The United States And Torture Interrogation Incarceration And Abuse

Philip Cushman

The United States And Torture Interrogation Incarceration And Abuse:

The United States and Torture Marjorie Cohn, 2012-04 Torture has been a topic of national discussion ever since it was revealed that enhanced interrogation techniques had been authorized as part of the war on terror. The United States and Torture provides us with a larger lens through which to view America's policy of torture, one that dissects America's long relationship with interrogation and torture which roots back to the 1950s and has been applied mostly in secret to enemies ever since. The United States and Torture opens with a compelling preface by Sister Dianna Ortiz who describes the unimaginable treatment she endured in Guatemala in 1987 at the hands of the Guatemalan government which was supported by the United States. Following Ortiz's preface, an interdisciplinary panel of experts offers one of the most comprehensive examinations of torture to date, beginning with the Cold War era and ending with today's debate over accountability for torture.

Introduction to The United States and Torture Marjorie Cohn, 2011 Emboldened by the terrorist attacks of September 11, 2001, the George W. Bush administration lost no time establishing a policy that authorized the use of enhanced interrogation techniques that is torture and abuse. Cofer Black, head of the CIA Counterterrorist Center, testified at a joint hearing of the House and Senate intelligence committees in September 2002. This is a very highly classified area, but I have to say that all you need to know: There was a before 9/11 and there was an after 9/11. After 9/11, the gloves come off. Indeed, in his January 2003 State of the Union Address, President Bush admitted: "All told, more than 3,000 suspected terrorists have been arrested in many countries. Many others have met a different fate. Let's put it this way: They are no longer a problem to the United States and our friends and allies." Bush was tacitly admitting to the illegal practice of summary execution. This book, the Introduction of which by editor Marjorie Cohn is posted here on SSRN by permission of New York University Press, details the complicity of the U.S. government in the torture and cruel treatment of prisoners both at home and abroad. Following is an abstract of Professor Cohn's Introduction summarizing the contents of the book. The contributors to this book include Richard Falk, Marc D. Falkoff, Terry Lynn Karl, John W. Lango, Jane Mayer, Alfred W. McCoy, Jeanne Mirer, Sister Dianna Ortiz, Jordan J. Paust, Bill Quigley, Michael Ratner, Thomas Ehrlich Reifer, Philippe Sands, Stephen Soldz, and Lance Tapley. In her compelling preface to the book, Sister Dianna Ortiz describes the unimaginable treatment she endured in 1987 when she was in Guatemala doing missionary work while the United States was supporting the dictatorship there. She survived and founded the Torture Abolition and Survivors Support Coalition International, and her work has made her a national symbol of the struggle to abolish torture. In Part I, "The History and Character of Torture," chapters written by an historian, a lawyer, and a political scientist trace the history of CIA torture and U.S. complicity in torture throughout Latin America. A philosopher and a lawyer then analyze the character of torture, the ticking time bomb scenario, and parallels between torture and one-sided warfare. Part II, "Torture and Cruel Treatment of Prisoners in U.S. Custody," brings the study into the current context of the so-called War on Terror. A journalist examines the Bush administration's extraordinary rendition.

program in which a person is abducted without any legal proceedings and transferred to a foreign country for detention and interrogation often tortured Two lawyers look at the treatment of detainees at Guantanamo The role played by psychologists in the Bush torture program is set forth by one of the leaders of the movement to end that involvement And a journalist brings the debate home with his description of the torture of prisoners in U S supermax prisons Finally in Part III Accountability for Torture three lawyers explain strategies for bringing to justice the officials and lawyers who participated in establishing the Bush administration's policies that led to torture and abuse and a sociologist finds links between torture war and presidential power

The Power of Habeas Corpus in America Anthony Gregory, 2013-04-15 Despite its mystique as the greatest Anglo American legal protection habeas corpus history features power plays political hypocrisy ad hoc jurisprudence and failures in securing individual liberty This book tells the story of the writ from medieval England to modern America crediting the rocky history to the writ's very nature as a government power The book weighs in on habeas historical controversies addressing its origins the relationship between king and parliament the US Constitution's Suspension Clause the writ's role in the power struggle between the federal government and the states and the proper scope of federal habeas for state prisoners and wartime detainees from the Civil War and World War II to the War on Terror It stresses the importance of liberty and detention policy in making the writ more than a tool of power The book presents a more nuanced and critical view of the writ's history showing the dark side of this most revered judicial power

Routledge International Handbook of Theoretical and Philosophical Psychology Brent D. Slife, Stephen C. Yancher, Frank C. Richardson, 2021-12-28 Routledge International Handbook of Theoretical and Philosophical Psychology is a compilation of works by leading scholars in theoretical and philosophical psychology that offers critical analyses of and alternatives to current theories and philosophies typically taken for granted in mainstream psychology Within their chapters the expert authors briefly describe accepted theories and philosophies before explaining their problems and exploring fresh new ideas for practice and research These alternative ideas offer thought provoking ways of reinterpreting many aspects of human existence often studied by psychologists Organized into five sections the volume covers the discipline of psychology in general various subdisciplines e.g. positive psychology and human development concepts of self and identity as well as research and practice Together the chapters present a set of alternative ideas that have the potential to take the field of psychology in fruitful directions not anticipated in more traditional theory and research This handbook will be a valuable resource for students and scholars of the theory assumptions and history of psychology

The CIA on Campus Philip Zwerling, 2011-09-05 Former CIA Personnel Director F W M Janney once wrote It is absolutely essential that the Agency have available to it the greatest single source of expertise the American academic community To this end the Central Intelligence Agency has poured tens of millions of dollars into universities to influence research and enlist students and faculty members into its ranks This collection of nine essays from diverse academic fields explores the pernicious penetration of intelligence services into U S campus life to

exploit academic study recruit students skew publications influence professional advancement misinform the public and spy on professors With its exhaustive list of CIA misdeeds and myriad suggestions for combatting the subversion of academic independence this work provides a wake up call for students and faculty across the country Crucified People John Neafsey, 2014-02-10 Through the passion of Christ a psychologist and theologian struggles to understand and respond to the ongoing practice of torture

Travels with the Self Philip Cushman, 2018-10-09 *Travels with the Self* uses a hermeneutic perspective to critique psychology and demonstrate why the concept of the self and the modality of cultural history are so vitally important to the profession of psychology Each chapter focuses on a theory concept sociopolitical or professional issue philosophical problem or professional activity that has rarely been critiqued from a historical sociopolitical vantage point Philip Cushman explores psychology's involvement in consumerism racism shallow understandings of being human military torture political resistance and digital living In each case theories and practices are treated as historical artifacts rather than expressions of a putatively progressive modern era science that is uncovering the one universal truth about human being In this way psychological theories and practices especially pertaining to the concept of the self are shown to be reflections of the larger moral understandings and political arrangements of their time and place with implications for how we understand the self in theory and clinical practice Drawing on the philosophies of critical theory and hermeneutics Cushman insists on understanding the self one of the most studied and cherished of psychological concepts and its ills practitioners and healing technologies as historical cultural artifacts surprising almost sacrilegious concepts To this end each chapter begins with a historical introduction that locates it in the historical time and moral political space of the nation's the profession's and the author's personal context *Travels with the Self* brings together highly unusual and controversial writings on contemporary psychology that will appeal to psychoanalysts and psychotherapists psychologists of all stripes as well as scholars of philosophy history and cultural studies

A Critique of the United States Department of State's Country Reports on Human Rights Practices for 1979 Lawyers Committee for International Human Rights, 1980

Torture As Public Policy James P. Pfiffner, 2015-11-17 After September 11 2001 the Bush Administration decided that the most important intelligence about terrorism would come from the interrogation of captives suspected of terrorism As a result many detainees were subject to harsh interrogation techniques that at times amounted to torture Here James P Pfiffner authoritatively examines the policy directives operational decisions and leadership actions of the Bush Administration that reversed centuries of US policy on the treatment of enemy prisoners He shows how the serious reservations of career military lawyers about these policies were overcome by the political appointees of the Bush Administration Pfiffner then analyses the philosophical and legal underpinnings of the policies and practices that have led to the denunciation of the United States policies by its allies and adversaries throughout the world Looking ahead Pfiffner anticipates Obama administration policy changes to restore U S credibility and accountability In all *Torture as Public Policy* is a model of detailed policy analysis that

demonstrates how greatly public policy matters beyond the back corridors of bureaucracy **Globalization and Emerging Trends in African Foreign Policy** Korwa Gombe Adar, Peter J. Schraeder, 2007 This essay collection examines the emerging trends in foreign policy formulation implementation and evaluation in post Cold War Africa Editors Adar and Schraeder have gathered thirteen essays that analyze existing foreign policy propose changes to the African foreign policy approach and explore the implications of African foreign policy on the world stage Organized into two sections individual country case studies and regional and global case studies this important text is a timely addition to International Relations Foreign Policy and African International Studies courses as well as a useful tool for policy makers diplomats and the NGO community

Harvard Political Review ,2005 **In the 21st Century** Brendon O'Connor, 2007 Essays in the fourth volume examine key themes and flashpoints the Bush Doctrine the Iraq War the rise of Islamic Fundamentalism US relations with the UN and many others Federal Sentencing Reporter ,2000 Encyclopedia of Violence, Peace, & Conflict: G-Po Lester R. Kurtz, 2008 Provides timely and useful information about antagonism and reconciliation in all contexts of public and personal life An essential reference for students and scholars working in the field of peace and conflict resolution studies and for those seeking to explore alternatives to violence and share visions and strategies for social justice and social change U.S. News & World Report ,2006 **Torture and Impunity** Alfred W. McCoy, 2012-08-24 Many Americans have condemned the enhanced interrogation techniques used in the War on Terror as a transgression of human rights But the United States has done almost nothing to prosecute past abuses or prevent future violations Tracing this knotty contradiction from the 1950s to the present historian Alfred W McCoy probes the political and cultural dynamics that have made impunity for torture a bipartisan policy of the U S government During the Cold War McCoy argues the U S Central Intelligence Agency covertly funded psychological experiments designed to weaken a subject s resistance to interrogation After the 9 11 terrorist attacks the CIA revived these harsh methods while U S media was flooded with seductive images that normalized torture for many Americans Ten years later the U S had failed to punish the perpetrators or the powerful who commanded them and continued to exploit intelligence extracted under torture by surrogates from Somalia to Afghanistan Although Washington has publicly distanced itself from torture disturbing images from the prisons at Abu Ghraib and Guantanamo are seared into human memory doing lasting damage to America s moral authority as a world leader Talking About Torture Jared Del Rosso, 2015-06-09 When the photographs depicting torture at Iraq s Abu Ghraib prison were released in 2004 U S politicians attributed the incident to a few bad apples in the American military exonerated high ranking members of the George W Bush administration promoted Guant namo as a model prison and dismissed the illegality of the CIA s use of enhanced interrogation By the end of the Bush administration members of both major congressional parties had come to denounce enhanced interrogation as torture and argue for the closing of Guant namo What initiated this shift In Talking About Torture Jared Del Rosso reviews transcripts from congressional hearings and scholarship on denial torture and state violence to

document this wholesale change in rhetoric and attitude toward the use of torture by the CIA and the U S military during the War on Terror He plots the evolution of the torture issue in U S politics and its manipulation by politicians to serve various ends Most important Talking About Torture integrates into the debate about torture the testimony of those who suffered under American interrogation practices and demonstrates how the conversation continues to influence current counterterrorism policies such as the reliance on drones

The Guantánamo Effect Laurel Emile Fletcher, Eric Stover, 2009-09-01 This book based on a two year study of former prisoners of the U S government s detention facility at Guant namo Bay Cuba reveals in graphic detail the cumulative effect of the Bush administration s war on terror Scrupulously researched and devoid of rhetoric the book deepens the story of post 9 11 America and the nation s descent into the netherworld of prisoner abuse Researchers interviewed more than sixty former Guant namo detainees in nine countries as well as key government officials military experts former guards interrogators lawyers for detainees and other camp personnel We hear directly from former detainees as they describe the events surrounding their capture their years of incarceration and the myriad difficulties preventing many from resuming a normal life upon returning home Prepared jointly by researchers with the Human Rights Center University of California Berkeley and the International Human Rights Law Clinic University of California Berkeley School of Law in partnership with the Center for Constitutional Rights The Guant namo Effect contributes significantly to the debate surrounding the U S s commitment to international law during war time

The Politics of War and the Culture of Violence Ali Al'Amin Mazrui, 2008

A Poetics of Resistance Mary K. DeShazer, 1994 A survey of the empowering poetry of politically active women in El Salvador South Africa and the United States
