New Series** Library of Congress. Copyright Office, 1930 **Thomas Hardy, Poet** Adrian Grafe, Laurence Estanove, 2015-09-25 The poems of Thomas Hardy 1840 1928 are key to understanding 19th 20th and even 21st century poetry This collection of fresh essays sheds new light on Hardy s poems some of which have received little critical attention from a variety of thematic and analytical approaches offering a detailed picture of how his works are

currently being read The contributors discuss why Hardy's poetic genius is less and less overshadowed by his career as a novelist and highlight his passionate attention to small details his delight in noticing things and his eye for mysteries

Selected Poems Thomas Hardy, 2015-10-21 Treasury of 70 poems remarkable for their lyricism subtlety and deep emotion includes The Darkling Thrush Hap The Ruined Maid The Convergence of the Twain I Look Into My Glass and others

War Department Education Manual United States Armed Forces Institute, 1942 The Expression of Things John Hughes, 2020-07-31 John Hughes explores Hardy's claim that his art sought to intensify the expression of things through three main sections on music the body and voice These offer intersecting and mutually informing discussions of the central drama of inexpression and expressivity in Hardy's work as it affects the various personae of the text including the reader Throughout the book draws on themes in the work of Gilles Deleuze and Stanley Cavell to reveal how Hardy's fiction and poetry express and represent the affective and physical conditions of mind and their conflicts with social fictions of identity The first main section on music incorporates three chapters that examine how Hardy's writing stages musical experience as an expression of human desire and individuality at odds with the constraints of rationality Victorian fiction form and social convention Intricate and extensive readings are linked also to larger contextual and theoretical issues in order to show how music as a theme and motif highlights the kinds of creativity and ethical cruxes that characterise Hardy's work throughout his career The second section on embodiment and sensation shows how close attention to Hardy's writing on the topics of facial and bodily expression and affectivity reveal much about the sources of his inspiration and its philosophical conditions and implications The third section on voice offers three chapters each of which centrally employs a close metrical reading of an important Hardy poem within its larger biographical and inter textual contexts These readings demonstrate how fundamental were Hardy's innovations in meter to the power and originality of his work and to its expressive treatment of his abiding preoccupations with love grief childhood and the loss of faith **Current Literature** , 1928
