With The Beatles The Historic Photographs Of Dezo Hoffmann:

With the Beatles Dezo Hoffmann, 1982 A timeless record of the Fab Four at the height of Beatlemania as captured by the lens of master photographer Dezo Hoffman [The Beatles in Canada: The Origins of Beatlemania!](#) Piers Hemmingsen, 2016-04-11 By the spring of 1964 Toronto had the largest and most organized Beatles fan base in North America **The Beatles in Canada The Origins of Beatlemania** finally tells the true story of how The Beatles music and popularity began in Canada a full year before they landed in the U S A Piers Hemmingsen provides a concise look at how radio stations newspapers and television networks in Canada covered the phenomenon that was Beatlemania and this digital edition is packed with full colour images of the band their travels those they inspired and an immense hoard of memorabilia gathered along the way After all these years I still cannot comprehend where Piers gets his energy supply from He has written four previous books about The Beatles and discovered an appreciative readership for all of them However to me this book the one you are holding is his breakthrough Where it could have been an easy exercise with new information about the Fab Four Piers has taken one large step forward He is also able to incorporate the beginnings of the Canadian music industry Through mainly focusing on one record company he has been able to capture the excitement of a young industry finding its way competing with the giants in the United States Paul White Capitol Records of Canada 1957 1978 **The Beatles as**

Musicians : Revolver through the Anthology Walter Everett Associate Professor of Music in Music Theory University of Michigan, 1999-03-31 Given the phenomenal fame and commercial success that the Beatles knew for the entire course of their familiar career their music per se has received surprisingly little detailed attention Not all of their cultural influence can be traced to long hair and flashy clothing the Beatles had numerous fresh ideas about melody harmony counterpoint rhythm form colors and textures Or consider how much new ground was broken by their lyrics alone both the themes and imagery of the Beatles poetry are key parts of what made and still makes this group so important so popular and so imitated This book is a comprehensive chronological study of every aspect of the Fab Four s musical life including full examinations of composition performance practice recording and historical context during their transcendent late period 1966 1970 Rich authoritative interpretations are interwoven through a documentary study of many thousands of audio print and other sources **The Drum Book** Geoff Nicholls, 2008-12-01 The Drum Book tells the story of the rock drum kit from the moment Ringo Starr began to thrash his Ludwigs to the diverse styles of today s players This expanded and updated edition celebrates in loving detail the music and the drummers that inspired change and invention and in doing so changed the sound of music forever

Who Shot Rock and Roll Gail Buckland, 2009-10-20 More than two hundred spectacular photographs sensual luminous frenzied true from 1955 to the present that catch and define the energy intoxication rebellion and magic of rock and roll the first book to explore the photographs and the photographers who captured rock s message of freedom and personal reinvention and to examine the effect of their pictures on the musicians the fans and the culture itself The only music

photographers whose names are well known are those who themselves have become celebrities But many of the images that have shaped our consciousness and desire were made by photographers whose names are unfamiliar Here are Elvis in 1956 not yet mythic but beautiful tender vulnerable sexy photographed by Alfred Wertheimer Bob Dylan and his girlfriend on a snowy Greenwich Village street by Don Hunstein John Lennon in a sleeveless New York City T shirt by Bob Gruen Jimi Hendrix by Gered Mankowitz a photograph that became a poster and was hung on the walls of millions of bedrooms and college dorms For the first time the work of these talented men and women is brought into the pantheon we see the musicians they photographed and how the images gave rock and roll its visual identity To bring together these images Gail Buckland acclaimed photographic editor curator and scholar looked through the archives of one hundred photographers selecting pictures not on the basis of the usual suspects but on the power of the images themselves often picking an image a photographer didn't even remember he or she had taken Buckland writes about the photographers their influences their relationships with their subjects how they took the images how they saw what they saw and captured what they captured the spirit and essence of rock A revelation of an art form whose iconic images changed the world as we knew it **Way Beyond**

Compare John C. Winn, 2008-12-09 An answered prayer for Beatles fans and collectors the first volume of a unique work that exhaustively chronicles all known and available Beatles recordings Have you ever watched a Beatles film clip and wondered Where was that filmed Is any more of that footage available Have you ever heard a Beatles interview and asked When was that taped Where's the best place to find the complete recording Way Beyond Compare has the answers to these and thousands of similar questions It's the key to unlocking the secrets behind every known Beatles recording in circulation through 1965 telling you where to find them what makes them unique and how they fit within the context of the Beatles amazing musical and cultural journey Author John C Winn has spent twenty years twice as long as the Beatles were together sifting through scrutinizing organizing and analyzing hundreds of hours of audio and video recordings and putting them into a digestible chronological framework for Way Beyond Compare and its companion volume That Magic Feeling The Beatles Recorded Legacy Volume Two 1966 1970 It takes a rare and special kind of mind to sift through it all to research and enquire catalogue and chronicle assess and contrast identify and label and to fit all the myriad pieces into the vast jigsaw puzzle that is the Beatles career John C Winn is that person and he's done it with a rare skill and intelligence Mark Lewisohn *The Drum Book* Geoff Nicholls, 2008-12-01 The Drum Book tells the story of the rock drum kit from the moment Ringo Starr began to thrash his Ludwigs to the diverse styles of today's players This expanded and updated edition celebrates in loving detail the music and the drummers that inspired change and invention and in doing so changed the sound of music forever

Looking Through You: The Beatles Book Monthly Photo Archive Tom Adams, 2015-08-10 In 1963 it was unusual for a pop group to have a monthly magazine devoted exclusively to their career Only Elvis Presley had been considered important enough to warrant such an honour But then the Beatles were unusual Within the space of that pivotal year the Fab

Four became the biggest thing in British popular culture and their worldwide fame was soon inescapable. One of the first to astutely recognise their greatness was Sean O'Mahony and the monthly magazine he launched with the full blessing of The Beatles and their manager Brian Epstein. *The Beatles Book Looking Through You* presents a selection of over 300 images from the precious Beatles Book photo archive, many unpublished or unseen in their original form from the original negatives as well as the story behind the success of the regular Beatle bulletin. With each new issue, Beatle fans worldwide would voraciously devour the contents from cover to cover, discovering the Fab Four's latest news and activities and most of all savouring the exclusive B+W photographs captured by in-house photographer Leslie Bryce. During the magazine's six-year run, only a small fraction of these photographs were printed and then often altered in some way. *The Beatles Book Monthly* captured the Beatles' development from British provincial theatres through foreign tours, including their ground-breaking first American visit and onwards to the band's withdrawal into the recording studio. It was unique in its access as well as concert tours and television shows; the band were photographed off-duty at their homes and in the studio locales that were generally out of bounds to most Beatle observers. This unique and original photographic record preserves many important moments within the Beatles' career, providing a historically important glimpse into the world's greatest ever entertainment phenomenon.

The Beatles with Lacan Henry W. Sullivan, 1995. The Beatles were the most significant cultural phenomenon of their time, but what exactly did they signify? Using a psychoanalytic approach, *The Beatles with Lacan* attempts to answer this still relevant question. It argues that Beatlemania and the music of Lennon McCartney highlighted the end of the Modern Age as it had been expressed in the ideals of the Enlightenment. The albums from *Revolver* (1966) to *Abbey Road* (1969) are seen collectively as the first popular post-modern classic of western music and the Beatles themselves as cultural pioneers of enduring achievement.

The Beatles are Coming! Bruce Spizer, 2003. An account of the explosion of the Beatles' popularity in the U.S. includes 450 photos and images from period publications, album art, work, merchandising and publicity materials and documents from various legal tussles between record labels after the Beatles' worth became evident.
