Ventriloquized Voices Feminist Theory And English Renaissance Texts

Margaret P. Hannay

Ventriloquized Voices Feminist Theory And English Renaissance Texts:

Ventriloquized Voices Elizabeth D. Harvey, 2003-09-02 First published in 1992 Routledge is an imprint of Taylor Francis an informa company **Anonymity in Early Modern England** Janet Wright Starner, Barbara Howard Traister, 2011 Expanding the scholarly conversation about Renaissance anonymity and attribution studies this collection explores the phenomenon of anonymous publication in all its variety of methods and genres The volume opens with essays investigating particular English texts and the inflection each genre gives to the issue of nameless authoring Later chapters consider more abstract consequences of anonymity including its function in destabilizing scholarly assumptions about authorship its ethical ramifications and its relationship to attribution studies Ashgate Critical Essays on Women Writers in England, 1550-1700 Margaret P. Hannay, 2017-05-15 Mary Sidney Herbert Countess of Pembroke was renowned in her own time for her metrical translation of biblical Psalms several original poems translations from French and Italian and her literary patronage William Shakespeare used her Antonius as a source Edmund Spenser celebrated her original poems John Donne praised her Psalmes and Lady Mary Wroth and Aemilia Lanyer depicted her as an exemplary poet Arguably the first Englishwoman to be celebrated as a literary figure she has also attracted considerable modern attention including more than two hundred critical studies This volume offers a brief introduction to her life and an extensive overview of the critical reception of her works reprints some of the most essential and least accessible essays about her life and writings and includes a full bibliography **Women, Reading, and the Cultural Politics of Early Modern England** Edith Snook, 2017-07-05 A study of the representation of reading in early modern Englishwomen s writing this book exists at the intersection of textual criticism and cultural history It looks at depictions of reading in devotional works maternal advice books poetry fiction and manuscripts for evidence of ways in which women conceived of reading in sixteenth and early seventeenth century England Among the texts considered are Katherine Parr Lamentation of a Sinner Anne Askew The Examinations of Anne Askew Dorothy Leigh The Mothers Blessing Elizabeth Grymeston Miscelanea Meditations Memoratives Anne Cornwallis s commonplace book Folger MS V a 89 Aemilia Lanyer Salve Deus Rex Judaeorum The Death and Passion of Our Lord Jesus Christ Bodleian MS Don e 17 and Mary Wroth The First Part of The Countess of Montgomery s Urania The Rhetoric of the Body from Ovid to Shakespeare Lynn Enterline, 2000-05-11 This persuasive book analyses the complex often violent connections between body and voice in Ovid s Metamorphoses and narrative lyric and dramatic works by Petrarch Marston and Shakespeare Lynn Enterline describes the foundational yet often disruptive force that Ovidian rhetoric exerts on early modern poetry particularly on representations of the self the body and erotic life Paying close attention to the trope of the female voice in the Metamorphoses as well as early modern attempts at transgendered ventriloquism that are indebted to Ovid s work she argues that Ovid s rhetoric of the body profoundly challenges Renaissance representations of authorship as well as conceptions about the difference between male and female experience This vividly

original book makes a vital contribution to the study of Ovid's presence in Renaissance literature **'This Double Voice'** NA NA, 2016-04-30 The Double Voice reassesses the notions of gender which have been used to analyze Renaissance literature. Rather than assuming that men and women write differently because of background, education, and culture, it tries to unsettle the connections between the sex of the author and the constructions of gender in texts and to reconsider the prevalent determinist model of reading which tends to consign women writers to the private domestic sphere and to render male negotiations of gender invisible and transparent *What Rosalind Likes* Paul J. Hecht, 2022 Shows how the character called Rosalind who features in works by Spenser, Lodge, and Shakespeare can be considered as a single and unifying character whose textual appearances lead us to reconsider important aspects of Renaissance literature, prosody, the influence of Virgil, and of pastoral poetry and the position of women **Ashgate Critical Essays on Women Writers in England, 1550-1700** Micheline White, 2017-05-15 Anne Lock, Isabella Whitney, and Aemilia Lanyer have emerged as important literary figures in the past ten years, and scholars have increasingly realized that their bold and often unorthodox works challenge previously held conceptions about women's engagement with early modern secular and religious literary culture. This volume collects some of the most influential and innovative essays that elucidate these women's works from a wide range of feminist literary, aesthetic, economic, racial, sexual, and theological perspectives. The volume is prefaced by an extended editorial overview of scholarship in the field **Canon Formation/exclusion**, 1997 Current Contents, 1999 *Choice*, 1993 *Selected Writings* Marguerite (Königin, Navarra), 2008-10-15 Marguerite de Navarre, 1492-1549, was the sister and wife to kings and a pivotal influence in sixteenth-century France. An astute politician and diligent humanist, she was a champion of gender equality and the evangelical reform movement which recognized that the clergy was more concerned with maintaining the church's power than ministering to the faithful. As the years passed and the glitter of life at court waned, however, Marguerite came to realize her true vocation: writing. *Selected Writings* brings together a representative sampling of Marguerite's varied writings, most of it never before translated into English, enabling Anglophone readers to enjoy the full breadth of her work for the first time. From verse letters and fables to mythological pastoral tales, from spiritual songs to a selection of novellas from the *Heptameron*, the wide range of works included here will reveal Marguerite de Navarre to be one of the most important writers, male or female, of sixteenth-century France Literature & History, 2006 HJEAS, 2005 *Biotechnological and Medical Themes in Science Fiction* Domna Pastourmatzi, 2002 **The Exemplary Sidney and the Elizabethan Sonneteers** Lisa Klein, 1998 Stressing the importance of sonnets as producers as well as products of Elizabethan culture, this book is a work of cultural poetics in the broadest sense of the term. Yet its new interpretation of Sidney's importance to his contemporary sonneteers is grounded in the careful analysis of literary texts. In sum, it contends that Greville, Daniel, and Spenser, while working in conventional forms and in the bright shadow of Sidney, nonetheless demonstrate the authority of the individual poet to pressure conventional forms and to refashion Sidney's heroic image.

Medievalia Et Humanistica, 1943 **Selected Philosophical and Scientific Writings** marquise Gabrielle Emilie Le Tonnelier de Breteuil Du Châtelet, 2009-09 Emilie Du Châtelet was an accomplished scientific and philosophical writer whose contribution to French intellectual life in the first half of the 18th century has long been obscured by her association with Voltaire This volume of her writings will help re establish a reputation that has long been overshadowed **John Donne** John Richard Roberts, 2004 Included here are nearly 1 600 entries of descriptive annotations wherein Roberts quotes extensively from each item in order to convey a sense of its approach and the level of its critical sophistication and complexity Entries are organized chronologically and within each year alphabetically by author **Shakespeare's Queer Children** Kate Chedgzoy, 1995 Shakespeare's Queer Children argues that Shakespeare is not the exclusive possession of any one social group or cultural formation but has provided an enabling and empowering resource which has allowed other radical voices to be heard often in the face of forces which would consign them to insignificance marginalization or oppression

Enjoying the Beat of Phrase: An Emotional Symphony within **Ventriloquized Voices Feminist Theory And English Renaissance Texts**

In some sort of used by monitors and the ceaseless chatter of instantaneous conversation, the melodic elegance and psychological symphony developed by the prepared word usually diminish into the background, eclipsed by the constant sound and distractions that permeate our lives. But, located within the pages of **Ventriloquized Voices Feminist Theory And English Renaissance Texts** an enchanting fictional treasure filled with natural feelings, lies an immersive symphony waiting to be embraced. Crafted by a wonderful musician of language, that interesting masterpiece conducts readers on a mental journey, skillfully unraveling the hidden tunes and profound impact resonating within each carefully crafted phrase. Within the depths of this poignant review, we will investigate the book's main harmonies, analyze their enthralling publishing fashion, and submit ourselves to the profound resonance that echoes in the depths of readers' souls.
