Unrestrained A Killers Ambition:

Unrestrained R. W. McBride, 2015-05-19 After being framed for a crime he didn't commit The Man is out for revenge He doesn't only want the coward's head who lied on him but he wants the lawmakers' attention as well The Man won't stop assassinating those of the law and those they manipulate into playing a part in their deceitful world until they are stopped His motto is simple Reconsider or Be Killed After countless murders will they see things his way or will he end up on the wrong end of the gun

The Christian Zombie Killers Handbook Jeff Kinley, 2011-10-11 The Christian Zombie Killers Handbook delivers a fresh relevant look at the doctrines of sin grace and salvation Ben Forman was just an ordinary guy a young professional starting his first job and falling in love with his girlfriend Living in the outskirts of a southern city he didn't think the zombie activity so common in the major cities would hit so close to home But it was becoming clear that the mysterious infection reanimating the deceased was a growing epidemic across the country The question was would he stay alive or become the undead In this one of kind approach to teaching about sin grace and salvation The Christian Zombie Killers Handbook tracks the fictional life of Ben Forman and offers solid Bible teaching to help readers understand the gravity and consequences of life without God of life as a zombie Ephesians 2:4-5 says But because of his great love for us God who is rich in mercy made us alive with Christ even when we were dead in our transgressions it is by grace you have been saved Without the salvation Jesus offers we are all as good as dead But as this book teaches in a winsome cutting edge culturally relevant style anyone can kill the zombie inside escape the clutches of the undead and come alive by the supernatural power of God's salvation

Game, Set, Murder Michael Sheridan, 2016-05-10 At the beginning of August 1907 an early morning train from Monte Carlo pulled into the Gare Saint Charles in Marseilles A trunk with a forwarding address was taken to the baggage section to await transportation Some hours later a station employee Louis Pons noticed blood dripping from the trunk The police were called and on opening it discovered a naked female corpse The head and legs were missing Thus began the investigation into a sensational case which drew the attention of newspapers the world over An army of reporters congregated in Marseilles and Monte Carlo to chronicle every twist and turn of the murder inquiry and subsequent trial From the notorious casino the trail led to Marseilles London Liverpool Canada and ultimately to County Cork and Waterford The couple arrested for the crime were Vere St Leger Goold an Irish aristocrat and his French wife Marie Giroudin He was a former Irish Open tennis champion and Wimbledon finalist whose great promise in life had disintegrated into a mire of drink drugs and gambling His wife was a con artist always one step ahead of the financial posse This fascinating tale involves the components of forensic science psychological profiling judicial investigation and global reporting of historical character with a very contemporary echo

Shakespeare and Violence R. A. Foakes, 2003 Shakespeare and Violence first published in 2002 connects

to anxieties about the problem of violence and shows how similar concerns are central in Shakespeare's plays. At first Shakespeare exploited spectacular violence for its entertainment value but his later plays probe more deeply into the human propensity for gratuitous violence especially in relation to kingship, government and war. In these plays and in his major tragedies he also explores the construction of masculinity in relation to power over others, to the value of heroism and to self control. Shakespeare's last plays present a world in which human violence appears analogous to violence in the natural world and both kinds of violence are shown as aspects of a world subject to chance and accident. This book examines the development of Shakespeare's representations of violence and explains their importance in shaping his career as a dramatist.

Kremer, 2012-02-01 This book carefully examines the work of Primo Levi one of the premier survivor writers of the Holocaust and one of the outstanding Italian writers of the twentieth century. Artists, writers and educators have all turned to Levi's writing as a source of inspiration and wisdom in coping with the tragedy of the Holocaust. Until recently however there have been few book length works in English on Levi. This collection of essays from an international group of writers aims to bring greater critical attention to Levi's work by exploring all aspects of his oeuvre including his science fiction writings and his poetry as well as his fictional and nonfictional writings about the Holocaust. Interdisciplinary in nature this collection includes literary, psychoanalytic, linguistic and historical approaches to Levi's work. **Pagan Virtue** John Casey, John Peter Anthony Casey, 1990 Dr Casey argues that the classical virtues of courage, temperance, practical wisdom and justice which are largely ignored in modern moral philosophy centrally define the good for Man. The values of success, pride and worldliness remain alive if insufficiently acknowledged part of our moral thinking. The conflict between these values and our equally important Christian inheritance leads to tensions and contradictions in our understanding of the moral life. *City and State* Herbert Welsh, 1902 **The Cambridge Review**, 1903 Vols 1-26 include a supplement.
