Winnebago Nation The Rv In American Culture:

Winnebago Nation James B. Twitchell, 2014-04-08 In Winnebago Nation popular critic James B Twitchell takes a light hearted look at the culture and industry behind the yearning to spend the night in one s car For the young the roadtrip is a coming of age ceremony for those later in life it is the realization of a lifelong desire to be spontaneous nomadic and free Informed by his own experiences on the road Twitchell recounts the RV s origins and evolution over the twentieth century its rise fall and rebirth as a cultural icon its growing mechanical complexity as it evolved from an estate wagon to a converted bus to a mobile home and its role in bolstering and challenging conceptions of American identity Mechanical yet dreamy independent yet needful solitary yet clubby adventurous yet homebound life in a mobile home is a distillation of the American character and an important embodiment of American exceptionalism Richie Rich and Hobo Hank spend time in essentially the same rig at the same campground albeit for different reasons and in different levels of comfort The frontier may be tapped out but we still yearn for the exploratory life Twitchell concludes with his thoughts on the future of RV communities and the possibility of mobile cities becoming a real part of the American landscape *Under the Stars* Dan

Wright, 2019-04-30 A witty history of the state that s always in the news for everything from alligator attacks to zany crimes There s an old clip of Bugs Bunny sawing the entire state of Florida off the continent and every single time a news story springs up about some shenanigans in Florida someone on the internet posts it in response Why are we so ready to wave goodbye to the Sunshine State In *A Florida State of Mind* An Unnatural History of Our Weirdest State James D Wright makes the case that there are plenty of reasons to be scandalized by the land and its sometimes kooky sometimes terrifying denizens but there s also plenty of room for hilarity Florida didn t just become weird it s built that way Uncharted swampland doesn t easily give way to sprawling suburbia It took violent colonization land scams to trick non Floridians into buying undeveloped property and the development of railroads to benefit one man s hotel empire Even the most natural parts of Florida are unnatural Florida citrus Not from here but from China Gators Oh they re from Florida all right but that doesn t

make having 1 per every 20 humans normal Animals in the form of roadkill Only Florida allows you to keep anything you kill on the road and anything you find Yet everyone loves Florida tourists come in droves and people relocate to Florida constantly only 36% of residents were born there Crammed with unforgettable stories and facts Florida will show readers exactly why
