What Everyone Should Know About Islam And Muslims:

What Everyone Should Know about Islam and Muslims Suzanne Haneef, 1979 Written by an American Muslim this work presents a brief yet comprehensive survey of the basic teachings of Islam examines how Muslims feel about various aspects of life tells how they worship and describes how Muslims living in the West practice their religion The Muslim Book of Why Imam Warithudeen Umar, 2013-01-16 Islam is a very mysterious and complex faith one of intellectual depth in prayer and practice It is unfortunate that the teachings of Islam have been marred by centuries of intellectual malaise political misdirection extremism and disunity leaving many spiritual wanderers both Muslim and non Muslim to ponder a plethora of unaddressed questions about these sacred teachings In his newest book The Muslim Book of Why What Everyone Should Know about Islam author scholar and leading jihad theorist Warithudeen Umar highlights the concept of ijtihad in an attempt to help answer many of today's most pressing questions about Islam Ijtihad is described as a creative and disciplined intellectual effort to derive legal rulings from Islamic sources while taking into consideration the variables brought on by the fluctuating circumstances of the Muslim world Though the world has changed and expanded humanity's need for these teachings viewed through the clarifying concept of ijtihad has not To right these wrongs of gross misguidance within Muslim society we must deconstruct history in order to discern what went wrong after the revelation of the Quran was shared with the world The Muslim Book of Why seeks to do so refocusing Muslim thought on a life of faith family development and worship

Non-Western Educational Traditions Timothy G. Reagan, 2004-09-22 This text provides a brief yet comprehensive overview of a number of non Western approaches to educational thought and practice Its premise is that understanding the ways that other people educate their children as well as what counts for them as education may help us think more clearly about some of our own assumptions and values and to become more open to alternative viewpoints about important educational matters The value of this informative mind opening text for preservice and in service teacher education courses is enhanced by Questions for Discussion and Reflection and Recommended Further Readings included in each chapter New in the Third Edition Chapter 2 Conceptualizing Culture I We and The Other is new to this edition It is a response to feedback about the problems inherent in our general discourse about culture and in addition provides an example of a culture that is near to us but nevertheless alien the culture of the Deaf World Chapter 9 which deals with Islam and traditional Muslim education has been substantially revised The subtitle of the Third Edition has been changed to Indigenous Approaches to Educational Thought and Practice reflecting not so much a change in the emphases found in the book but rather a recognition of the growing scholarly interest in indigenous peoples their languages cultures and histories Various points throughout the text have been expanded and clarified and chapters have been updated as needed What Every Christian Should Know About Islam Ruqaiyyah Waris Maqsood, 2009-11-01 Of the many books explaining Islam few specifically address the concerns and questions of those from a Christian background Moreover the commonalities between

the Abrahamic faiths Judaism Christianity and Islam are too often ignored Set out in an easy and informative question and answer format the book addresses the specific theological points of agreement and difference between Christianity and Islam explains the core religious beliefs and practices of Islam and answers today s most common questions of Islam and Muslims in an age when there is much conflict and misunderstanding Islam is best judged not by the limitations and transgressions of its most extreme ignorant and outlandish followers but by the example of its moderate majority and Ruqaiyyah Waris Maqsood presents this introduction to the theology and practice of Islam in an attempt to explore some of the false impressions that surround it Table of Contents Section 1 The Religious Beliefs of Islam Explained Section 2 the Religious Duties of Islam Explained Section 3 Miscellaneous Questions Section 4 Christianity and Islam Ruqaiyyah Waris Maqsood gained an honors degree in Christian Theology from the University of Hull in 1963 and then taught religious studies at various state schools until her retirement in 1996 She converted to Islam in 1986 and now lectures and writes on Islam
