The Twilight Of Equality:

The Twilight of Equality? Lisa Duggan, 2012-04-03 By now we've all heard about the shocking redistribution of wealth that's occurred during the last thirty years and particularly during the last decade. But economic changes like this don't occur in a vacuum; they're always linked to politics. *The Twilight of Equality* searches out these links through an analysis of the politics of the 1990s, the decade when neoliberalism, free market economics, became gospel. After a brilliant historical examination of how racial and gender inequities were woven into the very theoretical underpinnings of the neoliberal model of the state, Duggan shows how these inequities play out today. In a series of political case studies, Duggan reveals how neoliberal goals have been pursued, demonstrating that progressive arguments that separate identity politics and economic policy, cultural politics and affairs of state, can only fail. Ultimately, *The Twilight of Equality* not only reveals how the highly successful rhetorical maneuvers of neoliberalism have functioned, but more importantly, it shows a way to revitalize and unify progressive politics in the U.S. today.

Queer Externalities W. C. Harris, 2009-09-10 Provocative take on the negative effects of increasing queer visibility and assimilation on the lives of queer people and politics in the U.S.

In and Out of View Catha Paquette, Karen Kleinfelder, Christopher Miles, 2021-09-09 *In and Out of View* models an expansion in how censorship is discursively framed. Contributors from diverse backgrounds, including artists, art historians, museum specialists, and students, address controversial instances of art production and reception from the mid-20th century to the present in the Americas, Africa, Asia, Europe, and the Middle East. Their essays, interviews, and statements invite consideration of the shifting contexts, values, and needs through which artwork moves in and out of view. At issue are governmental restrictions and discursive effects, including erasure and distortion, resulting from institutional policies, canonical processes, and interpretive methods. Crucial considerations concerning death, violence, authoritarianism, neo-colonialism, global capitalism, labor, immigration, race, religion, sexuality, activism, social justice, disability, campus speech, and cultural destruction are highlighted. The anthology, a thought-provoking resource for students and scholars in art history, museum, and cultural studies, and creative practices, represents a timely and significant contribution to the literature on censorship.

Sexuality and Transsexuality Under the European Convention on Human Rights Damian A. Gonzalez-Salzburg, 2019-02-07 This book undertakes a critical analysis of international human rights law through the lens of queer theory. It pursues two main aims: first, to make use of queer theory to illustrate that the field of human rights law is underpinned by several assumptions that determine a conception of the subject that is gendered and sexual in specific ways. This gives rise to multiple legal and social consequences, some of which challenge the very idea of universality of human rights. Second, the book proposes that human rights law can actually benefit from a better understanding of queer critiques, since queer insights can help it to overcome heteronormative beliefs currently held. In order to achieve these main aims, the book focuses on the case law of the European Court of Human Rights, the leading legal authority in the field of international human rights law. The use of queer theory as

the theoretical approach for these tasks serves to deconstruct several aspects of the Court's jurisprudence dealing with gender sexuality and kinship to later suggest potential paths to reconstruct such features in a queer er and more universal manner *Handbook of Cultural Politics and Education* ,2010-01-01 In academia the effects of the cultural turn have been felt deeply In everyday life tenets from cultural politics have influenced how people behave or regard their options for action such as the reconfiguration of social movements protests and praxis in general Many authors writing in this field are known for their scholarship and social activism both of which are arguably guided by principles of cultural politics about the nature of representation and the deployment of power in political discourses The Handbook of Cultural Politics and Education is less an attempt to standardize contemporary educational scholarship and more a collection that engages the problems and promises of recent themes in social and cultural thought which require our attention and demand a response In other words it opens doors to questions rather than convenient answers to difficult educational dilemmas The Handbook is part of the appraisal of an opening created by interdisciplinary writings on such themes as representation civil society cultural struggle subjectivity and media within the context of education Indeed cultural politics troubles traditional frameworks in search of critical explanations concerning education's place within society The contributions in the collection support this endeavor

Queering the Hmong Diaspora Kong Pheng Pha,2025-10-14 A groundbreaking exploration of race gender and sexuality In the wake of the US wars in Southeast Asia the arrival of Hmong refugees reignited American anxieties about race and sexuality Sensationalized media portrayals of child marriages bride kidnappings and polygamy framed Hmong communities as sexually deviant reinforcing a racialized perception of their cultural practices In *Queering the Hmong Diaspora* Kong Pheng Pha dismantles these narratives revealing how legal cases media representations and legislative efforts have constructed Hmong Americans as hyperheterosexual and ungovernable subjects Critically examining how Hmong Americans are positioned within racial gendered and sexual discourses of liberalism Pha explores the lived experiences of queer Hmong Americans whose existence and activism challenge mainstream and ethnonationalist constructions of subjectivity Addressing Hmong American gender and sexual politics through feminist queer and social justice lenses Pha offers a critical framework for understanding how race and sexuality intersect in shaping the lives of minoritized refugee communities in the United States and beyond

In *Abolitionist Intimacies* Eithne Luibhéid examines writings by and about queer and trans identified migrants and allies who contest pervasive US immigration practices and work toward a future without detention deportation and border controls. Luibhéid shows how these migrants and activists confront such controls by mobilizing intimacies forging close connections in order to survive in the present. From forms of kinship beyond the heterosexual nuclear family to networks of solidarity, intimacies allow queer and trans migrants and allies to challenge the infrastructures that support the deportation state, proposed pathways to citizenship for undocumented migrants, marriage as a means for legalization, traffic interactions as a pipeline to deportation, and queer and trans migrant detention. In the process, activists and theorists have advanced new visions and configurations of possible intimacies that not only challenge deportation but also rework what immigration control and citizenship could mean. By focusing on these abolitionist efforts as well as the publicly available records on queer and trans deportees, Luibhéid highlights the new understandings that emerge when the experiences of queer and trans people are centered.

The Politics of Kinship Mark Rifkin, 2024-01-29

What if we understood the idea of family as central to representing alternative forms of governance as expressions of racial deviance? In *The Politics of Kinship*, Mark Rifkin shows how ideologies of family, including notions of kinship, recast Indigenous and other forms of collective self-organization and self-determination as disruptive racial tendencies in need of state containment and intervention. Centering work in Indigenous studies, Rifkin illustrates how conceptions of family and race work together as part of ongoing efforts to regulate assault and efface other political orders. The book examines the history of anthropology and its resonances in contemporary queer scholarship, contemporary Indian policy from the 1970s onward, the legal history of family formation and privacy in the United States, and the association of blackness with criminality across US history. In this way, Rifkin seeks to open new possibilities for envisioning what kinds of relations, networks, and formations can and should be seen as governance on lands claimed by the United States.

Queer Korea Todd A. Henry, 2020-02-21

Since the end of the nineteenth century, the Korean people have faced successive waves of foreign domination; authoritarian regimes forced dispersal and divided development. Throughout these turbulent times, queer Koreans were ignored, minimized, and erased in narratives of their modern nation, East Asia, and the wider world. This interdisciplinary volume challenges such marginalization through critical analyses of non-normative sexuality and gender variance. Considering both personal and collective forces, contributors extend individualized notions of queer neoliberalism beyond those typically set in Western queer theory. Along the way, they recount a range of illuminating topics: from shamanic rituals during the colonial era and B-grade comedy films under Cold War dictatorship to toxic masculinity in today's South Korean military and transgender confrontations with the resident registration system. More broadly, *Queer Korea* offers readers new ways of understanding the limits and possibilities of human liberation under

exclusionary conditions of modernity in Asia and beyond Contributors Pei Jean Chen John Song Pae Cho Chung kang Kim Timothy Gitzen Todd A Henry Meroze Hwang Ruin Layoung Shin Shin ae Ha John Whittier Treat *The Queering of Corporate America* Carlos A. Ball, 2019-11-12 An accurate picture of the LGBTQ rights movement's achievements is incomplete without this surprising history of how corporate America joined the cause Legal scholar Carlos Ball tells the overlooked story of how LGBTQ activism aimed at corporations since the Stonewall riots helped turn them from enterprises either indifferent to or openly hostile toward sexual minorities and transgender individuals into reliable and powerful allies of the movement for queer equality As a result of street protests and boycotts during the 1970s AIDS activism directed at pharmaceutical companies in the 1980s and the push for corporate nondiscrimination policies and domestic partnership benefits in the 1990s LGBTQ activism changed big business's understanding and treatment of the queer community By the 2000s corporations were frequently and vigorously promoting LGBTQ equality both within their walls and in the public sphere Large companies such as American Airlines Apple Google Marriott and Walmart have been crucial allies in promoting marriage equality and opposing anti LGBTQ regulations such as transgender bathroom laws At a time when the LGBTQ movement is facing considerable political backlash *The Queering of Corporate America* complicates the narrative of corporate conservatism and provides insights into the future legal political and cultural implications of this unexpected relationship *Republic on the Wire* John McMurria, 2017-02 The history of cable television in America is far older than networks like MTV ESPN and HBO which are so familiar to us today Tracing the origins of cable TV back to the late 1940s media scholar John McMurria also locates the roots of many current debates about premium television cultural elitism minority programming content restriction and corporate ownership *Republic on the Wire* takes us back to the pivotal years in which media regulators and members of the viewing public presciently weighed the potential benefits and risks of a two tiered television system split between free broadcasts and pay cable service Digging into rare archives McMurria reconstructs the arguments of policymakers whose often sincere advocacy for the public benefits of cable television were fueled by cultural elitism and the priority to maintain order during a period of urban Black rebellions He also tells the story of the people of color rural residents women's groups veterans seniors and low income viewers who challenged this reasoning and demanded an equal say over the future of television By excavating this early cable history and placing equality at the center of our understanding of media democracy *Republic on the Wire* is a real eye opener as it develops a new methodology for studying media policy in the past and present

The Twilight Of Equality: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the fascinating narratives that have captivated audiences this year. The Twilight Of Equality : Colleen Hoovers "It Ends with Us" This poignant tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover masterfully weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. The Twilight Of Equality : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This captivating historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids absorbing storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. The Twilight Of Equality : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens crafts a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you speculating until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
