

WOMEN AND ART IN EARLY MODERN EUROPE

Patrons, Collectors,
and Connoisseurs

The book cover features a dark, monochromatic illustration of a scene from the early modern period. On the left, a woman in a dark, voluminous dress is shown in profile, looking towards the center. In the center, a man in a light-colored, loose-fitting robe is leaning over a table, examining a small object. To the right, another woman in a light-colored, flowing dress stands with her back to the viewer, looking towards the man. The background is dark and indistinct, suggesting an interior setting. The overall tone is historical and scholarly.

Women And Art In Early Modern Europe Patrons Collectors And Connoisseurs:

Women and Art in Early Modern Europe: Patrons, Collectors, and Connoisseurs, 1999 This anthology reflects a larger impulse to recover women's involvement in the creation of an aesthetic culture from the late medieval through the early modern periods By asking how the perspectives and experiences of female patrons contributed to the invention of particular styles or iconographies or how they shaped taste or how they influenced demand these twelve original essays introduce significant new information about specific women patrons while raising theoretical issues for patronage studies more generally While most of the projects discussed are consistent with the period's male sanctioned concept of female patronage as an expression of conjugal devotion or dynastic promotion at the same time the women involved devised strategies that circumvented these rules allowing them to explore the potential of art as a means of proclaiming their own identity and taste

Women and Art in Early Modern Europe Cynthia Miller Lawrence, 1997-01-01 This anthology reflects a larger impulse to recover women's involvement in the creation of an aesthetic culture from the late medieval through the early modern periods By asking how the perspectives and experiences of female patrons contributed to the invention of particular styles or iconographies or how they shaped taste or how they influenced demand these twelve original essays introduce significant new information about specific women patrons while raising theoretical issues for patronage studies more generally While most of the projects discussed are consistent with the period's male sanctioned concept of female patronage as an expression of conjugal devotion or dynastic promotion at the same time the women involved devised strategies that circumvented these rules allowing them to explore the potential of art as a means of proclaiming their own identity and taste

Women and Portraits in Early Modern Europe Andrea Pearson, 2016-12-05 As one of the first books to treat portraits of early modern women as a discrete subject this volume considers the possibilities and limits of agency and identity for women in history and with particular attention to gender as categories of analysis for women's images Its nine original essays on Italy the Low Countries Germany France and England deepen the usefulness of these analytical tools for portraiture Among the book's broad contributions it dispels false assumptions about agency's possibilities and limits showing how agency can be located outside of conventional understanding and conversely how it can be stretched too far It demonstrates that agency is compatible with relational gender analysis especially when alternative agencies such as spectatorship are taken into account It also makes evident the importance of aesthetics for the study of identity and agency The individual essays reveal among other things how portraits broadened the traditional parameters of portraiture explored transvestism and same sex eroticism appropriated aspects of male portraiture to claim those values for their sitters and as sites for gender negotiation resistance and debate invoked considerable relational anxiety Richly layered in method the book offers an array of provocative insights into its subject

Women and the Art and Science of Collecting in Eighteenth-Century Europe Arlene Leis, Kacie L. Wills, 2020-08-31 Through both longer essays and shorter case studies this book examines the relationship of European

"Women, Gender and Art in Asia, c. 1500-1900 " MeliaBelli Bose,2017-07-05 *Women Gender and Art in Asia c 1500 1900* brings women s engagements with art into a pan Asian dialogue with essays that examine women as artists commissioners collectors and subjects from India Southeast Asia Tibet China Korea and Japan from the sixteenth to the early twentieth century The artistic media includes painting sculpture architecture textiles and photography The book is broadly concerned with four salient questions How unusual was it for women to engage directly with art What factors precluded more women from doing so In what ways did women s artwork or commissions differ from those of men And what

were the range of meanings for woman as subject matter The chapters deal with historic individuals about whom there is considerable biographical information Beyond locating these uncommon women within their socio cultural milieux contributors consider the multiple strands that twined to comprise their complex identities and how these impacted their works of art In many cases the woman s status as wife mother widow ruler or concubine and multiple combinations thereof as well as her religion and lineage determined the media style and content of her art *Women Gender and Art in Asia c 1500 1900* adds to our understanding of works of art their meanings and functions *Women and Gender in Early Modern Europe* Merry E. Wiesner-Hanks, Merry E. Wiesner, 2019-01-24 This new edition of Merry E Wiesner Hanks s prize winning survey features significant changes to reflect the newest scholarship in every chapter *Women and Gender in Early Modern Europe* Merry E. Wiesner, 2000-07-03 This is a major new textbook designed for students in all disciplines seeking an introduction to the very latest research on all aspects of women s lives in Europe from 1500 to 1750 and on the development of the notions of masculinity and femininity The coverage is geographically broad ranging from Spain to Scandinavia and from Russia to Ireland and the topics investigated include the female life cycle literacy women s economic role sexuality artistic creations female piety and witchcraft and the relationship between gender and power To aid students each chapter contains extensive notes on further reading but few footnotes and the approach throughout is designed to render the subject in as accessible and stimulating manner as possible *Women and Gender in Early Modern Europe* is suitable for usage on numerous courses in women s history early modern European history and comparative history **Wives, Widows, Mistresses, and Nuns in Early Modern Italy** Katherine A. McIver, 2016-12-05 Through a visually oriented investigation of historical in visibility in early modern Italy the essays in this volume recover those women wives widows mistresses the illegitimate who have been erased from history in modern literature rendered invisible or obscured by history or scholarship as well as those who were overshadowed by male relatives political accident or spatial location A multi faceted invisibility of the individual and of the object is the thread that unites the chapters in this volume Though some women chose to be invisible for example the cloistered nun these essays show that in fact their voices are heard or seen through their commissions and their patronage of the arts which afforded them some visibility Invisibility is also examined in terms of commissions which are no longer extant or are inaccessible What is revealed throughout the essays is a new way of looking at works of art a new way to visualize the past by addressing representational invisibility the marginalized or absent subject or object and historical in visibility to discover who does the looking and how this shapes how something or someone is visible or invisible The result is a more nuanced understanding of the place of women and gender in early modern Italy
