Themes Philosophy:

Chomsky for Activists Noam Chomsky, Charles Derber, Suren Moodliar, Paul Shannon, 2020-12-30 Those who regard him as a doom and gloom critic will find an unexpected Chomsky in these pages Here the world renowned author speaks for the first time in depth about his career in activism and his views and tactics Chomsky offers new and intimate details about his life long experience as an activist revealing him as a critic with deep convictions and many surprising insights about movement strategies The book points to new directions for activists today including how the crises of the Coronavirus and the economic meltdown are exploding in the critical 2020 US presidential election year Readers will find hope and new pathways toward a sustainable democratic world

God's Quest Lyman C.D. Kulathungam, 2019-12-09 Why bother with God when he is viewed as a sacred superstition a discarded non entity or a pretext for religious wars Jews and Christians have doubted and discarded God at many times throughout the ages and have also justified countless conflicts in his name Their history however tells a different story Here we observe the historical reality of God s relentless quest to relate with people whether Jew or gentile Despite significant differences between these communities this is the DNA that binds them and places them in a paradigm different from the one articulated in The Quest Christ Amidst the Quest where people are seeking to be freed from their predicament The Judeo Christian narrative shows God s incessant quest orchestrated through various channels such as scriptural revelation miraculous interventions covenantal commitments divine presence in the tabernacle or the temple God s sacrificial incarnation in Christ and the advent of the anticipated Jewish Messiah The narrative climaxes in a grand finale when humans and their habitat will be ushered into an age of peace and harmony Journeying through such a narrative will provide assurance that God is walking with you amidst life s turmoil and that the best is yet to be

Animal Lives Matter Raymond Wacks, 2024-02-13 *Animal Lives Matter* provides a comprehensive analysis of the legal philosophical and ethical aspects of animal rights It argues that the subject extends beyond the matter of our obligations towards animals to include our wider responsibilities for protecting the environment Drawing on numerous moral political legal religious and philosophical theories including utilitarianism deontology rights theory social contractarianism and the capabilities approach the author meticulously examines the questions of sentience speciesism personhood and human exceptionalism Lucid nuanced and academically rigorous this important book will be an essential resource for scholars of law politics philosophy ethics as well as policy makers and the general reader

Themes from G. E. Moore Susana Nuccetelli, Gary Seay, 2007-11-22 These thirteen original essays whose authors include some of the world s leading philosophers examine themes from the work of the Cambridge philosopher G E Moore 1873 1958 and demonstrate his considerable continuing influence on philosophical debate Part I bears on epistemological topics such as scepticism about the external world the significance of common sense and theories of perception Part II is devoted to themes in ethics such as Moore s open question argument his non naturalism utilitarianism and his notion of organic unities

Animals Peter Adamson, G. Fay

Edwards, 2018 Philosophical controversy over non human animals extends further back than many realize before Utilitarianism and Darwinism to the very genesis of philosophy This volume examines the richness and complexity of that long history Twelve essays trace the significance of animals from Greek and Indian antiquity through the Islamic and Latin medieval traditions to Renaissance and early modern thought ending with contemporary notions about animals Two main questions emerge throughout the volume what capacities can be ascribed to animals and how should we treat them Notoriously ungenerous attitudes towards animals mental lives and ethics status found for instance in Aristotle and Descartes are shown to have been more nuanced than often supposed while remarkable defenses of benevolence towards animals are unearthed in late antiquity India the Islamic world and Kant Other chapters examine cannibalism and vegetarianism in Renaissance thought and the scientific testing of animals A series of interdisciplinary reflections sheds further light on human attitudes towards animals looking at their depiction in visual artworks from China Africa and Europe as well as the rich tradition of animal fables beginning with Aesop

Animal Minds & Animal Ethics Klaus Petrus, Markus Wild, 2014-03-15 Animal minds and animal ethics different origins connecting similarities Philosophers working on questions of animal ethics usually draw on research into animal cognition and subscribe to strong positions regarding animal minds Whereas philosophers interested in the question of animal minds sometimes draw ethical conclusions from the positions they argue for In spite of such overlaps these two areas of research have grown up separately One reason for this separation stems from the institutional distinction between theoretical and practical philosophy The principal aim of this anthology is to build bridges between the fields and different philosophical approaches of animal ethics and of animal minds and cognition

Foucault and Animals Matthew Chrulew, Dinesh Joseph Wadiwel, 2016-11-01 Foucault and Animals is the first collection of its kind to explore the relevance of Michel Foucault's thought for the question of the animal Chrulew and Wadiwel bring together essays from emerging and established scholars that illuminate the place of animals and animality within Foucault's texts and open up his highly influential range of concepts and methods to different domains of human animal relations including experimentation training zoological gardens pet keeping agriculture and consumption Touching on themes such as madness and discourse power and biopolitics government and ethics and sexuality and friendship the volume takes the fields of Foucault studies and human animal studies into promising new directions

The end of animal life: a start for ethical debate Franck L.B. Meijboom, Elsbeth N. Stassen, 2023-08-07 Killing animals is common practice yet it is not morally neutral The end of animal life is related to many societal and ethical questions and concerns Questions such as how long should we continue to treat an animal before putting it down But also the question whether it could be legitimate to kill individual animals for the welfare of the herd or of future generations The ongoing public and academic discussions on these and on other well known questions like those related to the killing of animals for food or for scientific purposes show that there is no one standard evaluation of animal life This book is an edited volume that enables the reader to get a grip on that plurality of

views with regard to animals It helps to deal with the many questions related to the end of animal life The chapters show how the plurality of views on killing animals is related to moral presuppositions by providing a clear overview of the ethical views on end of life decisions Furthermore the book contains a number of applied studies of the ethical questions related to killing animals in various practices including small animal practice wildlife management fishing and fish farming animal experimentation and livestock farming These chapters can help veterinarians scientists students policy makers and many other professionals working with animals to easily get a good overview of the issues at stake and may contribute to responsible decision making with regard to the end of animal life

Proceedings and Addresses of the American Philosophical Association American Philosophical Association, 2008 List of members in v 1

Critical Terms for Animal Studies Lori Gruen, 2018-10-23 Alexandra Horowitz Peter Singer Barbara King Christine Korsgaard and others explore the core concepts of this interdisciplinary field Recommended Choice Animal Studies is a rapidly growing interdisciplinary field devoted to examining understanding and critically evaluating the complex relationships between humans and other animals Scholarship in Animal Studies draws on a variety of methodologies to explore these multi faceted relationships in order to help us understand the ways in which other animals figure in our lives and we in theirs Bringing together the work of a group of internationally distinguished scholars Critical Terms for Animal Studies offers distinct voices and diverse perspectives exploring significant concepts and asking important questions What do we mean by anthropocentrism captivity empathy sanctuary and vulnerability and what work do these and other critical terms do in Animal Studies How do we take non human animals seriously not simply as metaphors for human endeavors but as subjects themselves Sure to become an indispensable reference for the field Critical Terms for Animal Studies not only provides a framework for thinking about animals as subjects of their own experiences but also serves as a touchstone to help us think differently about our conceptions of what it means to be human and the impact human activities have on the more than human world The subject of animal studies is at a crucial stage still being mapped out and defining itself and this volume is very useful given its conciseness its all star cast of contributors and its breadth in providing a guide to some of the key ideas Colin Jerolmack New York University

Getting the books **What Creatures Columbia Themes Philosophy** now is not type of inspiring means. You could not isolated going like books accrual or library or borrowing from your connections to retrieve them. This is an completely easy means to specifically acquire guide by on-line. This online revelation What Creatures Columbia Themes Philosophy can be one of the options to accompany you bearing in mind having supplementary time.

It will not waste your time. put up with me, the e-book will entirely circulate you other situation to read. Just invest little mature to get into this on-line notice **What Creatures Columbia Themes Philosophy** as competently as review them wherever you are now.
