Williamson, 1891 *The Two Swords* Dick Westwood, 2013 Two Swords is a sweeping overview of medieval European politics in which author Dick Westwood highlights the events and forces that lead to the breakdown of the European cultural and political unity which it had enjoyed under Roman rule But a golden age of unity in Europe was not forgotten and there remained a prevailing belief not in progress but in the need to restore the unity prosperity and security that had been lost By the 10th century Europe s best minds were convinced that the Empire could be restored and further perfected as a Holy Roman Empire designed by God to be ruled by the spiritual sword of the pope and a temporal sword wielded by the emperor Together they would perfect an all embracing Christendom ready to await the return of Christ and his rule over the earth But the two swords turned against each other and a united Christendom was lost Nevertheless sentiment to restore European unity prevailed ultimately leading to the formation of the European Union Working for a multinational corporation and later for the Australian government as a senior diplomat Dick

Westwood has traveled lived and worked across much of the world At the age of 20 he drove from London to Calcutta via Afghanistan and at 40 he went around the globe using surface transport As a diplomat posted to numerous foreign assignments Westwood has always strongly believed in acquiring a thorough understanding of the historical circumstances that have shaped the countries in which he served Publisher s website <http://sbpra.com/DickWestwood> **SWORDPLAY**
