Brass, Jane Byrne and the Pursuit of Power Kathleen Whalen FitzGerald, 1981

Blackness Is Burning TreaAndrea M. Russworm, 2016-10-03 Blackness Is Burning critiques the way the politics of recognition and representation appear in popular culture as attempts to humanize black identity through stories of suffering and triumph or tales of destruction and survival Blackness Is Burning is one of the first books to examine the ways race and psychological rhetoric collided in the public and popular culture of the civil rights era In analyzing a range

of media forms including Sidney Poitier's popular films *Black Mother* and *Daughter*, family melodramas, Bill Cosby's comedy routine and cartoon *Fat Albert*, pulpy black pimp narratives and several aspects of post-civil rights black American culture. TreaAndrea M. Russworm identifies and problematizes the many ways in which psychoanalytic culture has functioned as a governing racial ideology that is built around a flawed understanding of trying to recognize the racial other as human. The main argument of *Blackness Is Burning* is that humanizing or trying to represent in narrative and popular culture that BlackLivesMatter has long been barely attainable and impossible to sustain cultural agenda. But *Blackness Is Burning* makes two additional interdisciplinary interventions: the book makes a historical and temporal intervention because Russworm is committed to showing the relationship between civil rights discourses on theories of recognition and how we continue to represent and talk about race today. The book also makes a formal intervention since the chapter-length case studies take seemingly banal popular forms seriously. She argues that the popular forms and disreputable works are integral parts of our shared cultural knowledge. *Blackness Is Burning*'s interdisciplinary reach is what makes it a vital component to nearly any scholar's library, particularly those with an interest in African American popular culture, film and media studies, or psychoanalytic theory.

Carlyle's Essay on Burns Thomas Carlyle, 1912 *The Poetical Works of Robert Burns* Robert Burns, 1864 *Nobody Calls Just to Say Hello* Philip J. Rock, Ed Wojcicki, 2012

A loyal partisan and highly principled public official whose career overlapped with those of many legends of Illinois politics including Mayor Richard J. Daley, Governor James Thompson and Illinois House Speaker Michael Madigan, Democrat Philip J. Rock served twenty-two years in the Illinois Senate. Fourteen of those years were spent as senate president, the longest tenure anyone has served in that position. This nuanced political biography, which draws on dozens of interviews conducted by Ed Wojcicki to present the longtime senate president's story in his own words, is also a rare insider's perspective on Illinois politics in the last three decades of the twentieth century. A native of Chicago's West Side, Rock became one of the most influential politicians in Illinois during the 1970s and 1980s. As a senator in the 1970s and senate president from 1979 to 1993, he sponsored historic legislation to assist abused and neglected children and victims of domestic violence, ushered the state through difficult income tax increases and economic development decisions, shepherded an unruly and fragmented Democratic senate caucus and always was fair to his Republican counterparts. Covering in great detail a critical period in Illinois political history for the first time, Rock explains how making life better for others drove his decisions in office while also espousing the seven principles he advocates for effective leadership and providing context for how he applied those principles to the legislative battles of the era. Unlike many Illinois politicians, Rock, a former seminarian, was known for having a greater interest in issues than in partisan politics. Considered a true statesman, he also was known as a skilled orator who could silence a busy floor of legislators with his commentary on important issues and as a devoted public servant who handled tens of thousands of bills and sponsored nearly five hundred of them himself. *Nobody Calls Just to Say Hello*, which takes its title from the volume of calls and visits to

elected officials from constituents in need of help perfectly captures Rock's profound reverence for the institutions of government his respect for other government offices and his reputation as a problem solver who despite his ardent Democratic beliefs disavowed political self preservation to cross party lines and make government work for the people Taking readers through his legislative successes bipartisan efforts and political defeats including a heartbreaking loss in the U S Senate primary to Paul Simon in 1984 Rock passionately articulates his belief that government's primary role is to help people offering an antidote to the current political climate with the simple legislative advice Just try to be fair give everyone a chance and everything else comes after that
