Unlikely Warrior A Pacifist Rabbi's Journey From The Pulpit To Iwo Jima:

Unlikely Warrior Lee Mandel, 2014-12-05 A brilliant student orator and debater Rabbi Roland Gittelsohn was an outspoken social activist and frequent lecturer on political topics during the 1930s. Despite his passionate support of pacifism, Gittelsohn voluntarily joined the navy when the United States entered World War II, becoming the first Jewish chaplain assigned to the United States Marine Corps. Gittelsohn's remarkable story, told here from his surviving notes, chronicles the evolution of his crisis of conscience and gives an insider's view into the Battle of Iwo Jima. Author Lee Mandel's research provides an unprecedented look at how the US Navy took clergymen of all religions and molded them into a highly effective support force for America's fighting forces. Mandel traces the Gittelsohn family from their emigration from Russia through Roland's ordination and his excursions into the political and Zionist movements that shaped the 1930s. Delving into Gittelsohn's pivotal decision to join the armed forces as a chaplain and his experiences in battle, Mandel details the behind-the-scenes anti-Semitic power struggles that almost prevented what was to become one of the most famous oratories in military history. At the dedication of the Fifth Marine Division Cemetery, Gittelsohn delivered a eulogy known as "The Purest Democracy" and often referred to as the Gettysburg Address of WWII. In this dramatic narrative, Mandel draws from many historical sources, including Gittelsohn's 1988 autobiography, extensive personal papers, and the rabbi's unpublished war memoir, including his analysis of why pacifism failed to present a complete picture of this unusual man. *American Jewish Year Book 2015* Arnold Dashefsky, Ira M. Sheskin, 2016-02-03 This Year Book, now in its 115th year, provides insight into major trends in the North American Jewish communities and is the Annual Record of the North American Jewish Communities. The first two chapters of Part I examine Jewish immigrant groups to the US and Jewish life on campus. Chapters on National Affairs and Jewish Communal Affairs analyze the year's events. Three chapters analyze the demography and geography of the US, Canada, and world Jewish populations. Part II provides Jewish Federations, Jewish Community Centers, social service agencies, national organizations, overnight camps, museums, and Israeli consulates. The final chapters present national and local Jewish periodicals and broadcast media, academic resources including Jewish Studies Programs, books, articles, websites, and research libraries, and lists of major events in the past year, Jewish honorees and obituaries. For those interested in the North American Jewish community, scholars, service providers, volunteers, this volume undoubtedly provides the single best source of information on the structure, dynamics, and ongoing religious, political, and social challenges confronting the community. It should be on the bookshelf of everyone interested in monitoring the dynamics of change in the Jewish communities of North America. Sidney Goldstein, Founder and Director, Population Studies and Training Center, Brown University; and Alice Goldstein, Population Studies and Training Center, Brown University. The American Jewish Year Book is a unique and valuable resource for Jewish community professionals. It is part almanac, directory, encyclopedia, and all together a volume to have within easy reach. It is the best concise diary of trends, events, and personalities of interest for the past year. We should all

welcome the Year Book's publication as a sign of vitality for the Jewish community Brenda Gevertz Executive Director JPRO Network the Jewish Professional Resource Organization *Japan's Holocaust* Bryan Mark Rigg, 2024-03-19 Japan's Holocaust is a comprehensive exploration of Japan's mass murder and sexual crimes during the Pacific and Asian Wars from 1927 to 1945 Japan's Holocaust combines research conducted in over eighteen research facilities in five nations to explore Imperial Japan's atrocities from 1927 to 1945 during its military expansions and reckless campaigns throughout Asia and the Pacific This book brings together the most recent scholarship and new primary research to ascertain that Japan claimed a minimum of thirty million lives slaughtering far more than Hitler's Nazi Germany Japan's Holocaust shows that Emperor Hirohito not only knew about the atrocities his legions committed but actually ordered them He did nothing to stop them when they exceeded even the most depraved person's imagination as illustrated during the Rape of Nanking as well as many other events Japan's Holocaust will document in painful detail that the Rape of Nanking was not an isolated event during the Asian War but rather representative of how Japan behaved for all its campaigns throughout Asia and the Pacific from 1927 to 1945 Mass murder rape and economic exploitation was Japan's modus operandi during this time period and whereas Hitler's SS Death's Head outfits attempted to hide their atrocities Hirohito's legions committed their atrocities out in the open with fanfare and enthusiasm Moreover whereas Germany has done much since World War II to atone for its crimes and to document them Japan has been absolutely disgraceful with its reparations for its crimes and in its efforts to educate its population about its wartime past Shockingly Japan continues in general to glorify its criminals and its wartime past
