Uprising A New Age Is Dawning For Every Mothers Daughter:

Uprising Sally Armstrong, 2025-09-23 From Africa to Asia to the Americas women are the key to progress on ending poverty violence and conflict Award winning humanitarian and journalist Sally Armstrong shows us why empowering women and girls is the way forward and she introduces us to the leading females who are making change happen from Nobel Prize winners to little girls suing from justice Uprising tells dramatic and empowering stories of change makers and examines the stunning courage tenacity and wit they are using to alter the status quo From mud brick houses in Afghanistan to the forests of Congo where women still hide from their attackers to a shelter in northern Kenya where 160 girls between 3 and 17 have won an historic court case against a government who did not protect them from rape to Pakistan where Malala Yousafzai is fighting for the rights of women everywhere Uprising is about the final frontier for women having control over your own body whether in zones of conflict in rural villages on university campuses or in your own kitchen In this landmark book that ties together feminism and our global economy Sally Armstrong brings us the voices of the women all over the world whose bravery and strength is changing the world as we know it

The Other '68 Christina von Hodenberg, 2024 The book is a new revisionist account of Sixties protest movements in West Germany It challenges established narratives centring male intellectuals by foregrounding families private lives women and old people Worked from a wealth of new archival sources the book argues that 1968 was just as much about gender conflict as it was about generational conflict even if the former was often erased from public memory The narrative follows three generations of Germans living in the provincial town of Bonn through the turbulent years of the late 1960s It offers a genuine social history of the period decentring the story of West Germany s 68 socially geographically and generationally The five chapters cover the Shah of Iran s visit to Bonn and Berlin the role of the Nazi past in framing generational differences experiences of old people around 1968 the female dimension of the protests and the sexual revolution The book situates the West German case within the global and West European Sixties and engages with recent controversies on the role of female 68ers the origins of new feminist movements and the sexual revolution Originally published in German in 2018 by C H Beck titled *Das andere Achtundsechzig Gesellschaftsgeschichte einer Revolte* 978 3406719714 it has been translated into English by Rachel Ward

The Last Lion Box Set Paul Reid, William Manchester, 2012-11-20 Universally acclaimed for their compelling narrative their fresh insights and their objective renderings of Winston Churchill s life The Last Lion trilogy presents a revelatory and unparalleled portrait of this brilliant flawed and dynamic adventurer aristocrat soldier and statesman Born at the end of the 19th century when Imperial Britain still stood at the splendid pinnacle

of her power Churchill would witness the shift a few years later as the Empire hovered on the brink of a catastrophic new era One of the greatest wartime leaders of our time he would go on to stand alone politically isolated in Parliament as he took the lead in warning of the growing Nazi threat and would lead Britain to victory against Nazi Germany and the Axis powers in World War II Now celebrated historian William Manchester s landmark biographies are collected together for the first time along with the eagerly anticipated final installment Churchill s last years in power More than thirty years in the making *The Last Lion* is the definitive work on this remarkable man whose courageous vision guided the destiny of a nation during darkly troubled times and who looms as one of the greatest figures of our century **Selected Works of Our World's Best Poets**
