The Theology Of The Of Revelation New Testament Theology:

The Theology of the Book of Revelation Richard Bauckham,1993-03-04 The Book of Revelation is a work of profound theology But its literary form makes it impenetrable to many modern readers and open to all kinds of misinterpretations Richard Bauckham explains how the book s imagery conveyed meaning in its original context and how the book s theology is inseparable from its literary structure and composition Revelation is seen to offer not an esoteric and encoded forecast of historical events but rather a theocentric vision of the coming of God s universal kingdom contextualised in the late first century world dominated by Roman power and ideology It calls on Christians to confront the political idolatries of the time and to participate in God s purpose of gathering all the nations into his kingdom Once Revelation is properly grounded in its original context it is seen to transcend that context and speak to the contemporary church This study concludes by highlighting Revelation s continuing relevance for today

The Joy of Hearing Thomas R. Schreiner,2021-11-17 Join New Testament scholar Thomas Schreiner as he explores the meaning and purpose of the book of Revelation The book of Revelation can feel more intimidating to read than other books of the Bible It invites readers into a world that seems confusing and sometimes even strange golden lampstands seven seals a dragon and a rider on a white horse But at its core Revelation is a message of hope written to Christians facing hardship and it s worth the effort to read it and understand it In this first volume in the New Testament Theology series trusted scholar Thomas Schreiner walks step by step through the book of Revelation considering its many themes the opposition believers face from the world the need for perseverance God as sovereign Creator Judge and Savior as well as its symbolic imagery and historical context The Joy of Hearing brings clarity to the content and message of Revelation and explores its relevance for the church today

Revelation (THNTC) John Christopher Thomas, Frank D. Macchia ,2016 The book of Revelation is perhaps the most theologically complex and literarily sophisticated text in the New Testament In this commentary John Christopher Thomas and Frank Macchia make the brilliant but challenging text of Revelation more accessible and easier to understand on its own terms rather than as a futuristic prophecy In addition to their literary exegetical and theological analysis of the text they offer sustained theological essays on the book s most significant themes and issues accenting especially the underappreciated place of the Holy Spirit in the theology of the book

A Theology of Revelation J. Scott Duvall,2025-03-25 A Theology of Revelation by J Scott Duvall in Zondervan s Biblical Theology of the New Testament series provides a comprehensive look at the theology of John s Apocalypse One of only a few dedicated theologies of Revelation Duvall s book leaves no stone unturned in the study of the final book of the Christian canon of Scripture This thoroughly researched study includes an investigation into the historical framework of the book authorship date and occasion and purpose a survey of literary theological foundations genre text and canonicity grammar and symbolic language use of the Old Testament literary structure and interpretation and a full literary theological reading of the book culminating in an exploration of the book s most significant theological themes God Jesus

Christ the Holy Spirit the people of God worship discipleship salvation God's judgment of evil and the new creation Readers will find here a study that is clearly written attentive to the historical literary context with special attention given to the primary theological themes in the book Perhaps above all readers will have their hope in God and his amazing plan reinforced and strengthened *Revelation and Reason in Christian Theology* Christopher C. Green, David I.

Starling, 2018-07-11 Do revelation and reason contradict Throughout the church's history Christians have been tempted to make revelation and reason mutually exclusive But both are essential to a true understanding of the faith The inaugural Theology Connect conference held in Sydney in July 2016 was dedicated to surveying the intersection of revelation and reason In *Revelation and Reason in Christian Theology* Christopher C Green and David I Starling draw together the fruit of this conference to provoke sustained deep reflection on this relationship The essays filtered through epistemological biblical historical and dogmatic lenses critically and constructively contribute to this important and developing aspect of theology Each essayist approaches revelation and reason according to the psalmist's words In your light we see light Ps 36 9 The light of faith does not obscure truth rather it enables us to see truth *New Testament Theology* Thomas R. Schreiner, 2008-06

This comprehensive survey of New Testament theology is arranged thematically and includes careful exegesis of key passages *God and History in the Book of Revelation* Michael Gilbertson, 2003-07-24 This is an interdisciplinary study which constructs a dialogue between biblical interpretation and systematic theology It examines how far a reading of the Book of Revelation might either support or question the work of leading theologians Wolfhart Pannenberg and Jürgen Moltmann on the theology of history exploring the way in which the author of Revelation uses the dimensions of space and time to make theological points about the relationship between God and history The book argues that Revelation sets the present earthly experience of the reader in the context of God's ultimate purposes by disclosing hidden dimensions of reality both spatial embracing heaven and earth and temporal extending into the ultimate future Dr Gilbertson offers a detailed assessment of the theologies of history developed by Pannenberg and Moltmann including their views on the nature of the historical process and the use of apocalyptic ideas in eschatology *The Book of Revelation* Paul M. Hoskins, 2017-02-27 In this commentary Paul Hoskins provides an accessible guide for those who want to understand the book of Revelation He points out Revelation's many connections to the Old Testament the theology of John and biblical theology He shows how useful these connections can be for interpreting Revelation and appreciating its richness In addition Hoskins brings out the relevance of the book of Revelation for Christians in John's day as well as in our own Technical details and interaction with scholarly discussions are handled in footnotes in order to minimize confusion for the average reader A well researched and carefully presented work of Evangelical scholarship this commentary provides a good starting place for Christians who are looking for insight into the book of Revelation

Revelation 1-11 (ITC) Peter J. Leithart, 2018-02-22 The Book of Revelation is the last book in the canon of the New Testament and its only apocalyptic document though there are short apocalyptic passages in various places in the gospels and the epistles This first of two volumes on Revelation offers systematic and thorough interpretation of the book of Revelation Revelation brings together the worlds of heaven earth and hell in a final confrontation between the forces of good and evil Its characters and images are both real and symbolic spiritual and material and it is frequently difficult to know the difference between them Revelation's cryptic nature has ensured that it would always be a source of controversy This

commentary focuses on the theological content gleaned the best from both the classical and modern commentary traditions and showing the doctrinal development of Scriptural truths. Scholarship on the book of Revelation has nonetheless not only endured but even captured the imagination of generations of Bible students both professionals and laypeople alike. Through its focus on the message of the book through scholarly analysis, this International Theological Commentary reconnects to the ecclesial tradition of biblical commentary as an effort in *ressourcement* though not slavish repetition.

Revelation Grant R. Osborne, 2023-10-17. The Book of Revelation contains some of the most difficult passages in Scripture. Grant Osborne's commentary on Revelation interprets the text while also introducing readers to the perspectives of contemporary scholarship in a clear and accessible manner. Osborne begins with a thorough introduction to Revelation and the many difficulties involved in its interpretation. He discusses authorship, date of writing, and the social and cultural setting of the work. He also examines elements that complicate the interpretation of apocalyptic literature, including the use of symbols and figures of speech, Old Testament allusions, and the role of prophetic prediction. Osborne surveys various approaches commentators have taken on whether Revelation refers primarily to the past or to events that are yet future. Rather than exegesis of the text narrowly in a verse by verse manner, Osborne examines larger sections in order to locate and emphasize the writer's central message and the theology found therein. Throughout, he presents his conclusions in an accessible manner. When dealing with particularly problematic sections, he considers the full range of suggested interpretations and introduces the reader to a broad spectrum of commentators. Revelation seeks to reach a broad audience with scholarly research from a decidedly evangelical perspective.

Theology of Revelation Rene Latourelle, 2009-11-01. For fruitful discussion within the Church for a meaningful dialogue with other Christians for the renewal of the theology of preaching for these and many other reasons, we need a new understanding of the nature of revelation. The usual apologetical treatment of revelation bent on proving its existence touches but the fringe of the reality. Our day and age needs a theology of revelation which probes the nature, depths, and dimensions of the mystery. Father Latourelle's study is a significant contribution in this unfurrowed field and may well be recognized as a landmark for years to come. His treatment of scriptural data on the notion of revelation is grounded on the advances of twentieth-century exegesis. He admirably handles the multifaceted Old Testament notion of revelation and his detailed study of the Synoptics, Acts, Paul, and John heightens the point that the Old Testament's revelation foreshadowed the New, and the New is only intelligible against the background of the Old. His summary of the patristic idea of revelation is erudite and stimulating and probes the thoughts of twenty writers from the Apostolic Fathers to Augustine. The richness of patristic insight contrasts sharply with later theological studies of the nature of revelation. His study of the theological thought of the scholastic and neo-scholastic schools is critical and informative. Their approach culminated in overstressing the apologetical aspects of revelation, a course which modern theology is abandoning to re-discover a theology of revelation that is Christ-centered, Scriptural, historical, and interpersonal. In treating of the magisterium, the author presents a splendid

analysis of official documents from Trent to Vatican II and his summary underscores the point that the Church documents present a view of revelation that closely resembles that of the biblical and patristic sources. The author's personal reflections enable us to view many aspects of revelation in a new light. He draws on the insights of modern linguistics to give a new dimension to revelation's traditional definition *locutio Dei*. He elucidates the point that revelation is neither event alone nor word alone; its structure is sacramental and consists of events interpreted by word. In dealing with preaching, miracles, and other themes, Father Latourelle combines wide erudition and lucidity, and his work stands as a major contribution to modern theological thought.
