Atma Bodha By Shankaracharya Shraddhesh Chaturvedi,2020-09-13 Traditionally Who am I has been the central quest of Vedic texts Knowing I without any external attributes such as body mind age etc is termed as self knowledge Or we can say that knowing what we are and what we are not constitutes the complete answer For example a transparent crystal placed near a hibiscus flower appears to be red Until we see it without the flower we ll not know that it is transparent and not red Similarly if our notion about ourselves is mixed with some external attributes which are different from us we ll perceive our reality differently This wrong perception will give rise to various conflicts like death pain and anxiety So it looks imperative to know our fundamental reality to destroy the pain and taste the immortal bliss within Once we accept that there is something we need to know we talk about the ways in which the correct understanding can be reached We find ways to test our understanding And we also want to know how this reality looks like In this short original and profound work Shankaracharya has answered these questions and shared his insight about non dual reality
