articles in this volume are concerned mainly with the art of fiction its quality in regional writing its nature and its aims and its relation to the writer's religion      The Complete Stories Flannery O'Connor, 1971 Thirty one short stories twelve of which have never previously appeared in book form The remainder are from the author's Everything that rises must converge and A good man is hard to find      **The Publishers Weekly** ,2000      **Wiseblood Classics** ,2013
