Handbook for Research in American History Francis Paul Prucha, 1994-01-01 When the Handbook for Research in American History was first published reviewers called it an excellent tool for historians of all interests and levels of experience simple to use and concisely worded Western Historical Quarterly and an excellent work that fulfills its title in being portable yet well filled Reference Reviews The Journal of American History added It is not easy to produce a reference work that is utilitarian and enriching and does not duplicate existing works Professor Prucha has done the job very well This second revised edition takes account of the revolution that is occurring in bibliographic science as printed reference works extend to electronic databases CD ROMs and online networks such as the Internet Focusing on and expanding the major section of the original Handbook it provides information on traditional printed works describes new guides and updated versions of old ones notes the availability of reference works and of some full text sources in electronic form and discusses the usefulness to researchers of different kinds of material and the forms in which they are available Extensive cross referencing and a detailed index that includes authors subjects and titles enhance the book s usefulness

The Automobile in American History and Culture Michael L. Berger, 2001-07-30 This comprehensive reference guide reviews the literature concerning the impact of the automobile on American social economic and political history Covering the complete history of the automobile to date twelve chapters of bibliographic essays describe the important works in a series of related topics and provide broad thematic contexts This work includes general histories of the automobile the industry it spawned and labor management relations as well as biographies of famous automotive personalities Focusing on books concerned with various social aspects chapters discuss such issues as

the car's influence on family life youth women the elderly minorities literature and leisure and recreation Berger has also included works that investigate the government's role in aiding and regulating the automobile with sections on roads and highways safety and pollution The guide concludes with an overview of reference works and periodicals in the field and a description of selected research collections The Automobile in American History and Culture provides a resource with which to examine the entire field and its structure Popular culture scholars and enthusiasts involved in automotive research will appreciate the extensive scope of this reference Cross referenced throughout it will serve as a valuable research tool
