and love *Walking Together on the Way: Learning to Be the Church - Local, Regional, Universal* ,2018-12-06 Walking Together on the Way is the first agreed statement of the third phase of the Anglican Roman Catholic International Commission and the first ARCIC agreed statement since 2005 The language of walking together is used by both Archbishop Justin Welby and Pope Francis to describe our ecclesial life and the ecumenical journey Both have also in different ways endorsed the approach of receptive ecumenism that we have much to learn and much to receive from each other In Walking Together on the Way the Commission asks what Anglicans and Catholics can learn from one another to make us better able to walk together in the way of communion Both our communions have an understanding that all the baptized share in the threefold office of Christ as prophet priest and king The document considers how this common understanding is lived out in our processes of governance and discernment at the local regional and global levels The Commission not only examines our respective ecclesial processes of discernment but also seeks to identify the tensions and difficulties we experience it asks where Anglicans and Catholics can look to one another for wisdom In this way the Commission proposes we can grow together through a journey of mutual enrichment As the text affirms We are pilgrims together walking on the way of penitence and renewal towards full communion *Re-Imagining Short-Term Missions* Forrest Inslee,Angel Burns,2022-03-10 This book is for those who suspect that current practices of short term missions are in need of serious reform It is a book for those who recognize that in this decade of global upheaval and in light of the cultural political and demographic shifts affecting churches everywhere now is the time for change The essays here are intended to equip and inspire any who want to advocate for change but may not yet know what change looks like This book offers honest perspectives from people who care about the purposes of short term missions STM yet know that we must figure out better ways of achieving them Nearly all contributors are actively engaged in STM and many write from the perspective of those who host STM teams in places all over the world This book is a platform for visionaries who are calling for better ways for the church to engage the needs of the world In sharing their experiences they hope to promote critical rethinking and creative reimagination about the ways that the global church might learn to collaborate on a new basis of coequality and mutual respect for the good of the world and the glory of God *At Home and Abroad* ,1910 **The Wesleyan Missionary Notices, Relating Principally to the Foreign Missions First Established by the Rev.
