The Tragedy Of Pontius Pilate A Play In Five Scenes:

Play Index ,1927 **Shakespeare and Lost Plays** David McInnis,2021-03-25 Shakespeare and Lost Plays returns Shakespeare s dramatic work to its most immediate and arguably pivotal context by situating it alongside the hundreds of plays known to Shakespeare s original audiences but lost to us David McInnis reassesses the value of lost plays in relation to both the companies that originally performed them and to contemporary scholars of early modern drama This innovative study revisits key moments in Shakespeare s career and the development of his company and by prioritising the immense volume of information we now possess about lost plays provides a richer more accurate picture of dramatic activity than has hitherto been possible By considering a variety of ways to grapple with the problem of lost imperceptible or ignored texts this volume presents a methodology for working with lacunae in archival evidence and the distorting effect of Shakespeare centric narratives thus reinterpreting our perception of the field of early modern drama Theatre Magazine W. J. Thorold,Arthur Hornblow,Arthur Hornblow (Jr.),Perriton Maxwell,Stewart Beach,1909 *Catalog of Copyright Entries* Library of Congress. Copyright Office,1972 **Roman Crucifixion and the Death of Jesus** Woodrow Michael Kroll,2023-01-04 The Roman practice of crucifixion was so abhorrent that even the Romans didn t talk about it Yet their government practiced crucifixion for centuries What drew the crowds to the killing fields to watch people die such torturous deaths What enabled those elite soldiers in the Roman killing squads to crucify their victims with the precision and skill of a hospital surgeon These and many other questions are answered in this book Of the thousands of people who fell victim to the most pitiable of deaths one is much better known than all the others Jesus of Nazareth Most Christians know something of Jesus crucifixion because of the Gospel narratives but to enhance our appreciation of the Savior s death we benefit by knowing more about Roman crucifixion Roman Crucifixion and the Death of Jesus provides a deeper understanding of how where and why someone could be crucified and helps to inform us of Jesus crucifixion Armed with a better grasp of Roman crucifixion we can more fully appreciate Jesus pain his purpose and his prayers from Calvary s cross **Host Bibliographic Record for Boundwith Item Barcode 30112049683961 and Others** ,1909 **The Sinbad Mines** Edward Fayette Eldridge,1905 The Pall Mall Budget ,1883 Bulletin of the New York Public Library New York Public Library,1931 Includes its Report 1896 19 *Comic Drama* W. D. Howarth,2022-04-26 Ever since comedies were first performed in the ancient world the definition of the term comedy has been debated by both playwrights and critics Originally published in 1978 this volume does not attempt a precise definition but reviews the various interpretations that have been put forward through the ages taking as evidence important theoretical writings as well as the plays themselves and pointing out not only common features but also notable exceptions The comic drama of Western Europe since the Renaissance is here surveyed in a series of chapters devoted principally to the tradition of European comedy as it developed in the major national literatures The perspective is expanded to include on the one hand the origins in classical Greece and Rome and on the other the

influence of cinema radio and television comedy at the time American as well as European A structural basis for the volume as a whole is provided in an analytical introduction where the essential problems are defined such issues as the relationship between comedy and satire comedy and farce the distinction between laughter and smile the respective claims of realism and fantasy the role of plot and of dialogue the place of sentiment and of moral teaching and the possibility of comic catharsis In this way the nature and evolution of European comedy is presented in an original and coherent form not only offering an invaluable aid to students seeking guidance in literature of which they are not making a specialist study but stimulating the more experienced reader to think again about familiar plays *Reedy's Mirror* ,1917 **The Dial** Francis Fisher Browne,1903 *William Shakespeare: Shakespeare's origin. The stage in 1592. Shakespeare and his company. The books of the play. The quartos and the First folio. Plays in the printing-house. The problem of authenticity. The problem of chronology. Plays of the First folio. Plays outside the First folio. The poems and sonnets* Edmund Kerchever Chambers,1930 *The Retro-Futurism of Cuteness* Jen Boyle,Wan-Chuan Kao,2017-11-03 Is it possible to conceive of a Hello Kitty Middle Ages or a Tickle Me Elmo Renaissance The Oxford English Dictionary dates the first reference to cute in the sense of attractive pretty charming to 1834 More recently Sianne Ngai has offered a critical overview of the cuteness of the twentieth century avant garde within the context of consumer culture But if cuteness can get under the skin what kinds of surfaces does it best infiltrate particularly in the framework of historical forms events and objects that traditionally have been read as emergences around big aesthetics of formal symmetries high affects and resemblances The Retrofuturism of Cuteness seeks to undo the temporal strictures surrounding aesthetic and affective categories to displace a strict focus on commodification and cuteness and to interrogate how cuteness as a minor aesthetics can refocus our perceptions and readings of both premodern and modern media literature and culture Taking seriously the retro and the futuristic temporalities of cuteness this volume puts in conversation projects that have unearthed remnants of a cult of cute positioned historically and critically in between transitions into secularization capitalist frameworks of commodification and the enchantment of objects and those that have investigated the uncanny haunting of earlier aesthetics in future oriented modes of cuteness The Latin *acutus* the etymological root of cute embraces the sharpened the pointed the nimble the discriminating and the piercing But as Michael O'Rourke notes cuteness evokes a proximity that is at once potentially invasive and contaminating and yet softening and transfiguring Deploying cuteness as a mode of inquiry across time this volume opens up unexpected lines of inquiry and unusual critical and creative aporias from Christian asceticism medieval cycle drama and Shakespeare to manga Bollywood and Second Life The projects collected here point to a spectrum of aesthetic affective assemblages related to racial ethnic gender sexual and class dimensions that exceed or trouble our contemporary perceptions of such registers within object subject and subject object entanglements
