Through *Complete Guide to Primary Dance* you will gain the insight, expertise and confidence to teach dance to children from reception to year 6. Regardless of your experience, this book and accompanying web resource will enable you to plan and deliver age appropriate learning experiences for your children. *Complete Guide to Primary Dance* offers a wealth of practical and creative ideas that you can use in your teaching, whether you are new to teaching, have little dance experience or are a dance specialist. A scheme of 22 units of work for teaching children from reception to year 6 and a companion web resource that includes a bank of photos, video clips, warm ups and written resources to assist you in your teaching. You can download and print the photographs from the web resource to demonstrate and inspire good practice. The video clips show progression in learning through bite-sized steps that will help you guide the children to create and perform dances in real time. In addition, you can view two complete class dances and a number of dance phrases on the video clips to use with your classes. These photographs and clips supplement the written resources on the web, which include stories, a poem, word banks, warm ups and complete units of work along with a template that can be used for designing your own unit of work. *Complete Guide to Primary Dance* draws on and is complementary to the National Dance Teachers Association partnerships with Youth Dance England, Dance UK, the Association for Physical Education and Youth Sports Trust. Teaching points are aligned with each task, helping you to know what to look for, what to emphasise, how to develop the movement material and how to challenge the children appropriately. Written by Lyn Paine, a highly regarded teacher trainer and author of many dance resources, *Complete Guide to Primary Dance* is the definitive dance resource that is based on current best practices in schools. In addition to dance subject knowledge for teaching, you will find the chapters on managing learning and assessing most helpful.
