Venezuelan Insurgency, 1960-1968: H. Micheal Tarver, 2001-10-12 Venezuelan Insurgency 1960 1968 A Successful Failure examines and analyzes the Venezuelan Extreme Left and its activities from the first serious uprising against the government of Venezuelan President Rmulo Betancourt in April 1960 through the Venezuelan national elections of December 1968 As background an examination of Venezuelan politics begins with the 1899 introduction to power by President Cipriano Castro in order to provide a framework to the development of the political environment from which the prominent insurgency and government leaders emerged In addition a summary examination of contemporary global insurgency and terrorism introduces the specific examination of the Venezuelan Extreme Left and the reasons why it viewed guerrilla warfare and urban terrorism as the paths necessary to achieve its goals The work also undertakes an assessment of the Venezuelan peasantry in order to shed light on the reasons that in general they remained loyal to the Venezuelan government rather than support the Left Finally the present work presents some conclusions concerning the political impact of the insurgency movement on the Venezuelan democratic process
