Truth and History in the Ancient World Lisa Hau, Ian Ruffell, 2016-11-03 This collection of essays investigates histories in the ancient world and the extent to which the producers and consumers of those histories believed them to be true Ancient Greek historiographers repeatedly stressed the importance of truth to history yet they also purported to believe in myth distorted facts for nationalistic or moralizing purposes and omitted events that modern audiences might consider crucial to a truthful account of the past Truth and History in the Ancient World explores a pluralistic concept of truth one in which different versions of the same historical event can all be true or different kinds of truths and modes of belief are contingent on culture Beginning with comparisons between historiography and aspects of belief in Greek tragedy chapters include discussions of historiography through the works of Herodotus Xenophon and Ktesias as well as Hellenistic and later historiography material culture in Vitruvius and Lucian s satire Rather than investigate whether historiography incorporates elements of poetic rhetorical or narrative techniques to shape historical accounts or whether cultural memory is flexible or manipulated this volume examines pluralities of truth and belief within the ancient world and consequences for our understanding of culture ancient or otherwise

and Truth deals with the epistemological premises and the objectivity of historical truth as well as the social conditioning of historical cognition Both the problem of the model of cognitive relationship and the problem of truth are discussed in the context of true cognition Comprised of eight chapters this book begins with an overview of historians conflicting interpretations regarding the causes of the French Revolution to highlight the tendency of historians to differ in their visions of the historical process resulting in different and sometimes even contradictory representations of one and the same fact The discussion then turns to three models of the process of cognition the cognitive subject the object of cognition and knowledge as the product of the process of cognition as well as the concept of truth as a philosophical problem Subsequent chapters focus on two concepts of history namely positivism and presentism The class character of historical cognition historicism and relativism and the selection of historical facts The book also considers why history is continuously written anew before concluding with an assessment of the objectivity of historical truth This monograph will be of interest to students practitioners and researchers in the fields of history philosophy and the social sciences The Truth About History Reader's Digest,2003 Truth and History Murray G. Truth, Morality, and Meaning in History Paul T. Phillips,2019 In this important new book Paul T Phillips argues that most professional historians aside from a relatively small number devoted to theory and methodology have concerned themselves with particular specialized areas of research thereby ignoring the fundamental questions of truth morality and meaning This is less so in the thriving general community of history enthusiasts beyond academia and may explain in part at least history s sharp decline as a subject of choice by students in recent years Phillips sees great dangers resulting from the thinking of extreme relativists and postmodernists on the futility of attaining historical truth especially in the age of post truth He also believes that moral judgment and the search for meaning in history should be considered part of the discipline s mandate In each section of this study Phillips outlines the nature of individual issues and past efforts to address them

including approaches derived from other disciplines This book is a call to action for all those engaged in the study of history to direct more attention to the fundamental questions of truth morality and meaning **The History of the Augsburg Confession** John Henry Wilbrandt Stuckenberg,1897 **The Practice of History in India** Anirudh Deshpande,2021-10-14
