*Forthcoming Books* Rose Arny, 1997 *Successful Garden Plans*, 1996 Guide to garden planning with 17 different gardens each with two alternate designs Includes complete plant lists for each garden with instructions on when where and how to put in and care for each plant

*The Jewish Year Book*, 1927

**Monsters to Destroy** Ira Chernus, 2015-12-03 This book takes an incisive look at the stories we are told and tell ourselves about evil forces and American responses Chernus pushes beyond political rhetoric and media cliches to examine psychological mechanisms that freeze our concepts of the world Norman Solomon author *War Made Easy* How Presidents and Pundits Keep Spinning Us to Death In his new book *Monsters to Destroy* The Neoconservative War on Terror and Sin Ira Chernus tackles the question of why U S foreign policy aimed at building national security has the paradoxical effect of making the country less safe and secure His answer The war on terror is based not on realistic appraisals of the causes of conflict but rather on stories that neoconservative policymakers tell about human nature and a world divided between absolute good and absolute evil The root of the stories is these policymakers terror of the social and cultural changes that swept through U S society in the 1960s George W Bush and the neoconservatives cast the agents of change not simply as political opponents but as enemies or sinners acting with evil intent to destroy U S values and morals that is as monsters rather than human beings The war on terror transfers that plot from a domestic to a foreign stage making it more appealing even to those who reject the neoconservative agenda at home Because it does not deal with the real causes of global conflict it harms rather than helps the goal of greater national security

**The Spanish Craze** Richard L. Kagan, 2019-03 The Spanish Craze is the compelling story of the centuries long U S fascination with the history literature art culture and architecture of Spain Richard L Kagan offers a stunningly revisionist understanding of the origins of hispanidad in America tracing its origins from the early republic to the New Deal As Spanish power and influence waned in the Atlantic World by the eighteenth century her rivals created the Black Legend which promoted an image of Spain as a dead and lost civilization rife with innate cruelty and cultural and religious backwardness The Black Legend and its ambivalences influenced Americans throughout the nineteenth century reaching a high pitch in the Spanish American War of 1898 However the Black Legend retreated soon thereafter and Spanish culture and heritage became attractive to Americans for its perceived authenticity and antimodernism Although the Spanish craze infected regions where the Spanish New World presence was most felt California the American Southwest Texas and Florida there were also early quite serious flare ups of the craze in Chicago New York and New England Kagan revisits early interest in Hispanism among elites such as the Boston book dealer Obadiah Rich a specialist in the early history of the Americas and the writers Washington Irving and Henry Wadsworth Longfellow He also considers later enthusiasts such as Angeleno Charles Lummis and the many writers artists and architects of the modern Spanish Colonial Revival in the United States in the late nineteenth

and early twentieth centuries Spain's political and cultural elites understood that the promotion of Spanish culture in the United States and the Western Hemisphere in general would help overcome imperial defeats while uniting Spaniards and those of Spanish descent into a singular raza whose shared characteristics and interests transcended national boundaries. With elegant prose and verve *The Spanish Craze* spans centuries and provides a captivating glimpse into distinct facets of Hispanism in monuments, buildings, and private homes; the visual performing and cinematic arts; and the literature, travel journals, and letters of its enthusiasts in the United States.

**New York Magazine**, 1977-04-18 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.

*The Book of Esther* Emily Barton, 2017-08-22 What if an empire of Jewish warriors that really existed in the Middle Ages had never fallen and was the only thing standing between Hitler and his conquest of Russia? Eastern Europe, August 1942. The Khazar kaganate, an isolated nation of Turkic warrior Jews, lies between the Pontus Euxinus, the Black Sea, and the Khazar Sea, the Caspian. It also happens to lie between a belligerent nation to the west that the Khazars call Germania and a city the rest of the world calls Stalingrad. After years of Jewish refugees streaming across the border from Europa, fleeing the war, Germania launches its siege of Khazaria. Only Esther, the daughter of the nation's chief policy adviser, sees the ominous implications of Germania's disregard for Jewish lives. Only she realizes that this isn't just another war but an existential threat. After witnessing the enemy warplanes first foray into sovereign Khazar territory, Esther knows she must fight for her country. But as the elder daughter in a traditional home, her urgent question is how. Before daybreak, one fateful morning, she embarks on a perilous journey across the open steppe. She seeks a fabled village of Kabbalists who may hold the key to her destiny: their rumored ability to change her into a man so that she may convince her entire nation to join in the fight for its very existence against an enemy like none Khazaria has ever faced before. *The Book of Esther* is a profound saga of war, technology, mysticism, power, and faith. This novel simultaneously is a steampunk Joan of Arc and a genre-bending tale of a counterfactual Jewish state by a writer who invents worlds out of Calvino or Borges. *The New Yorker* is a stunning achievement. Reminiscent of Michael Chabon's *The Yiddish Policemen's Union* and Philip Roth's *The Plot Against America*, *The Book of Esther* reaffirms Barton's place as one of her generation's most gifted storytellers.

**New York Magazine**, 1977-05-02 New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself while celebrating New York as both a place and an idea.
