Love and the Turning Seasons Andrew

Schelling, 2017-04-11 For thousands of years India has excelled at erotic love poetry and the genius of its devotional poetry often harnesses great energy and mystical insight It is in fact often hard to tell whether the poets are offering poems of spiritual longing using the garment of love poetry or writing erotic poems in the guise of devotion Perhaps in a country where erotic sculpture routinely ornaments its many temples and the gods are known for their explosive sexuality this question has little meaning to these remarkable writers In their devotional traditions eroticism and mysticism seem inseparable This wonderful selection spans 2 500 years and includes work originally sung or recited by their well known bards Kabir Mirabai Lal Ded Vidyapati and Tagore There are also poems from the Upanishad from ancient Sanskrit poetry and Punjab folk lyrics The poets have largely emerged from the ranks of the dispossessed leather workers refuse collectors maidservants women

orphans Their vision is of a democratic society in which all voices count much like American gospel and blues Shaker songs or the grand vision of Walt Whitman Often they faced persecution for speaking candidly or daring to speak of spiritual matters at all The notes include profiles of these legendary lives Several of these poets simply vanished absorbed into a deity or disappeared in a flash of purple lightening A few produced miracles most of them have clouds of mystery around them Andrew Schelling has drawn on the work of 24 other translators including Ezra Pound Robert Bly W S Merwin Jane Hirschfield and Denise Levertov to build what will be the finest anthology of India s erotic and spiritual poetry for the general read ever assembled

Muslims on the Americanization Path? Yvonne Yazbeck Haddad, John L. Esposito, 2000-05-11 Islam is the fastest growing religion in the United States There are more Muslims in America than in Kuwait Qatar and Libya together Leaving aside immigration and conversion birthrate alone ensures that in the first part of the twenty first century Islam will replace Judaism as the nation s second largest religion Like all religious minorities in America Muslims must confront a host of difficult questions concerning faith and national identity Can they become part of a pluralistic American society without sacrificing their identity Can Muslims be Muslims in a state that is not

governed by Islamic law Will the American legal system protect Muslim religious and cultural differences Is there a contradiction between demanding equal rights and insisting on maintaining a distinctively separate identity Will the secular and or Judeo Christian values of American society inhibit the Muslim practice of religious faith While the Muslims of America are indeed on the path to Americanization what that means and what that will yield remains uncertain In this thoughtful and wide ranging volume fourteen distinguished scholars take an in depth look at these issues and examine the varied responses and opinions of the Muslim community
