What Great Paintings Say Vol 1 Big:

What Great Paintings Say Rose-Marie Hagen,Rainer Hagen,2003 These are the kinds of question Rose Marie and Rainer Hagen ask when faced with world famous masterpieces In the language of today they comment on the fashions and attitudes trends and intrigues love vice and lifestyles of past times Book jacket *Shakespeare's Political and Economic Language* Vivian Thomas,2015-03-26 Shakespeare s plays are pervaded by political and economic words and concepts not only in the histories and tragedies but also in the comedies and romances The lexicon of political and economic language in Shakespeare does not consist merely of arcane terms whose shifting meanings require exposition but includes an enormous number of relatively simple words which possess a structural significance in the configuration of meanings Often operating by such means as puns they open up a surprising number of possibilities The dictionary reveals the conceptual nucleus of each term and explores the contexts in which it is embedded The overlap between the political and economic dimensions of a word in Shakespeare s drama is particularly exciting as he is highly attuned to the interactions of these two spheres of human activity and their centrality in human affairs Keisai Eisen A Tokaido Board Game of Courtesans Fifty-three Pairings in the Yoshiwara Cristina Berna,Eric Thomsen,2024-08-26 Keisai Eisen 1790 1848 is especially known for his bijin ga pretty women and landscapes He is well known for his participation in the series 69 stations of the Nakasendo together with Hiroshige The series A Tokaido Board Game of Courtesans Fifty three Pairings in the Yoshiwara use the Tokaido with landscape inserts as an excuse for showing courtesans and geisha bijin ga to skirt the censorship It was published 1821 1823 His bijin ga are considered to be masterpieces of the decadent Bunsei Era 1818 1830 Most of them have impressive hairdo with many ornamental hairpins and combs Their dress is extravagant with beautiful patterns and sublime embroideries Their faces are elongated squares with long noses and small pouted painted mouths Courtesans were desirable for their rich and splendid attire not so much for their beauty and their names were actually like trademarks for a series of girls performing the same name role with the brothel in question **Amazing X-Men Vol. 1** Jason Aaron,2015-05-20 Collects Amazing X Men 2013 1 6 Ever since Nightcrawler s death the X Men have been without their heart and soul But after learning that their friend may not be gone after all it s up to Wolverine Storm Beast Iceman Northstar and Firestar to find and bring back the fan favorite fuzzy blue elf But when the team finds themselves separated and split between heaven and hell can they get to Nightcrawler s soul before his father the evil Azazel does Pushed over the edge the Beast gives into his savage side like never before as Nightcrawler rallies the X Men to take on Azazel and his hellish hordes Can the X Men save the afterlife or must one of the team make the ultimate sacrifice **Subject Guide to Books in Print** ,1991 **Art History for Filmmakers** Gillian McIver,2017-03-23 Since cinema s earliest days literary adaptation has provided the movies with stories and so we use literary terms like metaphor metonymy and synecdoche to describe visual things But there is another way of looking at film and that is through its relationship with the visual arts mainly painting the oldest of the art forms Art History for

Filmmakers is an inspiring guide to how images from art can be used by filmmakers to establish period detail and to teach composition color theory and lighting The book looks at the key moments in the development of the Western painting and how these became part of the Western visual culture from which cinema emerges before exploring how paintings can be representative of different genres such as horror sex violence realism and fantasy and how the images in these paintings connect with cinema Insightful case studies explore the links between art and cinema through the work of seven high profile filmmakers including Peter Greenaway Peter Webber Jack Cardiff Martin Scorsese Guillermo del Toro Quentin Tarantino and Stan Douglas A range of practical exercises are included in the text which can be carried out singly or in small teams Featuring stunning full color images Art History for Filmmakers provides budding filmmakers with a practical guide to how images from art can help to develop their understanding of the visual language of film
