midcentury American history and politics Anyone serious about political philosophy will learn from it Highly recommended
Library Journal starred review William F Buckley Jr was the foremost architect of the conservative movement that
transformed American politics between the 1960s and the end of the century When Buckley launched National Review in
1955 conservatism was a beleaguered fringe segment of the Republican Party Three decades later Ronald Reagan who
credited National Review with shaping his beliefs was in the White House Buckley and his allies devised a new model
conservatism that replaced traditional ideals of Edmund Burke with a passionate belief in the free market religious faith and
an aggressive stance on foreign policy Buckley s TV show Firing Line and his campaign for mayor of New York City made him
a celebrity his wit and zest for combat made conservatism fun But Buckley was far more than a controversialist Deploying his
uncommon charm shrewdly recruiting allies quashing ideological competitors and refusing to compromise on core principles
he almost single handedly transformed conservatism from a set of retrograde attitudes into a revolutionary force **To be
Mayor of New York** Chris McNickle,1993 From Tammany Hall to the election of David Dinkins To Be Mayor of New York
offers insights into the effect of ethnic competition on the demise of urban political machines Beginning with a colorful
assessment of New York City s Tammany Hall as it existed in the late nineteenth century McNickle traces the effect of the
arrival of large numbers of Jewish and Italian immigrants and later black and Puerto Rican migrants on the Irish dominated
political machine He focuses on the political passage of Jewish immigrants through the various small parties unique to New
York socialist American Labor and Liberal Later he describes their attraction to various factions of the traditional Democratic
and Republican parties He spotlights the willingness of large numbers of Jewish voters to cast ballots for third party

candidates on the basis of their shared philosophical commitments and political priorities McNickle then examines mayoral campaigns between 1945 the end of the LaGuardia era and 1989 during which the Irish receded and Jews and later African Americans emerged as the most important ethnic groups in local politics To Be Mayor of New York offers the most complete study of the development of Jewish political participation in New York Placing a rise of the New York City Reform Movement in historical perspective the author explains the election of New York's first Jewish mayor Abe Beame and the first African American mayor David Dinkins as part of the political evolution of both these groups William F. Buckley, Jr. John B. Judis, 2001-01-29 A biography of William F Buckley who founded modern American conservatism started The National Review and influenced a generation of politicians **The Ungovernable City** Vincent Cannato, 2009-07-21 Vincent Cannato takes us back to the time when John Lindsay stunned New York with his liberal Republican agenda WASP sensibility and movie star good looks With peerless authority Cannato explores how Lindsay Liberalism failed to save New York and in the opinion of many left it worse off than it was in the mid 1960s **Mayors and Money** Ester R. Fuchs, 2010-02-15 Chicago and New York share similar backgrounds but have had strikingly different fates Tracing their fortunes from the 1930s to the present day Ester R Fuchs examines key policy decisions which have influenced the political structures of these cities and guided them into or clear of periods of economic crisis *The Revivalist Manifesto* Scott McKay, 2022-06-30 On November 2nd 2021 an earthquake hit American politics A massive red wave materialized in Virginia and New Jersey a pair of reliably Democratic states that had voted in the double digits to make Joe Biden president and ultimately swept Democrats from power in the state house Then voters nearly removed New Jersey governor Phil Murphy who was previously thought to be impregnable What brought on this red wave The American people are thirsty for something new in politics They've rejected the establishments of both parties but aren't quite sure what the future of the nation should be The Virginia and New Jersey upsets indicate a great opportunity for a redefined and newly refined center right movement to seize the moment and forge a new American consensus The Revivalist Manifesto defines that movement which includes Donald Trump but is larger and longer lasting and explores the moment we're in **Why the Right Went Wrong** E.J. Dionne, 2016-01-19 Why the Right Went Wrong offers a historical view of the right since the 1960s Its core contention is that American conservatism and the Republican Party took a wrong turn when they adopted Barry Goldwater's worldview during and after the 1964 campaign The radicalism of today's conservatism is not the product of the Tea Party Washington Post columnist E J Dionne writes The Tea Partiers are the true heirs to Goldwater ideology The purity movement did more than drive moderates out of the Republican Party it beat back alternative definitions of conservatism Publisher information **Buckley and Mailer** Kevin M. Schultz, 2015-05-25 A lively chronicle of the 1960s through the surprisingly close and incredibly contentious friendship of its two most colorful characters Norman Mailer and William F Buckley Jr were towering personalities who argued publicly and vociferously about every major issue of the 1960s the counterculture Vietnam feminism civil rights the Cold War Behind
