Vermeer's Family Secrets Benjamin Binstock, 2013-03-07 Johannes Vermeer one of the greatest Dutch painters and for some the single greatest painter of all produced a remarkably small corpus of work In *Vermeer's Family Secrets* Benjamin Binstock revolutionizes how we think about Vermeer's work and life Vermeer *The Sphinx of Delft* is famously a mystery in art despite the common claim that little is known of his biography there is actually an abundance of fascinating information about Vermeer's life that Binstock brings to bear on Vermeer's art for the first time he also offers new interpretations of several key documents pertaining to Vermeer that have been misunderstood Lavishly illustrated with more than 180 black and white images and more than sixty color plates the book also includes a remarkable color two page spread that presents the entirety of Vermeer's oeuvre arranged in chronological order in 1/20 scale demonstrating his gradual formal and conceptual development No book on Vermeer has ever done this kind of visual comparison of his complete output Like Poe's purloined letter Vermeer's secrets are sometimes out in the open where everyone can see them Benjamin Binstock shows us where to look Piecing together evidence the tools of art history and his own intuitive skills he gives us for the first time a history of Vermeer's work in light of Vermeer's life On almost every page of *Vermeer's Family Secrets* there is a perception

or an adjustment that rethinks what we know about Vermeer his oeuvre Dutch painting and Western Art Perhaps the most arresting revelation of Vermeer s Family Secrets is the final one in response to inconsistencies in technique materials and artistic level Binstock posits that several of the paintings accepted as canonical works by Vermeer are in fact not by Vermeer at all but by his eldest daughter Maria How he argues this is one of the book s many pleasures *Great Art Explained* James Payne,2025-10-02 James Paynes YouTube Channel Great Art Explained gained a huge and appreciative worldwide audience This beautifully put together book is simply the best introduction to the lifelong pleasure and rewards of looking at pictures since Gombrich An instant classic Stephen Fry Art appreciation made accessible relevant and entertaining writer curator and YouTuber James Payne demystifies great works of art Based on the popular and enormously successful YouTube channel of the same name Great Art Explained unveils the fascinating stories behind some of the worlds most iconic paintings and sculptures proving that theres more to art than just watching paint dry It can be thrilling if you give it a chance It is how you view the work place it in context and understand its history that makes an artwork truly come alive A fresh approach to a classic subject James Paynes no nonsense analysis sheds new light on thirty different masterpieces from around the globe and reveals what makes them truly timeless works of art Each chapter delves into not only the art itself but also the artists life as well as the works place in their wider oeuvre in other words what makes it great From Hilma af Klints occult altarpieces to Claude Monets Water Lilies Botticellis The Birth of Venus to Georgia OKeeffes Jimson Weed each artwork is explored with clarity and passion Whether a seasoned art enthusiast or a curious newcomer this book promises to deepen your appreciation and enrich your understanding of some of the worlds greatest treasures [The British National Bibliography](#) Arthur James Wells,2006 *Art in America* Frank Jewett Mather,Frederic Fairchild Sherman,2002 *Playing amongst the ruins* Royal College of Art (Great Britain),2001 Acconci Vito Bock John Durant Sam Gelatin Halley Peter Henning Anton Lambri Luisa Morris Sarah M ller Matthias Rosler Martha et al *Delphi Complete Works of Johannes Vermeer (Illustrated)* Johannes Vermeer,2014-07-09 This is the second volume of a new series of publications by Delphi Classics the best selling publisher of classical works A first of its kind in digital print the Masters of Art series allows digital readers to explore the works of the world s greatest artists in comprehensive detail This volume presents the intimate beauty of the art of the Dutch master Johannes Vermeer Although relatively unknown for two centuries Vermeer s works are now prized among the most valuable in the world And now you can own all of them in stunning colour on your eReader Features the complete paintings of Johannes Vermeer includes previously lost works with annotations concise introductions to the paintings giving valuable contextual information learn the secrets of the ALLEGORY OF HISTORY THE MILK MAID and the interesting histories of stolen works beautiful detail images allowing you to explore Vermeer s masterpieces as though in the gallery images of other works and media texts relating to Vermeer s works a brief biography of the artist hundreds of images in stunning colour highly recommended for tablets iPhone iPad users or as a valuable reference tool on traditional eReaders

 round showman Salvador Dal 1904 1989 was one of the 20th century s greatest exhibitionists and eccentrics One of the first
 artists to apply the insights of Freudian psychoanalysis to art he is celebrated in particular for his surrealist practice with
 such conceits as the soft watches or the lobster telephone now hallmarks of the surrealist enterprise and of modernism in
 general Dal frequently described his paintings as hand painted dream photographs Their tantalizing tension and interest
 resides in the precise rendering of bizarre elements and incongruous arrangements As Dal himself explained he painted with
 the most imperialist fury of precision but only to systematize confusion and thus to help discredit completely the world of
 reality Revolutionizing the role of the artist the mustache twirling Dal also had the intuition to parade a controversial persona
 in the public arena and through printmaking fashion advertising writing and film to create work that could be consumed and
 not just contemplated on a gallery wall This book explores both the painting and the personality of Dal introducing his
 technical skill as well as his provocative compositions and challenging themes of death decay and eroticism Amazon *The*
