Delicious Eating Rosanne C. Martino,2017-04-12 The idea of writing a book came to me after an evening of preparing a meal
for some friends I enjoy cooking for others It is relaxing and creative and I find that most of the time everyone always wants
Italian food Halfway through dinner I was already getting requests for another sumptuous event A thought came to me to try
to recreate the meal and write down the recipe We do not usually cook with recipes in my family so that was a novel idea
After that when cooking if a dish was exceptionally tasty and looked pretty I would try to recreate it It was at that time that I
finally realized I had a lot to say about food I paid such special attention in preparing delicious as well as nutritious foods in
not only Italian dishes but also my individual taste that I had to share them Between learning at a young age about how food
was grown harvested and prepared combined with my degree in holistic nutrition I realized the amount of information in my
head was overpowering So I decided to write The Farmers Daughters Guide to Nutritious and Delicious Eating I hope you
enjoy my tribute to my family and my very fortunate life including the Martino family photos Consider this my contribution to
