Oates, 2009-03-17 A tribute to the brilliant craftsmanship of one of our most distinguished writers providing valuable insight
into her inspiration and her method Joyce Carol Oates is widely regarded as one of America's greatest contemporary literary
figures Having written in a number of genres prose poetry personal and critical essays as well as plays she is an artist ideally
suited to answer essential questions about what makes a story striking a novel come alive a writer an artist as well as a
craftsman In The Faith of a Writer Oates discusses the subjects most important to the narrative craft touching on topics such
as inspiration memory self criticism and the unique power of the unconscious On a more personal note she speaks of
childhood inspirations offers advice to young writers and discusses the wildly varying states of mind of a writer at work Oates
also pays homage to those she calls her significant predecessors and discusses the importance of reading in the life of a
writer Oates claims Inspiration and energy and even genius are rarely enough to make art for prose fiction is also a craft and
craft must be learned whether by accident or design In fourteen succinct chapters The Faith of a Writer provides valuable
lessons on how language ideas and experience are assembled to create art **The Poetics of Psychoanalysis** Mary
Jacobus, 2005-12-22 The Poetics of Psychoanalysis In the Wake of Klein explores the literary aspects of the twentieth century
psychoanalytic tradition that has come to be known as British Object Relations psychoanalysis Focusing on Melanie Klein's
legacy to psychoanalysis between the 1930s and 1970s it deals with major figures such as Riviere Isaacs Winnicott Milner
and Bion as well as Klein's contemporary Ella Sharpe Mary Jacobus breaks new ground by giving a central place to the
literary and aesthetic concerns of the British Object Relations tradition Paying close attention to writing that is often side
lined by literary critics and theorists she makes fruitful connections with particular works of literature and art along with
pressing contemporary issues The three sections focus on the transitions mediations and transformations that took place in
British Object Relations psychoanalysis as Klein's ideas were developed and transformed Situating Kleinian thought in

relation to later developments and differences while making it accessible to non psychoanalytic readers The Poetics of Psychoanalysis argues against the separation of British and continental traditions and for the continuing links between psychoanalysis and aesthetics Rather than applying psychoanalytic ideas to literature and aesthetics the book traces the British Object Relations tradition as a form of proto modernist discourse in its own right Linked by a common thread of ideas and structured to reflect a roughly chronological trajectory individual chapters can also be read as free standing critical essays Aimed at literary readers this book will also be of interest to psychoanalytic practitioners and cultural theorists **Of**

Hugh Kingsmill, 2022-02-13 First published in 1949 *The Progress of a Biographer* follows a general principle that there are absolute truths which an individual can in some degree apprehend and live by but which churches and institutions can only obscure and pervert This principle is followed for the sketches in this book most of which were written between the end of World War II and the spring of 1948 The subjects range from P G Wodehouse to Karl Marx from W B Yeats to Thackeray and from Rainer Maria Rilke to Lloyd George Believing that to understand a man s work one must form a coherent impression of

the man the author has tried to suggest the leading characteristics and governing impulses of his subjects His intention has been to clarify rather than to criticise though doubtless the affect may sometimes be one of criticism falling short of clarification The book will be of interest to students across disciplines but will particularly appeal to students of English literature Michael Oakeshott Selected Writings Collection Michael Oakeshott,2014-08-26 A collection of 6 volumes of Oakeshott s work Notebooks 1922-86 Early Political Writings 1925-30 The Concept of a Philosophical Jurisprudence Vocabulary of a Modern European State Lectures in the History of Political Thought and What is History *Michael Oakeshott: Notebooks, 1922-86* Michael Oakeshott,Luke O'Sullivan,2014-01-21 From the 1920s to the 1980s Oakeshott filled dozens of notebooks with his private reflections both personal and intellectual Their contents range from aphorisms to miniature essays forming a unique record of his intellectual trajectory over his entire career This volume makes them accessible in print for the first time drawing together a host of his previously inaccessible observations on politics philosophy art education and much else besides Religion in particular emerges as an ongoing concern for him in a way that is not visible from his published works The notebooks also provide a unique source of insight into Oakeshott s musings on life thanks to the hitherto unsuspected existence of the series of Belle Dame notebooks that were written in the late 1920s and early 1930s but which only came to light two decades after his death At the same period in which he was developing the concepts that would form Experience and its Modes Oakeshott s personal life lead him to reflect extensively on love and death themes that highlight his enduring romantic affinities Accompanied by an original editorial introduction the volume allows readers to see for themselves exactly which works Oakeshott used in compiling each of his notebooks providing a much clearer record of his intellectual influences than has previously been available It will be an essential addition to the library of his works for all those interested in his ideas **The Eco-poetics of War** Sylvain Belluc,Isabelle Brasme,Guillaume Tanguy,2024-12-30 The Eco-poetics of War explores the interrelationality of human and nonhuman entities in the context of conflict as recorded in literature and culture This collection of essays demonstrates the specific and fertile role of literature in representations of war as it foregrounds the manifold ways in which the borders between human and nonhuman including flora fauna and technology become porous thus questioning traditional onto epistemological and ethical categories Bringing together British American and postcolonial studies The Eco-poetics of War covers a variety of historical periods geographical areas and literary genres Interdisciplinary in its outlook it intertwines war studies ecocriticism literary theory philosophy and cultural studies By analyzing the stylistic and discursive strategies devised by writers to translate the sensory experience of the battlefield the contributors shed light on the unique capacity of literature to foreground the entanglement of human and nonhuman in the context of armed conflict and thus unveil an eco-poetics of war This collection will interest scholars of literature specialists of war studies and ecocriticism and any reader interested in such issues such as ecowar ecocide the Anthropocene or environmental justice It can inspire interdisciplinary teaching or research projects especially in the current
