Uniforms of the French Foreign Legion 1831-1981 Martin Windrow,1986 **French Foreign Legion 1831-71**

Martin Windrow,2016-12-15 Concluding his bestselling series on the French Foreign Legion Martin Windrow explores the formation and development of the Legion during its first generation Raised in 1831 the Legion s formative years would see it fight continuous and savage campaigns in Algeria aid the Spanish government in the Carlist War join the British in the Crimean campaign and fight alongside the Swiss in the bloody battles of Magenta and Solferino With the ever changing combat environments they found themselves in the Legion had to constantly adapt in order to survive Taking advantage of the latest research this lavishly illustrated study explores the evolution of the uniforms and kit of the French Foreign Legion from their early campaigns in Algeria through to their iconic Battle of Camerone in Mexico and their role in the Franco Prussian war *French Foreign Legion 1872-1914* Martin Windrow,2011-12-20 An illustrated history of the classic Beau

Geste period of the French Foreign Legion when the corps was expanded during the most dynamic years of French imperial expansion Legion battalions fought in the deserts and mountains of southern Algeria and Morocco as well as in the jungles of North Vietnam West Africa and Madagascar Their varied uniforms and equipments for each period and theatre are illustrated and examined Written by a leading expert on the French Foreign Legion this is a colourful introduction to the period when the Legion forged their legendary fighting reputation **Armies of the Crimean War, 1853-1856** Gabriele

Esposito,2023-11-23 Lavishly illustrated with over 100 illustrations that detail the composition organization uniforms weapons and equipment of each force The Crimean War was the first major European war since the end of the Napoleonic Wars and Britain s only war on that continent in the century between Waterloo and WW1 When Russia invaded provinces of the Ottoman Empire the British and French later joined by the Kingdom of Piedmont Sardinia intervened to limit Russian expansion towards the Black Sea Each of the armies contained an eclectic mix of units The regular European regiments still displayed much of the bright color and finery associated with the Napoleonic era the British infantry in their scarlet tunics forming the famous thin red line at Balaklava for instance while each also contained a mix of exotic units drawn from across their respective empires The French fielded Zouaves and Spahis from North and West Africa not to mention the legendary Foreign Legion the Ottomans had Tunisians and Egyptians alongside Balkan mountaineers and the infamous Bashi bazouks the Russians of course had their Cossacks and the British fielded little known German Swiss and Italian mercenaries Gabriele Esposito details the composition organization uniforms and weaponry of each force and illustrates many of them with early black and white photos this being the first major war for which photography was available as well as numerous color artworks **French Foreign Legion** Martin Windrow,2013-08-20 Men of action and elite soldiers with a young and

dynamic spirit the French Foreign Legion are capable of doing their duty anywhere anytime Martin Windrow s superb text examines the history of this famous force from the end of the Second World War onward This first class addition to the Men

at Arms series not only contains a wealth of accompanying photographs and illustrations including eight full page colour plates by Mike Chappell but is extended by a further 16 pages allowing the author to display the full range of his expert knowledge including 11 pages devoted to uniforms Dien Bien Phu 1954 David Stone,2018-10-26 The French strategy of seeking to establish a fortified base across the Viet Minh s route to and from Laos provoked an awesome struggle that lasted from November 1953 to May 1954 During this time Dien Bien Phu surrounded by 2000 ft hills and thus difficult to re supply by air as the French had intended became the scene of fearful contests between the locally savvy men of General Giap and the hapless French forces who losing one strongpoint after another were finally trapped in Dien Bien Phu garrison The French lost the cream of their strategic reserve in the region and within months were agreeing to the independence of Vietnam Laos and Cambodia David Stone a British Army officer of the post World War II era leads the reader through the complex nature of this significant action **Dien Bien Phu** Anthony Tucker-Jones,2017-08-30 When the world held its breath It is 25 years since the end of the Cold War now a generation old It began over 75 years ago in 1944long before the last shots of the Second World War had echoed across the wastelands of Eastern Europewith the brutal Greek Civil War The battle lines are no longer drawn but they linger on unwittingly or not in conflict zones such as Iraq Somalia and Ukraine In an era of mass produced AK 47s and ICBMs one such flashpoint was French Indochina At the end of the Second World War France sought to reassert its military prestige but instead suffered humiliating defeat at Dien Bien Phu in French colonial Indochina The First Indochina war became a textbook example of how not to conduct counterinsurgency warfare against nationalist guerrillas Anthony Tucker Jones guides the reader through this decisive conflict with a concise text and contemporary photographs providing critical insight into the conduct of the war by both sides and its wider ramifications The Viet Minh after resisting the Japanese in Indochina sought independence for Vietnam from France The French with limited military resources moved swiftly to reassert control in 1945 sparking a decade long conflict French defense of Hanoi rested on holding the Red River Delta making it a key battleground When the Viet Minh invaded neighboring Laos the French deployed to fight a set piece battle at Dien Bien Phu in 1954 but instead were trapped All relief attempts failed and French defenses were slowly overwhelmed America considered coming to the garrisons rescue using nuclear weapons but instead left it to its fate which set the scene for the Algerian and the Vietnam conflicts **A Catalog of the Louis and Nancy H. Dupree Collection** Avinash C. Maheshwary,1994 **Sea of Troubles** Ian Rutledge,2023-10-17 In the mid eighteenth century most of the Mediterranean coastline and its hinterlands were controlled by the Ottoman Empire a vast Islamic power regarded by Christian Europe with awe and fear By the end of the First World War however this great civilisation had been completely subjugated and its territories occupied by European powers Sea of Troubles is the definitive account of the European conquest of the Levant and North Africa over three centuries Ian Rutledge reveals the intense imperial rivalry between six European powers Britain France Italy Spain Austria Hungary and Russia who all jostled for control of the trade

lands and wealth of the Islamic Mediterranean The competition between these states made their conquest a far more difficult and extended task than they encountered elsewhere in the world Yet as new contenders entered the contest and as rivalries intensified in the early twentieth century events would spiral out of control as the continent headed towards the First World War

The Owl Who Liked Sitting on Caesar Martin Windrow, 2014-06-10 This memoir of the relationship between a British military historian and a Tawny Owl is a small masterpiece of animal literature a perfect book The Wall Street Journal Mumble was so much a part of my life in those days that the oddity of our relationship seldom occurred to me and I only thought about it when faced with other people's astonishment When new acquaintances learned that they were talking to a book editor who shared a seventh floor flat in a South London tower block with a Tawny Owl some tended to edge away rather thoughtfully I tried to answer patiently but I found it hard to come up with a short reply to the direct question Yes but why my best answer was simply Why not Martin Windrow was a war historian with little experience with pets when he adopted an owl the size of a cornucopia Adorable but with knife sharp talons Mumble became Windrow's closest if at times unpredictable companion first in a South London flat and later in the more owl friendly Sussex countryside In *The Owl Who Liked Sitting on Caesar* Windrow recalls with wry humor their finer moments as well as the reactions of incredulous neighbors the awkwardness of buying Mumble unskinned rabbit at Harrods Food Hall and the grievous sense of loss when Mumble nearly escapes Windrow offers a poignant and unforgettable reminiscence of his charmed years with his improbable pet as well as an unexpected education in the paleontology zoology and sociology of owls A memoir of his friendship with this singular creature interwoven with a natural history of her species It is all the more affecting because of its gruff understatement The New York Times Book Review Pure joy Martin Windrow shows us the essence of a wild animal in a story as informative as a scientific paper on the species *Strix aluco* but much more fun to read Elizabeth Marshall Thomas author of *A Million Years with You* Includes photographs and illustrations
