The Theology Of Cardinal Walter Kasper Speaking The Truth In Love:

The Theology of Cardinal Walter Kasper Kristin Colberg, 2014 Leading theologians from across the United States and Canada explore the full scope of Kasper's thought on topics such as the character of ecumenical and interreligious dialogue Christology theological method and the nature of the church world relationship Kasper himself presents four previously unpublished texts on the interpretation of Vatican II on forgiveness on Christian hope and on the approach to theology today from the publisher

Dumitru Staniloae's Trinitarian Ecclesiology Viorel Coman, 2019-10-09 Dumitru Staniloae is one of the most important but routinely neglected twentieth century Orthodox theologians Viorel Coman explores the ecumenical relevance of Staniloae's reflections on the interplay between the doctrine of the Trinity and the doctrine of the church in the context of the debates on the ecclesiological ramifications of the filioque Coman combines a historical and theological analysis of Staniloae's approach to the filioque Trinity and church The historical analysis shows the changes that have taken place over time in Staniloae's approach to the issue of the filioque and the doctrine of the church The theological analysis emphasizes the ecumenical contribution of the Romanian thinker to the fields of Trinitarian theology and ecclesiology Even though this book centers primarily around Staniloae's vision on the link between the doctrine of the Trinity and the Church it places his theological reflections in a solid dialogue with other Eastern Georges Florovsky Vladimir Lossky and John Zizioulas and Western theologians Karl Barth Yves Congar Karl Rahner and Walter Kasper Seeking Shalom Philip A.

Cunningham, 2015 The amazing historic journey of Jews and Christians coming together In this book Philip Cunningham traces the remarkable developments in Catholic Jewish relations over the last fifty years Centuries of antipathy and suspicion Cunningham says have largely given way to a new mutually enriching relationship between the two traditions of Judaism and Catholicism A specialist in Christian Jewish relations Cunningham recounts the amazing historic journey of Jews and Christians coming together in light of both Scripture and theology covering the period from Vatican II up to the present day After fifty years of significant dialogue Cunningham suggests Catholics and Jews are now on the threshold of building true shalom between their two communities experiencing the Holy One anew in each other's distinctive and edifying ways of walking with God

Church with Open Doors Richard R. Gaillardetz, Edward P. Hahnenberg, 2015 Catholic ecclesiology stands at the threshold of a new moment in the reception of the Second Vatican Council The election of Pope Francis coinciding with the fiftieth anniversary of the council has inspired a fresh consideration of its teaching in such diverse areas as ecumenism inculturation missiology and ministry The chapters in this volume have their origin in a special symposium honoring the ecclesiological legacy of Thomas F O Meara OP The symposium called together over forty leading North American scholars in order to discuss the future of Catholic theological reflection on the church a conversation that offers an entry into some of the most pressing issues in ecclesiology today *The Catholic Periodical and Literature Index* ,2006 **The Tablet** ,2003 The international Catholic weekly **Cardinal Ratzinger** John L. Allen, 2000 This profile of Cardinal Joseph Ratzinger takes a look at his life then moves forward as Ratzinger has been closely involved in the controversies that have shaken the Catholic church for the past 20 years **The Bulletin** ,2001 *Walter Kasper* Krieg, Robert A., Bellm, Patricia C., 2016-09-15

Religion Index One ,1997 **Religion Index Two** ,1989 **The Gospel of the Family** Stephan Kampowski, Juan JosŽ PŽrez-Soba, 2014-09-26 Walter Cardinal Kasper created an international media stir when he proposed allowing divorced and civilly remarried Catholics to receive the sacraments after a penitential period But is this something the Church can even authorize As the Church enters into the Extraordinary Synod of Bishops on Marriage and the Family this book takes up the Kasper Proposal and sorts the helpful from the problematic Never separating pastoral concerns from doctrinal considerations the authors engage Cardinal Kasper s ideas with respect but also at times with some profound disagreement How can we heal the wounds of a broken culture How do we best support families given the challenges of modern life What is truly merciful If the family is central to both society and the Church how do we best express the truth of its importance As the authors delve into the matter they discuss how the early Church addressed issues of marriage and separation and review the history of Church practice and discipline on marriage They also explore how contemporary moral attitudes have shaped modern perceptions of marriage and divorce and how the Church can offer pastoral guidance in this area The good points of Cardinal Kasper s proposal are discussed but also the ways in which his proposal falls short in presenting the Gospel of the Family as the center of our understanding of married life Stay informed with this essential guide to one of the most important debates in the Church today **Vatican I and Vatican II** Kristin Colberg, 2016 Vatican I and Vatican II represent two of the three ecumenical councils in modern times yet relatively few studies have sought to understand their relation to one another In fact the councils are often positioned as mutually exclusive so that one must choose either Vatican I s or Vatican II s presentations of church and ecclesial authority Failing to understand the relationship between these councils inhibits the church s self understanding and risks misinterpreting key aspects of its own tradition further it limits the church s ability to teach effectively on topics of concern to modern women and men such as authority freedom and ecclesiology Vatican I and Vatican II Councils in the Living Tradition uses the questions of what why and how the councils taught to frame and

demonstrate significant points of continuity complementarity and difference between them It argues that only by seeing both Vatican I and Vatican II as communicating vital dimensions of the Christian faith can the church s living tradition be fully appreciated and speak meaningfully to modern Christian women and men **The Future of Synodality** Kristin M.

Colberg, Jos Moons, SJ, 2025-02-15 Explore the historical and theological roots of a synodal church and where the path of a new inclusive listening church leads How can the church continue to grow in a more synodal more participative open minded inclusive and spiritual ecclesial style Now that the Synod on Synodality 2021 2024 has ended Kristin Colberg and Jos Moons begin to answer this key question in essential ways In *The Future of Synodality* they present key aspects of synodality s origins its theological foundations and its recent expressions They offer important takeaways from the synod in the context of looking toward the future exploring the concrete transformations of a church marked by inclusive listening Embracing the style of synodality as the church s usual practice the authors outline the three types of transformation required a renewal of attitudes and behavior a reform of ecclesial structures and procedures and the adoption of synodal practices The Synod on Synodality has changed the church This book helps us understand this historic moment and learn how to walk on the synodal path toward a new beginning *The Legacy and Limits of Vatican II in an Age of Crisis* Massimo Faggioli, Edward P.

Hahnenberg, Kristin M Colberg, Catherine Clifford, 2025-04-26 A renewed approach to the critical study of the event and documents of Vatican II necessary for responding to the challenges facing today s church Packed with new insights from some of today s most highly regarded voices on the Second Vatican Council *The Legacy and Limits of Vatican II in an Age of Crisis* enacts the living tradition of the church by proposing a richer history to be told sixty years from its celebration and a broader theology to inspire our work today Vatican II did not anticipate our contemporary challenges nor do its documents provide specific guidelines or step by step instructions for addressing them But that does not make the council irrelevant As a touchstone of the church s magisterial tradition the Second Vatican Council remains foundational for the life and mission of the Catholic Church today However like any monument of the tradition the council requires ongoing investigation critical analysis and constant reconsideration from a diversity of contemporary perspectives if it is going to contribute to the living tradition of the church Through historical and theological lenses the contributors aim to rediscover forgotten voices and overlooked moments of Vatican II that may have something even more important to say today Each chapter promises to surprise enlighten inspire and teach in fresh and unexpected ways The contributors offer readers striking insights on the council s teaching related to the sexual abuse crisis antiracism politics the Synod on Synodality and much more By reexamining the teaching of Vatican II from the perspective of our present ecclesial crisis readers will have a better understanding of how its legacy and limits affect the ongoing reform of the church in a much changed theological ecclesial and social landscape Contributors Matteo Caponi Catherine E Clifford Kristin M Colberg Agn s Desmazi res Massimo Faggioli Theresa Gardner Edward P Hahnenberg Timothy Hanchin Tuan A Hoang Mary Kate Holman Jaisy A Joseph Florian Klug
