Understanding Generalist Practice 5th Edition Only:

Instructor's Edition for Understanding Generalist Practice Kirst-Ashman, 2001-07 **101 Social Work Clinical Techniques** Francis J. Turner, William Rowe, 2013-05-08 The purpose of the book is to enhance the concept of Technique in the teaching and practice of Social Work Over the years Technique has not been stressed as a part of practice even though the actual practice of Social Work consists of the utilization of techniques in addition to theory and the process of assessment and diagnosis The book seeks to achieve its goal in four ways It addresses the way the concept of Technique has or has not been used over the years It addresses the need for a clear definition of technique It analysis the qualities that Technique should have at this point in our history of clinical practice It then formulates and presents a definition of technique for our thesis based on this definition It then presents a brief discussion of 101 Techniques discussed in contemporary literature by discussing each one s place in practice a bit about its history and necessary knowledge skills to use responsibly It addresses the latter by grouping a level of risk involved in its utilization **Interpersonal Social Work Skills for Community**

Practice Donna Hardina, 2012-07-23 Specifically dedicated to the skills that social workers need to advance community practice this creative book is long overdue Grounded in the wisdom and evidence of well honed interpersonal social work skills Donna Hardina s new text takes community practice to a higher level than ever before developed in book form indeed she displays the most thorough understanding of research on community practice that I have read in any community practice text Journal of Teaching in Social Work Community organization has been a major component of social work practice since the late 19th century It requires a diverse set of abilities interpersonal skills being among the most important This textbook describes the essential interpersonal skills that social workers need in community practice and helps students cultivate them Drawing from empirical literature on community social work practice and the author s own experience working with community organizers the book focuses on developing the macro level skills that are especially useful for community organizing It covers relationship building interviewing recruitment community assessment facilitating group decision making and task planning creating successful interventions working with organizations and program evaluation along with examples of specific applications For clarity and ease of use the author employs a framework drawn from a variety of community practice models including social action and social planning transformative popular education and community development approaches and multicultural and feminist approaches The text is linked to the competencies outlined in the Council of Social Work Education s 2008 Educational Policy and Accreditation Standards EPAS as well as ethics and values identified in the National Association of Social Workers NASW Code of Ethics and the International Federation of Social Workers statement of ethical principles Most chapters begin with a quote from a community organizer explaining how interpersonal skills are used in practice and student exercises conclude each chapter The text also addresses other important skills such as legislative advocacy lobbying and supervision Key Features Describes the essential skills social workers need in community practice and

how to acquire them Includes examples of specific applications drawn from empirical literature and the author's experience working with community organizers Grounded in social justice strengths based and human rights perspectives Linked to competencies outlined in EPAS and values identified in the NASW Code of Ethics Based on a variety of community practice models Group Work Sondra Brandler, Camille P. Roman, 2015-06-26 The new edition of Group Work adds a focus on

diversity and the use of self in group work an area too often neglected in professional training but essential to meeting current competence standards set by the Council on Social Work Education As in previous editions students and professors will find thoughtful analyses of complicated value dilemmas and specific techniques for use in a diverse range of settings including confrontations and situations where humor is appropriate Complete with more games and exercises an updated discussion of values and ethics and an expanded skills section Group Work also contains excerpts and discussions of case studies that can be applied to students own experiences and will serve as a valuable references for years to come *Rural Nursing, Fifth Edition* Charlene A.
