Wisdom Of Solomon The Wisdom Of King Solomon:

Wisdom of Solomon Covenant Land Publication, 2010-05-31 Originally written in Hebrew around 950 B C The wisdom Knowledge and understanding contained in his writings centre not around the battlefield as did his father King David but about the mind planning organisation and negotiation WISDOM OF SOLOMON is a collection of the timeless sayings and riddles eluding to the full potential of the mind and the mystery of the man who is documented as being the wealthiest person to ever walk the face of the earth King Solomon was the Son of King David the second King of Israel Written and collated in an easy to read English format of thirty one chapters one chapter for each day of the month

The Lost Wisdom of Solomon Shadrach Evans, 2015-03-25 Once upon a time there was a wise Israelite who spoke many parables and proverbs and who rode into Jerusalem upon a mule and presented himself as king That man was Solomon son of David who lived nearly a thousand years before Jesus According to the Old Testament King Solomon spoke 3 000 proverbs The Bible contains less than half of this material Herein you will find more of Solomon s proverbs and wise sayings for centuries hidden from the general population Should biblical scholars ever come together over a few stiff drinks they just might agree that the contents of this book may be deemed tantamount to holy scripture Until then it is just an agglomeration of passages that sound dogmatic and may ostensibly be ascribed to one of the wisest figures in human history Let the reader be forewarned Wisdom does not appeal to everyone and seldom is its delivery ingratiating Although eloquent in any language it can reveal the philistine heart that encumbers the soul of even the most virtuous seeker
