Without Condoms Unprotected Sex Gay Men And Barebacking:

Without Condoms Michael Shernoff, 2013-01-22 After years of activism risk awareness and AIDS prevention increasing numbers of gay men are not using condoms and new infections of HIV are on the rise Using case studies and exhaustive survey research this timely groundbreaking book allows men who have unprotected sex a practice now known as barebacking to speak for themselves on their willingness to risk it all Without Condoms takes a balanced look at the profound needs that are met by this seemingly reckless behavior while at the same time exposing the role that both the Internet and club drugs like crystal methamphetamine play in facilitating high risk sexual encounters The result is a compassionate sophisticated and nuanced insight into what for many people is one of the most perplexing aspects of today's gay male culture and life style Michael Shernoff digs deep and forces us to see that the AIDS epidemic is not over We must now ask the hard questions and listen to the voices that answer The stakes are too high to ignore

Part-Time Perverts Lauren Rosewarne, 2011-04-19 This book offers an erudite yet highly accessible exploration of the presence of sexual perversion in popular culture and its manifestation in everyday life An interdisciplinary exploration of sexual perversion in everyday life Part Time Perverts Sex Pop Culture and Kink Management starts from the premise that for better or worse everyone is exposed to a continual barrage of representations of sexual perversion both subliminal and overt Our involvement Dr Lauren Rosewarne contends is universal but our management strategies cover a spectrum of behavioral possibilities from total repression to total immersion It is those strategies that she examines here Drawing on her own experience as well as on pop culture and a multidisciplinary mix of theory Rosewarne shifts the discussion of perversion away from the traditional psychological and psychiatric focus and instead explores it through a feminist lens as a social issue that affects everyone Her book examines representations of perversion from suppression to dabbling to full body immersion and proposes a classification for perversion management and charts the diverse strategies we use to manage and perhaps enjoy exposure

Desire After Dark Andrew J. Owens, 2021-03-02 Since the 1960s the occult in film and television has responded to and reflected society's crises surrounding gender and sexuality In Desire After Dark Andrew J Owens explores media where figures such as vampires and witches make use of their supernatural knowledge in order to queer what otherwise appears to be a normative world Beginning with the global sexual revolutions of the 60s and moving decade by decade through Euro sleaze cinema and theatrical hardcore pornography the HIV AIDS crisis the popularity of New Age religions and witchcraft and finally the increasingly explicit sexualization of American cable television Owens contends that occult media has risen to prominence during the past 60 years as a way of exposing and working through cultural crises about queerness Through the use of historiography and textual analyses of media from *Bewitched* to *The Hunger* Owens reveals that the various players in occult media have always been well aware that non normative sexuality constitutes the heart of horror's enduring appeal By investigating vampirism witchcraft and other manifestations of the supernatural in media Desire After Dark confirms how the

queer has been integral to the evolution of the horror genre and its persistent popularity as both a subcultural and mainstream media form

What Do Gay Men Want?

David Halperin, 2010-04-20 Compelling timely and provocative The writing is sleek and exhilarating It doesn't waste time telling us what it will do or what it has just done it just does it Don Kulick Professor of Anthropology New York University How we can talk about sex and risk in the age of barebacking or condomless sex without invoking the usual bogus and punitive clichés about gay men's alleged low self esteem lack of self control and other psychological deficits Are there queer alternatives to psychology for thinking about the inner life of homosexuality What Do Gay Men Want explores some of the possibilities Unlike most writers on the topic of gay men and risky sex David Halperin liberates gay male subjectivity from psychology demonstrating the insidious ways in which psychology's defining opposition between the normal and the pathological subjects homosexuality to medical reasoning and revives a whole set of unexamined moral assumptions about good sex and bad sex In particular Halperin champions neglected traditions of queer thought including both literary and popular discourses by drawing on the work of well known figures like Jean Genet and neglected ones like Marcel Jouhandeau He shows how the long history of of gay men's uses of abjection can offer an alternative nonmoralistic model for thinking about gay male subjectivity something which is urgently needed in the age of barebacking Anyone searching for nondisciplinary ways to slow the spread of HIV AIDS among gay men or interested in new modes of thinking about gay male subjectivity should read this book David M Halperin is W H Auden Collegiate Professor of the History and Theory of Sexuality Professor of English Professor of Women's Studies Professor of Comparative Literature and Adjunct Professor of Classical Studies at the University of Michigan
