The Uniqueness Of Chinas Development Model 1842 2049 By Kwok Wah Yip 2012 Hardcover:

The Uniqueness of China's Development Model, 1842-2049 Kwok-wah Yip, 2012 The book discusses the development model of China which has now overtaken Japan as the world's second largest economy This remarkable economic achievement has not followed the Western world's favorite developmental tools of freedom democracy and a market driven economy but rather China's unique model of one party authoritarian rule with a mixed economy the Middle Kingdom's way of development has largely questioned the West's core values freedom and democracy the book argues that the model is based on the country's 3 000 year old civilization forged by the efforts innovations trial and error process of several recent generations and guided by the Chinese Communist Party in the past 60 years *In Search of China's Development Model* S. Philip Hsu, Yu-Shan Wu, Suisheng Zhao, 2012-05-23 Comprehensively analyses China development model in relation to the Washington Consensus Includes contributions from first rate China experts from the US and Taiwan Will appeal to students and scholars of Chinese politics Chinese economics international political economy and development studies **Chinese Economic Development** Yinxing Hong, Ninghua Sun, 2021-07-08 The book provides a meticulous analysis of economic development and concomitant problems in China since the late 1970s and advances suggestions on further economic modernisation and transition from both theoretical and practical angles Based on theories from development economics and solid empirical studies the authors two renowned Chinese economists provide a perceptive analysis of the Chinese development model in the post Mao era They shed light on questions that have perplexed many How can China sustain the rapid growth of the past 40 years Is there a unique China path to economic progress They argue compellingly that China's development model has to switch from a manufacturing driven one to a brand new approach centring on scientific and technical innovation and the integration of its existing economic structure into an increasingly complex global economy Such transformation will help overcome the middle income trap while addressing other institutional and economic challenges The book will appeal to students scholars and policymakers interested in the Chinese and global economies as well as transnational studies in the post COVID 19 world General readers willing to obtain a grasp of Chinese economic development from the insider's perspective will also find it useful
