Friends Like These Mark Adam Schnieder, 2003 Friends Like These is an informative bright thought provoking play of a president who doesn t always jump to mind It is a period play that is alive with interesting three dimensional characters living in an overlooked time period in our country In President Warren G Harding Schneider has created an intense balanced character sometimes optimistic and funny at other times pensive and mistrusting On top of it all Schneider s play proves that

politics are rarely as simple as they might seem Young Playwright s National Review back cover **Zechariah's Hope**
Paperback David C Coldwell,2018-01-24 The Book of Zechariah may be one of the least read books in the Bible For the past twenty years I have taught the Bible to pastors in Asian countries where life is difficult for them My pattern was to begin each day with a devotional that would apply specific Bible lessons to their lives When I started giving devotional thoughts from Zechariah I learned that the Asian pastors had a keen interest in that prophet They would often ask questions or share their thoughts about Zechariah long after our devotional had ended I believe that a daily time with the Lord is essential for believers who desire to serve Him in this knotty world According to Proverbs life is a series of choices between which roads we will travel We decide daily to either take the path of the righteous or the way of the wicked We choose regularly to either walk on the path of the wise person or stroll along the way of the fool **With Friends Like These, Who Needs Enemies?**
Kennedee Devoe,2013-02 With Friends Like These Who Needs Enemies is a story inspired by actual events about a group of women who form a friendship in junior high school and follows them into adulthood Life is heating up for Chloe Sage Emil Talia and Kennedee Loyalty character and integrity will be tested as they deal with man issues betrayal and jealousy But will the sisterhood be enough to maintain the friendship Or will the wounds be too deep to mend *Why Me, Lord?* Paul D. Grams Ph.D. D.D.,2022-10-20 This book is an in depth verse by verse study of the book of Job Each verse in the book of Job is quoted in full The biblical quotations are from the King James Version unless stated otherwise Occasionally other versions are used to in order to make a passage more clear You will also find definitions and translations of the words used in the Bible All definitions are from Strong s Exhaustive Concordance of the Bible This simplifies your study so you will not have to flip back and forth between your Bible and a dictionary For additional clarification there are quotations from Matthew Henry s Commentary of the Whole Bible This book can be useful for ministers teachers and students that are interested in biblical studies **Ethical Marxism** Bill Martin,2013-12-01 This book aims to reinvigorate the Marxist project and the role it might play in illuminating the way beyond capitalism Though political economy and scientific investigation are needed for pure Marxism Martin s argument is that the extent to which these elements are needed cannot be determined within the conversations of political economy and other investigations into causal mechanisms What has not been done and what this book does is to argue for the possibility of a rethought Marxism that takes ethics as its core displacing political economy and scientific investigation
