The Underground Committee Carries on Алексей Федорович Федоров,1952 *The Underground Committee Carries on* Aleksei Fedorovich Fedorov,1952 **The Underground Committee Carries on** Anatoliĭ Anatol'evich Fedorov,1952 **The Bread of Affliction** William Moskoff,2002-08-08 This book tells how the Soviet Union fed itself after the invasion by the Germans during World War II The author argues that central planning became much less important in feeding the population and civilians were thereby forced to become considerably more self reliant in feeding themselves A rationing system was instituted soon after the war began but quickly became irrelevant because of the chronic food shortages The breakdown in central supplies of food was accompanied by the diminished importance of the ruble which in many places was replaced by bread and clothing as the medium of exchange Although the Soviet army was given high precedence over civilians the author also shows that the population living under German occupation was much worse off than were Soviet civilians living in the rear In addition to extensive use of American and German archives from the war period the author interviewed more than thirty Soviet emigr s who survived the war *An Essay on Sources for the Study of the Communist Party of the Soviet Union, 1934-1960* John Alexander Armstrong,1961 **Fugitives of the Forest** Allan Levine,2010-07-13 The heroic story of Jewish resistance and survival during the Second World War *Jewish Partisans of the Soviet Union during World War II* Jack Nusan Porter,2021-08-31 Jewish Partisans of the Soviet Union is a classic compilation of original Russian and Jewish sources on the anti Nazi resistance in Eastern Europe It is rooted in decades of research motivated by a desire to set the record straight on Jewish participation in resistance movements a phenomenon often overlooked when not actively concealed As the son of Jewish partisans in Nazi occupied Eastern Europe Jack Porter presents here the result of his decades long research first hand accounts and interviews with survivors and partisans as well as some of their original work and a seminal English translation of Partisan Brotherhood a historical document gathered by Russian Jewish intellectuals in 1948 at the height of anti Semitic hysteria written mainly by non Jewish Soviet partisan commanders recounting the deeds of the Jewish fighters in their units *Communist Guerrilla Tactics* United States. Department of the Army,1962 **PL, Progressive Labor Magazine** ,1979 *War in a Twilight World* B. Shepherd,J. Pattinson,2010-10-27 Cutting edge case studies examine the partisan and anti partisan warfare which broke out across German occupied eastern Europe during World War Two showing how it was shaped in varied ways by factors including fighting power political and economic structures ideological and psychological influences and the attitude of the wider population *USSR* ,1961 **Nazi Empire-Building and the Holocaust in Ukraine** Wendy Lower,2006-05-18 On 16 July 1941 Adolf Hitler convened top Nazi leaders at his headquarters in East Prussia to dictate how they would rule the newly occupied eastern territories Ukraine the jewel in the Nazi empire would become a German colony administered by Heinrich Himmler s SS and police Hermann Goring s economic plunderers and a host of other satraps Focusing on the Zhytomyr

region and weaving together official German wartime records diaries memoirs and personal interviews Wendy Lower provides the most complete assessment available of German colonization and the Holocaust in Ukraine Midlevel managers Lower demonstrates played major roles in mass murder and locals willingly participated in violence and theft Lower puts names and faces to local perpetrators bystanders beneficiaries as well as resisters She argues that Nazi actions in the region evolved from imperial arrogance and ambition hatred of Jews Slavs and Communists careerism and pragmatism greed and fear In her analysis of the murderous implementation of Nazi race and population policy in Zhytomyr Lower shifts scholarly attention from Germany itself to the eastern outposts of the Reich where the regime truly revealed its core beliefs aims and practices Special Bibliographies Army Library (U.S.),1956 **Hitler's Europe Ablaze** Philip Cooke,Ben H.

Shepherd,2014-11-18 Local resistance to German led Axis occupation occurred throughout the European continent during World War II taking a wide range of forms noncooperation and disinformation sabotage and espionage and armed opposition and full scale partisan warfare It is a key element in the experience and the national memory of those who found themselves under Axis government and control But for decades there has been no systematic attempt to give readers a panoramic yet detailed view of the make up actions and impact of resistance movements from Scandinavia down to Greece and from France through to Russia This authoritative and accessible survey written by a group of the leading experts in the field provides a reliable in depth up to date account of the resistance in each region and country along with an assessment of its effectiveness and of the Axis reaction to it An extensive introduction by the editors Philip Cooke and Ben H Shepherd draws the threads of the varied movements and groups together highlighting the many differences and similarities between them True Stories of Resistance in World War II is a significant contribution to the frequently heated debates about the importance of individual resistance movements and thought provoking reading for everyone who is interested in or studying occupied Europe during the World War II Skyhorse Publishing as well as our Arcade imprint are proud to publish a broad range of books for readers interested in history books about World War II the Third Reich Hitler and his henchmen the JFK assassination conspiracies the American Civil War the American Revolution gladiators Vikings ancient Rome medieval times the old West and much more While not every title we publish becomes a New York Times bestseller or a national bestseller we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home
