Faculty Perspectives on Vocational Training in South Africa Eunice Ivala, Chaunda Scott, 2019-03-06 The Cape Peninsula University of Technology CPUT is one of four Universities of Technology established by the South African government in 2005 with a focus on vocational training This book presents faculty experiences of CPUT's innovative work integrated learning and teaching model as well as findings from practice based research being done in the institution The purpose of this volume is to be a resource for other institutions in South Africa that wish to try similar strategies as well as a to trigger a community of practice with vocationally oriented institutions outside of South Africa *Beyond the Human-Animal Divide* Dominik Ohrem, Roman Bartosch, 2017-11-21 This volume explores the potential of the concept of the creaturely for thinking and writing beyond the idea of a clear cut human animal divide presenting innovative perspectives and narratives for an age which increasingly confronts us with the profound ecological ethical and political challenges of a multispecies world The text explores written work such as Samuel Beckett's *Worstward Ho* and Michel Foucault's *The Order of Things* video media such as the film *Creature Comforts* and the video game *Into the Dead* and photography With chapters written by an international group of philosophers literary and cultural studies scholars historians and others the volume brings together established experts and forward thinking early career scholars to provide an interdisciplinary engagement with ways of thinking and writing the creaturely to establish a postanthropocentric sense of human animal relationality *Origin and Early Evolution of Amniotes* Jörg Fröbisch, Mark Joseph MacDougall, Michel Laurin, Sean P. Modesto, Robert R. Reisz, 2025-09-08 Amniotes comprise all fully terrestrial vertebrates and include extant squamates turtles crocodiles birds and mammals The origin of amniotes tightly linked to the amniotic egg as a key innovation represents a major transition in the evolutionary history of tetrapods Amniotes first appeared in the fossil record about 318 million years ago and their early evolution diversification ecology and phylogenetic relationships have received considerable and increasing interest and research attention over the past decades Recently several new hypotheses regarding early amniote interrelationships have been proposed and it is now apparent that the origin and early evolution of Amniota is not as clear as was previously thought In order to better understand early amniote evolution and test existing hypotheses it is critical to continue expanding upon past work with the addition of new data and application of modern technologies and approaches The Bloomsbury Handbook of Diversity, Crises and Transformative Leadership in Higher Education Yusef Waghid, Mary Drinkwater, 2024-09-05 The Bloomsbury Handbook of Diversity Crises and Transformative Leadership in Higher Education explores the intersections of contemporary understandings and practices of leadership within higher education around diversity inclusion and indigeneity With contributions from four continents the handbook brings together diverse perspectives to explore a range of topics including access equity cultural competence decolonisation student activism and indigenous insights Countries covered include Australia Canada Czech Republic India New Zealand Pakistan South Africa and the USA The book forms part of the

Traumatic Storytelling and Memory in Post-Apartheid South Africa Christopher J. Colvin,2018-12-14 This book explores the practice of traumatic storytelling that emerged out of the South African Truth and Reconciliation Commission and came to play a key role in the lives of the members of the Khulumani Support Group for victims of apartheid era political violence Group members found traumatic storytelling both frustrating and yet also an important form of memory work that shaped how they saw themselves in the post apartheid era Drawing on ethnographic fieldwork the author examines how traumatic storytelling functioned not only as a kind of psychological healing and national political theatre but also as a potent form of social relation economic exchange political activism and expressive practice With emphasis on the personal social and political significance of the act of traumatic storytelling this volume asks why members of Khulumani despite their many disappointments continued to engage intensively in storying their experiences for themselves and others Examining what powers storytelling held for both group members and their witnesses and considering the ways in which storytelling enabled new senses of self and new understandings of what was possible in

the years after the end of apartheid this book considers what we might learn more broadly from the experiences of Khulumani about the possibilities and limits of traumatic memory making as an instrument of personal social and political repair As such it will appeal to scholars of sociology anthropology and criminology with interest in justice and post conflict societies

State-permeated Capitalism in Large Emerging Economies Andreas Nölke,Tobias ten Brink,Christian May,Simone Claar,2019-08-30 This book systematically analyzes the economic dynamics of large emerging economies from an extended Comparative Capitalisms perspective Coining the phrase state permeated capitalism the authors shift the focus of research from economic policy alone towards the real world of corporate and state behaviour On the basis of four empirical case studies Brazil India China South Africa the main drivers for robust economic growth in these countries from the 2000s until the 2010s are revealed These are found in particular in mutual institutional compatibilities of state permeated capitalism in their large domestic markets and beneficial global economic constellations Differences in their institutional arrangements are explored to explain why China and India have been more economically successful than Brazil and South Africa The authors highlight substantial challenges for the stability of state permeated capitalism and assess the potential future growth sustainability and likely pitfalls for these large emerging economies Opening further avenues for empirical and theoretical research this book raises questions for the future of the global economic order and should appeal to academics graduate students and advanced undergraduates in politics economics economic sociology and development studies It should also prove a worthwhile and provocative read for development practitioners and policy makers
