The Transition Companion Making Your Community More Resilient In Uncertain Times:

The Transition Companion Rob Hopkins, 2011 Originally published Totnes Devon England Green Books 2011 **The Transition Companion** Robert Hopkins, 2011 In 2008 the best selling *The Transition Handbook* suggested a model for a community led response to peak oil and climate change Since then the Transition idea has gone viral across the globe from universities and London neighbourhoods to Italian villages and Brazilian favelas In contrast to the ever worsening stream of information about climate change the economy and resource depletion Transition focuses on solutions on community scale projects and on positive results *The Transition Companion* picks up the story today describing one of the most fascinating experiments now under way in the world It shows how communities are working for a future where local enterprises are valued and nurtured where lower energy use is seen as a benefit and where cooperation creativity and the building of resilience are the cornerstones of a new economy The first part discusses where we are now in terms of resilience to the problems of rising oil prices climate change and economic uncertainty It presents a vision of how the future might look if we succeed in addressing these issues The book then looks in detail at the process a community in transition goes through drawing on the experience of those who have already embarked on this journey These examples show how much can be achieved when people harness energy and imagination to create projects that will make their communities more resilient *The Transition Companion* combines practical advice the tools needed to start and maintain a Transition initiative with numerous inspiring stories from local groups worldwide **2052** Jørgen Randers, Jørgen Randers, 2012-05-30 What Will Our Future Look Like We know what we want the world to be like in forty years We know what the world could be like in forty years if we all did what needs to be done to create a more sustainable future *The Regeneration Handbook* Don Hall, 2024-06-11 Leadership for the Great Transition a changemaker s toolkit for cultivating personal and community resilience *The Regeneration Handbook* offers an abundance of insights stories tools practices and resources for experienced and aspiring changemakers to step into their full power at this time of unprecedented global crisis By introducing readers to a different kind of activism based on universal patterns of Transformation Expansion Wholeness and Balance it points the way to a truly just and regenerative future Drawing on author Don Hall s experience as a leader in the international Transition Towns Movement as well as the work of dozens of regenerative thinkers and doers across many fields including ecology psychology sociology organizational development and systems thinking this book will help you Better understand our current environmental economic and social polycrisis Develop a holistic and inspiring vision for the future Cultivate the confidence to lead and strengthen inner resilience Work effectively in collaborative groups and organizations Reach beyond the choir to engage people from all walks of life Design and implement practical projects that foster sustainability and justice While none of us can change the world alone we all have an important part to play in the Great Transition By starting wherever we are and leaning into this historic challenge we ll discover our deepest purpose realize our highest potential and learn how to

harness the power of regeneration to radically transform our lives our communities and our world The Power of Just Doing Stuff Rob Hopkins, 2013-06-13 Something is stirring People around the world are deciding that the well being of their community and its economy lies with them They re people like you They ve had enough and rather than waiting for permission they re rolling up their sleeves getting together with friends and neighbours and doing something about it Whether they start small or big they re finding that just doing stuff can transform their neighbourhoods and their lives The Power of Just Doing Stuff argues that this shift represents the seeds of a new economy the answer to our desperate search for a new way forward and at its heart is people deciding that change starts with them Communities worldwide are already modelling a more local economy rooted in place in well being in entrepreneurship and in creativity And it works Packed with inspiring real life examples of how to change things this book ties in with the increasing focus on community action during tough economic times This brilliant book is ideal for schools community groups and campaigners as well as the general public and Transition groups Dreaming the Future Kenny Ausubel, 2012-08-28 Few would deny that we are entering a period of great change Our environment is collapsing Social disruption abounds All around it seems we are experiencing breakdown But out of this chaos comes the opportunity for breakthrough the opportunity to reimagine our future In Dreaming the Future Kenny Ausubel leads us into that possible new world and introduces us to the thinkers and doers who are sometimes quietly sometimes not leading what he calls a revolution from the heart of nature and the human heart In a collection of short witty poignant even humorous essays Ausubel tracks the big ideas emerging trends and game changing developments of our time He guides us through our watershed moment showing how it s possible to emerge from a world where corporations are citizens the gap between rich and poor is cavernous and biodiversity and the climate are under assault and create a world where we take our cues from nature and focus on justice equity diversity democracy and peace Even those steeped in the realities of a world gone wrong and efforts to right it will find refreshing even surprising perspectives in Dreaming the Future It will come as no surprise to readers that Ausubel is cofounder of Bioneers which foreword author David W Orr describes as one part global salon one part catalytic organization **When Disaster Strikes** Matthew Stein, 2011-11-16 Disasters often strike without warning and leave a trail of destruction in their wake Yet armed with the right tools and information survivors can fend for themselves and get through even the toughest circumstances Matthew Stein s When Disaster Strikes provides a thorough practical guide for how to prepare for and react in many of life s most unpredictable scenarios In this disaster preparedness manual he outlines the materials you ll need from food and water to shelter and energy to first aid and survival skills to help you safely live through the worst When Disaster Strikes covers how to find and store food water and clothing as well as the basics of installing back up power and lights You ll learn how to gather and sterilize water build a fire treat injuries in an emergency and use alternative medical sources when conventional ones are unavailable Stein instructs you on the smartest responses to natural disasters such as fires earthquakes hurricanes

and floods how to keep warm during winter storms even how to protect yourself from attack or other dangerous situations With this comprehensive guide in hand you can be sure to respond quickly correctly and confidently when a crisis threatens
