Great Britain. Foreign Office. Historical Section,1920 **The Mystery of Easter Island** Marco Di Caprio,2008-10-04 Year 2099 The archaeologists who have been working on Easter Island for many years try to disclose the mystery a sacred object that the island natives identify with this term and they intend to hide to the rest of the world The CIA has now pushed the holders of the island the Chileans to surrender this overseas possession to the United States because they intend to put a very sinister and dark plan into actions Why does the most powerful nation of the globe is so interested to a so small and meaningless island Meanwhile a turning point can be glimpsed in the investigations of the archaeologists that seem to follow the right way to discover the mystery of Easter Island by now but their adventure will be long and tortuous full of traps

*The Mystery of Easter Island* Katherine Routledge,2020-04-12 All the seashore is lined with numbers of stone idols with their backs turned towards the sea which caused us no little wonder because we saw no tool of any kind for working these figures So wrote a century and a half ago one of the earliest navigators to visit the Island of Easter in the South east Pacific Ever since that day passing ships have found it incomprehensible that a few hundred natives should have been able to make move and erect numbers of great stone monuments some of which are over thirty feet in height they have marvelled and passed on As the world s traffic has increased Easter Island has still stood outside its routes quiet and remote with its story undeciphered What were these statues of which the present inhabitants know nothing Whence came the people who reached this remote spot Did they arrive from South America 2 000 miles to the eastward Or did they sail against the prevailing wind from the distant islands to the west *Rapa Nui - Easter Island* Ian Conrich,Hermann Mückler,2016-05-06 Easter Island or Rapa Nui has long captivated travellers and explorers since it was first encountered by European voyagers in 1722 The island s colossal stone carvings moai have been the primary attraction yet these have overshadowed the broader culture of the Rapanui people This significant edited collection brings together thirteen specialists from eight countries in a series of studies that address the pre history history contemporary society and popular culture of Easter Island Consideration is given to both the Rapanui and western cultures with topics covered including archaeology anthropology linguistics tourism
