Understanding Islam A Guide For The Judaeo Christian Reader:

Understanding Islam Jerald Dirks, 2003 In *Understanding Islam* Dr Dirks offers a timely and factually correct alternative to understanding Islam It is written for the Western and primarily Christian reader The primary focus of the Book is on what is termed Sunni Islam i e the Islam practiced by approximately 85 90% of the self professed Muslims in the world The Book is unique in several respects It treats Islam from its own point of view It is written by a natural born American for the Western reader and thus may avoid some of the cultural overlay that accompanies some books on Islam written by other Muslim authors The author is an American who has practiced Islam both while living in America and in the Middle East thus offering a broader perspective than would have otherwise been possible As a convert from Christianity to Islam and as a former ordained minister within Christianity the author does a very good job of expounding the commonalities and contrasts of Islam with Judaism and Christianity while still avoiding the temptation to distort Islam by interpreting it from within a Judaeo Christian perspective The reader is introduced to Islam almost exclusively through the two primary sources of Islam i e the Qur'an and the Sunnah which are the only completely authoritative sources on Islam **American Journal of Islamic Social Sciences 22:4** Johannes Grundmann, Md. Mahmudul Hasan, 2005-10-10 The American Journal of Islamic Social Sciences AJISS is an interdisciplinary journal that publishes a wide variety of scholarly research on all facets of Islam and the Muslim world anthropology economics history philosophy and metaphysics politics psychology religious law and traditional Islam Submissions are subject to a blind peer review process *The Bible and the Qur'an at the Edge of Renaissance* Linda iLham Barto, 2009 Appreciative exploration of the Jewish Bible the New testament and the Qur'an and how their consonant attributes can be utilized for a global renaissance of peace and prosperity t p verso **Knights of the Cross** Jeffrey Strickland, 2014-07-25 The story of the Templars is one of the most desolate and obscure in the history of the medieval West created as a military religious order to defend the Holy Land After becoming one of the most powerful and influential institutions of all Christianity the Temple was put under procedure at the beginning of the 14th Century and then suspended in 1312 because of the serious charges weighed against its members The last Grand Master Jacques de Molay chose to die as a testimony of his innocence contrasting the guilt of brothers who had been imputed to them heresy adherence to an anti Christian beliefs corruption of morals and idolatry The Templars have been linked with the shroud of Turin the Holy Grail and the Ark of the Covenant None of these can be substantiated What can be substantiated is that though arrested tortured and burned at the stake Pope Clement V absolved them from heresy in 1308 as discovered in a secret Vatican parchment in 2001 and released to the public in 2007 *The Soul of Addiction* Ibraheem Raheem, 2012-03-12 This book is a cutting edge resource for clergy working in clinical settings helping people deal with substance abuse and other behavior health challenges It takes a critical look at the role spirituality plays in recovery from addictions a rising epidemic in our society It also provides a methodical approach to providing spiritual care in non traditional settings when helping this target audience
